Phoenix plans to acquire a parcel of land comprising 0.5 acres within Operable Unit 2 of the Site as part of an expansion of Sky Harbor International Airport. Phoenix plans to use this parcel for aviation-related purposes, including airfields, terminals, parking, airport administrative functions, and air cargo and aircraft maintenance operations. This acquisition is the latest step in the airport expansion begun in 2001, when EPA issued the first Prospective Purchaser Agreement (Docket No. 2000-06) to Phoenix, covering 6 parcels, 22 acres in extent. According to the terms of this proposed Agreement, Phoenix will pay EPA \$10,000, will provide access to the parcel to EPA as necessary to accomplish cleanup of the Site and will implement institutional controls on this property if requested by EPA.

For thirty (30) calendar days following the date of publication of this notice, EPA will receive written comments relating to the proposed settlement. If requested prior to the expiration of this public comment period, EPA will provide an opportunity for a public meeting in the affected area. EPA's response to any comments received will be available for public inspection at the U.S. Environmental Protection Agency, 75 Hawthorne Street, San Francisco, California 94105.

Such

applicants may exclude contract attachments not material to the Commission's analysis of the transaction, provided that they also submit an exhibit describing each of the omitted documents, stating both the specific reason(s) for the omission and the basis for the determination that the omitted documentation is not material to the Commission's consideration of the subject application.
