COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comment on Short Supply Petition under the North American Free Trade Agreement (NAFTA)

July 17, 2002.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Request for Public Comments concerning a request for modification of the NAFTA rules of origin for certain acrylic yarn made from synthetic acid-dyeable acrylic tow.

SUMMARY: On July 2, 2002, the Chairman of CITA received a request from National Spinning Company,

Incorporated (New York, NY) alleging that certain synthetic acid-dyeable acrylic tow, classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 5501.30, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that CITA consider whether the NAFTA rule of origin for acrylic yarn classified under HTSUS 5509.31 should be modified to allow the use of non-North American tow of the type described above.

The President may proclaim a modification to the NAFTA rules of origin only after reaching agreement with the other NAFTA countries on the modification. CITA hereby solicits public comments on this request, in particular with regard to whether the acrylic tow described above can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by August 23, 2002 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 204 of the Agricultural Act of 1956, as amended (7 USC 1854); Section 202(q) of the North American Free Trade Agreement Implementation Act (19 USC 3332(q)); Executive Order 11651 of March 3, 1972, as amended.

BACKGROUND:

Under the North American Free Trade Agreement (NAFTA), NAFTA countries are required to eliminate customs duties on textile and apparel goods that qualify as originating goods under the NAFTA rules of origin, which are set out in Annex 401 to the NAFTA. The NAFTA provides that the rules of origin for textile and apparel products may be amended through a subsequent agreement by the NAFTA countries. In consultations regarding such a change, the NAFTA countries are to consider issues of availability of supply of fibers, yarns, or fabrics in the free trade area and whether domestic producers are capable of supplying commercial quantities of the good in a timely manner. The Statement of Administrative Action (SAA) that accompanied the NAFTA Implementation Act stated that any interested person may submit to CITA a request for a modification to a particular rule of origin based on a change in the

availability in North America of a particular fiber, yarn or fabric and that the requesting party would bear the burden of demonstrating that a change is warranted. The SAA provides that CITA may make a recommendation to the President regarding a change to a rule of origin for a textile or apparel good. The NAFTA Implementation Act provides the President with the authority to proclaim modifications to the NAFTA rules of origin as are necessary to implement an agreement with one or more NAFTA countries on such a modification.

On July 2, 2002 the Chairman of CITA received a request from National Spinning Company, Incorporated (New York, NY) alleging that certain synthetic acid-dyeable acrylic tow, classified under HTSUS subheading 5501.30, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting that CITA consider whether the NAFTA rule of origin for acrylic yarn classified under HTSUS 5509.31 should be modified to allow the use of non-North American tow of the type described above.

CITA is soliciting public comments regarding this request, particularly with respect to whether the acid-dyeable acrylic tow, classified in HTSUS heading 5501.30, can be supplied by the domestic industry in commercial quantities in a timely manner. The request states that National Spinning Company, Incorporated has contacted known North American suppliers of acrylic tow and was unable to locate a supplier who produced acid-dyeable acrylic tow in commercial quantities in a timely manner. Comments must be received no later than August 23, 2002. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that the acid-dyeable acrylic tow can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the tow stating that it produces the tow that is in the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA

¹ The limit has not been adjusted to account for any imports exported after December 31, 2001.
