

paragraph 34(g) of Commandant Instruction M16475.1D.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationships between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or use. We have determined that it is not a "significant energy action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Compensated Work Therapy/ Transitional Residences Program

AGENCY: Department of Veterans Affairs.
ACTION: Final rule.

SUMMARY: This document amends VA's medical regulations to establish provisions regarding housing under the Compensated Work Therapy/ Transitional Residences program. These provisions are designed to ensure proper management, ensure reasonable payment rates for residents, and ensure that residents stay only for the time necessary to meet the intended goals.

DATES: Effective Date: January 31, 2002.

FOR FURTHER INFORMATION CONTACT: Jamie Ploppert, Program Specialist, Office of Psychosocial Rehabilitation Services (116D), Veterans Health Administration, 757–722–9961, ext. 1123 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: On March 6, 2001, VA published in the **Federal Register** a proposal to amend VA's Medical regulations to establish provisions regarding housing under the Compensated Work Therapy/ Transitional Residences program (66 FR 13461–63). No comments were received. Based on the rationale set forth in the proposed rule, we are adopting the provisions of the proposed rule as a final rule, with one change regarding the requirements for a house manager.

Under the proposed rule, a house manager was required to be a without-compensation employee of VA. However, upon further reflection, VA has determined that it is not necessary that each house manager be appointed as a without-compensation employee. Accordingly, this provision is removed.

OMB Review

This document has been reviewed by the Office of Management and Budget under Executive Order 12866.

This document affects individuals and does not affect small entities. Therefore, pursuant to 5 U.S.C. 605(b), this final rule is exempt from the initial and final regulatory flexibility analysis requirement of sections 603 and 604.

For the reasons set forth in the preamble, 38 CFR part 17 is amended to read as follows:

PART 17—MEDICAL

1. The authority citation for part 17 continues to read as follows:

Authority: 38 U.S.C. 501, 1721, unless otherwise noted.

2. Redesignate § 17.49 as new § 17.48.

3. Add a new § 17.49 to read as follows:

§ 17.49 Compensated Work Therapy/Transitional Residences program.

(a) This section sets forth requirements for persons residing in housing under the Compensated Work Therapy/Transitional Residences program.

(b) House managers shall be responsible for coordinating and supervising the day-to-day operations of the facilities. The local VA program coordinator shall select each house manager and may give preference to an individual who is a current or past resident of the facility or the program. A house manager must have the following qualifications:

(1) A stable, responsible and caring demeanor;

(2) Leadership qualities including the ability to motivate;

(3) Effective communication skills including the ability to interact;

(4) A willingness to accept feedback;

(5) A willingness to follow a chain of command.

(c) Each resident admitted to the Transitional Residence, except for a house manager, must also be in the Compensated Work Therapy program.

(d) Each resident, except for a house manager, must bi-weekly, in advance, pay a fee to VA for living in the housing. The local VA program coordinator will establish the fee for each resident in accordance with the provisions of paragraph (d)(1) of this section.

(1) The total amount of actual operating expenses of the residence (utilities, maintenance, furnishings, appliances, service equipment, all other operating costs) for the previous fiscal year plus 15 percent of that amount equals the total operating budget for the current fiscal year. The total operating budget is to be divided by the average number of beds occupied during the previous fiscal year and the resulting amount is the average yearly amount per bed. The bi-weekly fee shall equal 1/26th of the average yearly amount per bed, except that a resident shall not, on

average, pay more than 30 percent of their gross CWT (Compensated Work Therapy) bi-weekly earnings. The VA program manager shall, bi-annually, conduct a review of the factors in this paragraph for determining resident payments. If he or she determines that the payments are too high or too low by more than 5 percent of the total operating budget, he or she shall recalculate resident payments under the criteria set forth in this paragraph, except that the calculations shall be based on the current fiscal year (actual amounts for the elapsed portion and projected amounts for the remainder).

(2) If the revenues of a residence do not meet the expenses of the residence resulting in an inability to pay actual operating expenses, the medical center of jurisdiction shall provide the funds necessary to return the residence to fiscal solvency in accordance with the provisions of this section.

(e) The length of stay in housing under the Compensated Work Therapy/Transitional Residences program is based on the individual needs of each resident, as determined by consensus of the resident and his/her VA Clinical Treatment team. However, the length of stay should not exceed 12 months.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[AL-200213; FRL-7131-5]

Approval and Promulgation of Air Quality Implementation Plans; Alabama Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change.

SUMMARY: EPA is updating the materials submitted by Alabama that are incorporated by reference (IBR) into the State implementation plan (SIP). The regulations affected by this update have been previously submitted by the State agency and approved by EPA. This update affects the SIP materials that are available for public inspection at the Office of the Federal Register (OFR), Office of Air and Radiation Docket and Information Center, and the Regional Office.

EFFECTIVE DATE: This action is effective January 31, 2002.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 4, 61 Forsyth Street, SW, Atlanta, GA 30303; Office of Air and Radiation Docket and Information Center, Air Docket (Mail Code 6102), 401 M Street., SW., Washington, DC. 20460, and Office of the Federal Register, 800 North Capitol Street, NW, Suite 700, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Mr. Sean Lakeman at the above Region 4 address or at (404) 562-9043.

SUPPLEMENTARY INFORMATION: The SIP is a living document which the State can revise as necessary to address the unique air pollution problems in the state. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations as being part of the SIP. On May 22, 1997, (62 FR 27968) EPA revised the procedures for incorporating by reference Federally-approved SIPs, as a result of consultations between EPA and OFR. The description of the revised SIP document, IBR procedures and "Identification of plan" format are discussed in further detail in the May 22, 1997, **Federal Register** document. On December 22, 1998, EPA published a document in the **Federal Register** (63 FR 70669) beginning the new IBR procedure for Alabama. In this document EPA is doing the first update to the material being IBRed.

EPA has determined that today's rule falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today's rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the codification only reflects existing law. Immediate notice in the CFR benefits the public by updating citations.

I. Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the
