

requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD'S regulations at 46 CFR Part 388.

Vessel Proposed for Waiver of the U.S.-build Requirement

(1) Name of vessel and owner for which waiver is requested. Name of vessel: VILLOMEE. Owner: Charles W. Collins.

(2) Size, capacity and tonnage of vessel. According to the applicant: "LOA: 51' Beam: 15' 4"; Capacity: 12 persons; Gross Tonnage: 35."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "Recreational sailing charters and coastwise cruising along the east coast of the U.S."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1990. Place of construction: Taiwan.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. According to the applicant: "Minimal impact; While there is a large demand, there are few vessels of this vintage capable of coastal and bluewater cruising along the entire U.S. east coast."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "Positive impact: This vessel has already gone through two major refits at U.S. yards, and its intended use will require constant upgrading and maintenance, all of which will be performed at U.S. shipyards."

Dated: August 14, 2002

By order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2002-12908]

Reports, Forms and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before October 18, 2002.

ADDRESSES: Comments must refer to the docket notice numbers cited at the beginning of this notice and be submitted to Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. Please identify the proposed collection of information for which a comment is provided, by referencing its OMB Control Number. It is requested, but not required, that 2 copies of the comment be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m.

FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Johanna Lowrie, NHTSA, 400 Seventh Street, SW., Room 5311, NPS-10, Washington, DC 20590. Mrs. Lowrie's telephone number is (202) 366-5269. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations

describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, in submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: Vehicle Information for the General Public.

OMB Control Number: 2127 New.

Affected Public: Manufacturers that sell motor vehicles in the United States under 10,000 lbs.

Abstract: NHTSA currently collects vehicle information through the Office of Vehicle Safety Compliance (OVSC). This information collection is mandatory and is specific to Compliance requirements of certain Federal Motor Vehicle Safety Standards (FMVSS). The information collected by OVSC has been useful to the New Car Assessment Program (NCAP) in selecting vehicles for its crash testing programs, but more information is needed. At the same time, the public's interest in vehicle information continues to grow. The public is interested not only in crash test results and other vehicle ratings, but is also interested in information on the benefit and availability of safety features. NHTSA also needs safety feature information when it attempts to analyze petitions for rulemaking asking the agency to mandate certain safety features.

An example of the type of information we propose to collect includes: Specific advanced frontal air bags information that would include the number if air bag deployment stages; technologies air bag deployment is dependent upon; air bag on/off switch information; child restraint anchorages system information; seat belt information that would include

pretensioner, load limiters or other energy management systems for the seat belt, seat belt extenders and adjustable upper belt anchorages; dynamic head restraints; side air bag information that would include where the side air bag is mounted, what type of side bag is mounted and whether the side air bags meet the requirements of the recommendations of the Technical Working Group on Out of Position Occupants (TWG); Automatic Door Lock (ADL) information; crash avoidance information, anti-theft devices, and Static Stability Rating (SSF) information.

NHTSA will use this information on the NHTSA web site, in the "Buying a Safer Car" and "Buying a Safer Car for Child Passengers" brochures, other consumer publications, as well as internally for benefit analysis. NHTSA plans on making this burden easier by sending out electronic files with the original letter requesting information. In the future, NHTSA plans on developing a process for the manufacturers to submit the information on a secure website.

Estimated Annual Burden: 2–5 hours per vehicle model. Therefore, for a small manufacturer with only 6 vehicle models, the estimated burden would be 12–30 hours. For a large vehicle manufacturer with 100 vehicle models, the estimated burden would be 200–500 hours.

Number of Respondents: 45. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued on: August 14, 2002.

Roger A. Saul,

Acting Associate Administrator for Safety Performance Standards.

BILLING CODE 4910–59–U

DEPARTMENT OF VETERANS AFFAIRS

[OMB Control No. 2900–0119]

Agency Information Collection Activities Under OMB Review

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C., 3501 *et seq.*), this notice announces that the Veterans Benefits Administration (VBA), Department of Veterans Affairs, has submitted the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden; it includes the actual data collection instrument.

DATES: Comments must be submitted on or before September 18, 2002.

FOR FURTHER INFORMATION OR A COPY OF THE SUBMISSION CONTACT: Denise McLamb, Information Management Service (045A4), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, (202) 273–8030, FAX (202) 273–5981 or e-mail: denise.mclamb@mail.va.gov. Please refer to "OMB Control No. 2900–0119."

Send comments and recommendations concerning any aspect of the information collection to VA's OMB Desk Officer, OMB Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 (202) 395–7316. Please refer to "OMB Control No. 2900–0119" in any correspondence.

SUPPLEMENTARY INFORMATION:

Title: Report of Treatment in Hospital, VA FL 29–551.

OMB Control Number: 2900–0119.

Type of Review: Extension of a currently approved collection.

Abstract: This form letter is used to collect information from hospitals to determine the insured's eligibility for disability insurance benefits.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published on June 6, 2002, at page 39100.

Affected Public: Individuals or households.

Estimated Annual Burden: 4,055.

Estimated Average Burden Per Respondent: 12 minutes.

Frequency of Response: On occasion.
Estimated Number of Respondents: 20,277.

Dated: July 31, 2002.

By direction of the Secretary.

Ernesto Castro,

Director, Records Management Service.
