AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of an antidumping investigation.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation No. 731-TA-943 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from China of circular welded non-alloy steel pipe, provided for in subheadings 7306.30.10 and 7306.30.50 of the Harmonized Tariff Schedule of the United States.¹

¹ For purposes of this investigation, the Department of Commerce has defined the subject merchandise as "certain welded carbon quality steel pipes and tubes, of circular cross section, with an outside diameter of 0.372 inch (9.45 mm) or more, but not more than 16 inches (406.4 mm),

For further information concerning the conduct of this phase of the investigation, hearing procedures, and rules of general application, consult the Commission's rules of practice and procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

EFFECTIVE DATE: December 31, 2001.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Background.—The final phase of this investigation is being scheduled as a result of an affirmative preliminary determination by the Department of Commerce that imports of certain circular welded carbon quality steel pipe from China are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigation was requested in a petition filed on May 24, 2001, by Allied Tube & Conduit Corp., Harvey, IL; IPSCO Tubulars, Inc., Camanche, IA; LTV Copperweld, Youngstown, OH; Northwest Pipe Co., Portland, OR; Western Tube & Conduit Corp., Long Beach, CA; Century Tube Corp., Pine Bluff, AR; Laclede Steel Co., St. Louis, MO; Maverick Tube Corp., Chesterfield, MO; Sharon Tube Co., Sharon, PA; Wheatland Tube Co.,

regardless of wall thickness, surface finish (black, galvanized, or painted), end finish (plain end, beveled end, grooved, threaded, or threaded and coupled), or industry specification (ASTM, proprietary, or other), generally known as standard pipe and structural pipe." The scope also includes dual-certified A-53/API or single certified pipe that enters the United States if it is used in, or intended for use in, standard pipe or structural pipe applications. The scope does not include boiler tubes, pressure tubing, mechanical tubing, finished conduit, oil country tubular goods, and line pipe. The subject product, along with other types of pipe, is provided for in subheadings 7306.30.10 and 7306.30.50 of the Harmonized Tariff Schedule of the United States. For a more detailed description of the merchandise subject to this investigation, see Commerce's notice of preliminary determination (66 FR 67500, December 31, 2001).

Wheatland, PA; and the United Steelworkers of America, AFL-CIO.

Participation in the investigation and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of this investigation as parties must file an entry of appearance with the Secretary to the Commission, as provided in §201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigation need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to §207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of this investigation available to authorized applicants under the APO issued in the investigation, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. § 1677(9), who are parties to the investigation. A party granted access to BPI in the preliminary phase of the investigation need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of this investigation will be placed in the nonpublic record on May 6, 2002, and a public version will be issued thereafter, pursuant to §207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of this investigation beginning at 9:30 a.m. on May 17, 2002 at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before May 9, 2002. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference
