### Synopsis

The Commission's rules for the provision of TRS, pursuant to Title IV of the Americans with Disabilities Act, 47 U.S.C. 225, are codified at 47 CFR 64.601-605. Pursuant to 47 CFR 64.605(b), a state desiring certification of its TRS program must establish that:

- (1) The state program meets or exceeds all operational, technical, and functional minimum standards contained in 47 CFR 64.604;
- (2) The state program makes available adequate procedures and remedies for enforcing the state program; and
- (3) Where a state program exceeds the mandatory minimum standards contained in Section 64.604, the state establishes that its program in no way conflicts with federal law.

Pursuant to 47 CFR 64.605(a), documentation must be submitted through the state's office of the governor or other delegated executive office empowered to provide TRS. All documentation in support of the application must be submitted in narrative form, and must clearly describe the state program for implementing intrastate TRS, and the procedures and remedies for enforcing any requirements imposed by the state program. To the maximum extent possible, states should provide historical, statistical, and illustrative evidence demonstrating compliance with the Commission's TRS rules.

Upon receipt, the Commission will give public notice of state TRS certification applications and provide notification in the **Federal Register**, pursuant to 47 CFR 64.605(a). Interested parties will be invited to comment on each application within a period of time set by the Commission. In the event that a state's application is opposed or incomplete, the Commission may

contact the responsible state officer to seek further documentation. If it appears that a state program will not meet certification requirements, the Commission will send notice to the responsible state officer prior to July 26, 2003, giving the state an opportunity to demonstrate that it has taken, or will take measures to bring its program into compliance with the Commission rules by July 26, 2003.

The Commission will act to approve the applications for certification of states that demonstrate compliance with all applicable requirements of the Commission's rules on or before July 26, 2003. Approved certifications will be in effect for five (5) years until July 26, 2008 pursuant to 47 CFR 64.605(c). In the event a state does not apply for certification, the Commission will contact common carriers providing voice transmission service in that state to ensure that TRS service meeting the Commission minimum operational, functional and technical standards is available within their service areas. See 47 U.S.C. 225(c).
