Description

In his State of the Union address, President Bush called on all Americans to perform some form of service to the nation for the equivalent of two years of their life. Americans serve their country in extraordinary and countless ways. Most of our Nation's civic work is being done without the aid of the Federal Government, but we believe the Federal Government can work to enhance the opportunities for Americans to serve their neighbors and their Nation. The Administration proposes to create and expand activities that will enhance homeland security, provide additional community-based service and volunteer opportunities, and assist people around the world. In January, the President announced the creation of the USA Freedom Corps which has three major components: A newly created Citizen Corps to engage citizens in homeland security; an improved and enhanced AmeriCorps and Senior Corps, programs of the Corporation; and a strengthened Peace Corps.

Because of President Bush's announcement on March 12, 2002, which informed the public of the availability of this record of service, the Corporation, on March 6, 2002, submitted a request for emergency processing and approval by OMB of this record of service because it could not reasonably comply with the normal clearance procedures under the Paperwork Reduction Act. OMB approved this request on March 12, 2002, for a period of six months to expire on September 30, 2002, and assigned Control Number 3045-0077 to this information collection activity. The

link to this record of service, which is now available for use, and which serves as a means for the public to record their record of service may be found on the following Internet address: <http://www.usafreedomcorps.gov>. Use of this tracking tool is 100 percent electronic in that users will establish a user ID and password that automatically creates a "record of service" account which is only accessible to that particular user. This record of service account can be updated only by the user who established the account. In addition, those users who create a record of service account can, by checking various blocks, elect to receive information about USA Freedom Corps and other national and community service volunteer activities.

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given of the Defense Nuclear Facilities Safety Board's (Board) meeting described below. The Board will also conduct a public hearing pursuant to 42 U.S.C. 2286b and invites any interested persons or groups to present any comments, technical information, or data concerning safety issues related to defense nuclear activities at Lawrence Livermore National Laboratory (LLNL). *Time and Date of Meeting:* 9-12 a.m., September 26, 2002.

Place: Shrine Event Center, 170 Lindbergh Avenue, Livermore, CA 94551.

Status: Open. While the Government in the Sunshine Act does not require that the scheduled discussion be conducted in a meeting, the Board has determined that an open meeting in this specific case furthers the public interests underlying both the Sunshine Act and the Board's enabling legislation.

Matters To Be Considered: The Board's meeting will examine the status of defense nuclear activities at Lawrence Livermore National Laboratory (LLNL). The meeting will first focus on LLNL's implementation of DNFSB Recommendation 2000-2, *Configuration Management, Vital Safety Systems*. Defense Nuclear Facilities Complex, and DNFSB Recommendation 2000-1, *Prioritization for Stabilizing Nuclear Materials*. Disposition of inactive nuclear material will be included in this discussion. Additionally, the meeting will examine Laboratory support for nuclear explosive operations at the Pantex Plant.

The Board's meeting will provide an opportunity for members of the public, DOE, and its contractor employees or their representatives to comment on or provide information directly to the Board regarding matters affecting health and safety at Lawrence Livermore National Laboratory, including, but not limited to, those subject areas and facilities the Board will review during this visit.

CONTACT PERSON FOR MORE INFORMATION:

The posting will be made at the entrance to the Shrine Event Center at the start of the 9 a.m. meeting.

Anyone who wishes to comment or provide technical information or data may do so in writing, either in lieu of, or in addition to, making an oral presentation. The Board Members may question presenters to the extent deemed appropriate.
