DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Office of the Director, National Institutes of Health; Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of a meeting of the Recombinant DNA Advisory Committee.

The meeting will be open to the public, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

Name of Committee: Recombinant DNA Advisory Committee.

Date: June 20-21, 2002.

Time: 8 a.m. to 5 p.m.

Agenda: The Committee will discuss data management activities related to human gene transfer clinical trials, and review selected human gene transfer protocols.

Place: Double Tree Hotel, 1750 Rockville Pike, Rockville, MD 20852.

Contact Person: Stephen M. Rose, PhD, Executive Secretary, Office of Biotechnology Activities, National Institutes of Health, 6705 Rockledge Drive, Room 705, Bethesda, MD 20892. 301-496-9838. sr8j@nih.gov.

Information is also available on the Institute's/Center's home page: www4.od.nih.gov/oba/, where an agenda and any additional information for the meeting will be posted when available.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are effected.

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.
ACTION: Notice of Funding Availability.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Prevention (CSAP) announces the availability of FY 2002 funds for cooperative agreements for the following activity. This notice is not a complete description of the activity; potential applicants *must* obtain a copy of the Guidance for Applicants (GFA), including Part I, *Ecstasy, Other Club Drugs, Methamphetamine and Inhalant*

Prevention Infrastructure Development Cooperative Agreements (SP 02-002), and Part II, General Policies and

Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before

preparing and submitting an application.

Activity	Application deadline	Est. funds FY 2002	Est. number of Awards	Project period
Ecstasy, Other Club Drugs, Methamphetamine and Inhalant Prevention Infrastructure Development Cooperative Agreements.	July 10, 2002	\$4,000,000	12	1 year.

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of applications received. FY 2002 funds for the activity discussed in this announcement were appropriated by the Congress under Public Law No. 106-310. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

General Instructions

Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: National Clearinghouse for Alcohol and Drug Information (NCADI), P.O. Box 2345, Rockville, MD 20847-2345. Telephone: 1-800-729-6686.

The PHS 5161-1 application form and the full text of the activity are also available electronically via SAMHSA's World Wide Web home page: <http://www.samhsa.gov>.

When requesting an application kit, the applicant must specify the particular activity for which detailed information is desired. All information necessary to apply, including where to submit applications and application deadline instructions, are included in the application kit.

Purpose

Congress has authorized The Substance Abuse and Mental Health Services Administration's Center for Substance Abuse Prevention to announce the availability of Fiscal Year 2002 funds, for cooperative agreements for Ecstasy, other Club Drugs, Methamphetamine and Inhalant Prevention Infrastructure Development.

Applicants may address either one of the following topics:

- Ecstasy and other club drug prevention infrastructure development.

- Methamphetamine and/or inhalant prevention infrastructure development.

Eligibility

Units of State and local governments or Indian tribes and tribal organizations, and domestic private non-profit organizations may apply.

These organizations can include:

- Community-based organizations
- Non-profit managed care and other health care delivery systems
- Universities and colleges
- Faith-based organizations
- City/county government units
- Local law enforcement agencies
- Others

Availability of Funds

Approximately \$4 million will be available for 12 awards for up to \$350,000 each for one year in total costs (direct and indirect).

- Approximately 6 awards will be made for ecstasy and other club drug prevention infrastructure development.
- Approximately 6 awards will be made for methamphetamine and/or inhalant prevention infrastructure development.

Period of Support

Awards may be requested for up to 1 year.

Criteria for Review and Funding

General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications

Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

Catalog of Federal Domestic Assistance Number: 93.243.

Program Contact

For questions concerning program issues, contact: Soledad Sambrano, Ph.D., Or Pamela C. Roddy, Ph.D., Center for Substance Abuse Prevention, Substance Abuse and Mental Health, Services Administration, Rockwall II, Suite 1075, 5600 Fishers Lane, Rockville, MD 20857. (301) 443-9110. E-Mail: ssambran@samhsa.gov, proddy@samhsa.gov.

For questions regarding grants management issues, contact: Steve Hudak, Division of Grants Management, OPS/SAMHSA, Rockwall II, 6th floor, 5600 Fishers Lane, Rockville, MD 20857. (301) 443-9666. E-Mail: shudak@samhsa.gov.

Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2002 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372

Applications submitted in response to the FY 2002 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. Executive Order 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: May 3, 2002.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4491-N-07]

Final NEPA Environmental Impact Statement (EIS); 1105-1135 Warburton Avenue, City of Yonkers, NY; Affordable Housing Ordinance (AHO) Mandated by a 1988 Federal Long-Term Plan Order

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: The Department of Housing and Urban Development (HUD) gives this notice to the public that the City of Yonkers, New York, has completed and makes available to the public for comment the Final Environmental Impact Statement (FEIS) that analyzes the potential impacts of developing a 4.6 acre property, located on the west side of Warburton Avenue, north of O'Dell Avenue, in the City of Yonkers, New York.

The original project was proposed for 524 units and eleven stories. The FEIS now contains two preferred alternatives, which shall set the development parameters of the project between 418 units and 440 units, and between 7 and 10 stories. Both alternatives are required to provide affordable units mixed with market rate units in accordance with the City's Affordable Housing Ordinance (AHO). The applicant proposes to utilize the 80/20 Program tax exempt financing and federal tax credits. No direct HUD funding is currently involved.

This notice is in accordance with the regulations of the Council on Environmental Quality as described in 40 CFR parts 1500-1508. Federal agencies having jurisdiction by law, special expertise, or other special interest are requested to comment.

DATES: *Comment Due Date:* June 10, 2002.

FOR FURTHER INFORMATION CONTACT: All interested agencies, groups and persons are invited to submit comments on the FEIS directly to Lee Ellman, Planning Director, Department of Planning and Development, City of Yonkers, 87 Nepperhan Avenue, Suite 311, Yonkers, New York, 10701, (914) 377-6558. lee.ellman@cityofyonkers.com.

Copies of the FEIS for 1105-1135 Warburton Avenue are available at the Yonkers Public Library: Getty Square Branch, 7 Main Street, Yonkers, NY 10701; Grinton I. Will Branch, 1500 Central Park, Yonkers, NY 10710; Crestwood Branch, 16 Thompson Street,

Yonkers, NY 10702; or from the City of Yonkers Planning Bureau, 87 Nepperhan Avenue, Suite 311, Yonkers, New York, 10701.

SUPPLEMENTARY INFORMATION: The Affordable Housing Ordinance (AHO) is mandated by a 1988 Federal Long-Term Plan Order. A subsequent federal court decision requires environmental review of all affordable housing projects under the National Environmental Policy Act (NEPA). This project is an affordable housing development falling under the AHO. The City of Yonkers determined that the housing project constitutes an action significantly affecting the quality of the human environment and therefore required the preparation of an EIS in accordance with NEPA. The residential building proposed sets aside a number of units to satisfy the affordable housing requirement.

A scoping session to determine the issues of the Draft EIS (DEIS) was opened on March 23, 2000 and a final scoping document was accepted on June 29, 2000. The City accepted the DEIS as complete on November 15, 2000, and set a date for a public hearing. The DEIS was the subject of public comments, both oral and written, provided by agencies, interested groups, and individuals, at the public hearing on December 13, 2000, and during the DEIS public comment period which extended through March 3, 2001. In response to public comments on the DEIS, the Yonkers Planning Board, at its February 13, 2002 meeting, chose by resolution to identify two alternatives to carry forward in the FEIS. The public comments and preferred alternatives have been incorporated into the text of the Final EIS, which was completed in March 2002.

The public hearing for the Draft EIS was for the original 524-unit, 11-story building that had 10 percent of the units affordable. Correspondence from 53 involved or interested agencies and interested persons or groups were received on the project. Thirty-four responses were received by the Army Corps of Engineers relating to wetlands. The Army Corps of Engineers conducted its public hearing concurrently with the NEPA/SEQR public hearing process.

Discussion of Mitigation Measures

Public comments that were received on the DEIS primarily focused on issues relating to land use density, height and bulk impacts on scenic view sheds, wetlands protection, parking, and traffic on local streets.

A 1.45-acre portion of the property is wetland. One full acre of the wetland will remain on site and the City has indicated its preference to have the
