

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an SEA should check with its local post office.

FOR FURTHER INFORMATION CONTACT: Mr. Lawrence R. MacDonald, Chief, Bureau of the Census, ATTENTION: Governments Division, Washington, DC 20233-6800. Telephone: (301) 457-1574. If you use a telecommunications device for the deaf (TDD), you may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to: Frank Johnson, National Center for Education Statistics, U.S. Department of Education, Washington, DC 20208-5651. Telephone: (202) 502-7362.

SUPPLEMENTARY INFORMATION: Under the authority of section 404(a) of the National Education Statistics Act of 1994 (20 U.S.C. 9003(a)), which authorizes NCES to gather data on the financing of education, NCES collects data annually from SEAs through ED Form 2447. The report from SEAs includes attendance, revenue, and expenditure data from which NCES determines the average state per pupil expenditure (SPPE) for elementary and secondary education, as defined in the Elementary and Secondary Education Act of 1965 (ESEA) (currently 20 U.S.C. 8801(12)).

In addition to using the SPPE data as useful information on the financing of elementary and secondary education, the Secretary uses these data directly in calculating allocations for certain formula grant programs, including Title I of the Elementary and Secondary Education Act of 1965 as amended by the No Child Left Behind Act (Title I), Impact Aid, and Indian Education. Other programs such as the Educational Technology State Grants (Title II, Part D), the Education for Homeless Children and Youth Program under Title VII of the Stewart B. McKinney Homeless Assistance Act, the Teacher Quality State Grants (Title II, Part A) Program, and the Safe and Drug-Free Schools and Communities Program make use of SPPE data indirectly because their formulas are based, in whole or in part, on State Title I allocations.

In January 2002, the Bureau of the Census, acting as the data collection agent for NCES, will mail to SEAs ED Form 2447 with instructions and request that SEAs submit data to the Bureau of the Census on March 15, 2002, or as soon as possible thereafter. SEAs are urged to submit accurate and

complete data on March 15, or as soon as possible thereafter, to facilitate timely processing. Submissions by SEAs to the Bureau of the Census will be checked for accuracy and returned to each SEA for verification. All data, including any revisions, must be submitted to the Bureau of the Census by an SEA not later than September 3, 2002.

Having accurate and consistent information, on time, is critical to an efficient and fair allocation process, as well as the NCES statistical process. To ensure timely distribution of Federal education funds based on the best, most accurate data available, NCES establishes, for allocation purposes, September 3, 2002 as the final date by which ED Form 2447 must be submitted. However, if an SEA submits revised data after the final deadline that results in a lower SPPE figure, its allocations may be adjusted downward or the Department may request the SEA to return funds. SEAs should be aware that all of these data are subject to audit and that, if any inaccuracies are discovered in the audit process, the Department may seek recovery of overpayments for the applicable programs. If an SEA submits revised data after September 3, 2002, the data may also be too late to be included in the final NCES published dataset.

DEPARTMENT OF ENERGY

Notice of Program Interest for Isotopes for Production in Support of Medical and Scientific Research

AGENCY: U.S. Department of Energy (DOE).

ACTION: Notice of program interest.

SUMMARY: The U.S. Department of Energy (DOE) announces an unrestricted program which will provide identification of isotopes needed by the research community to explore and develop new and innovative uses for isotopes. These isotopes will be used for production in support of medical and scientific research. The Department's objective of this effort is to poll the research community in order to generate a list of research isotopes that DOE will consider for production for FY 2003 and beyond. A peer-review process that examines the merits of the isotope-based research as described in the Expressions of Interest in response to this Notice of Program Interest (NOPRI) will be used to help determine which isotopes will be placed on the Nuclear Energy Protocol for Research Isotopes (NEPRI) list and therefore be eligible for production.

DATES: Opening date: February 18, 2002, and Closing date: March 29, 2002.

ADDRESSES: Complete details, instructions on how to apply, and opening and closing dates will be provided via a formal solicitation document which will be disseminated electronically as solicitation number DE-RI01-02NE00000 through the Department's Industry Interactive Procurement System (IIPS) home page located at <https://doe-iips.pr.doe.gov>.

FOR FURTHER INFORMATION CONTACT: John Pantaleo, Jr., Program Manager, at (301) 903-2525, Phyllis Morgan, Contract Specialist at 202-287-1504, and Paul Gervas, Attorney and Advisor at 202-586-6918.

SUPPLEMENTARY INFORMATION: The Department will support its unique infrastructure for isotope production. Buyers of NEPRI isotopes must cover cost of production. Expressions of Interest will be subject to peer review by the Department's Isotope Review Advisory Panel.

Effective October 1, 1999, the IIPS system became the primary way for the Office of Headquarters Procurement Services to disseminate solicitations and receive responses in a paperless environment. All documents included in your Expression of Interest should be submitted in the Microsoft Word format. To get more information about IIPS and to register your organization, go to

<https://doe-iips.pr.doe.gov>. Follow the link on the IIPS home page to the Secure Services Page. Registration is a prerequisite to the submission of an Expression of Interest, and respondents are encouraged to register as soon as possible. When registering, all respondents should use the same North American Industry Classifications System Number: 325412. A help document, which describes how IIPS works, can be found at the bottom of the Secure Services Page.
