Antitrust Division

[Civil Action No. 02-888-A]

United States v. The Mathworks, Inc. and Wind River Systems, Inc.; Proposed Final Judgment and Competitive Impact Statement

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), that a proposed final Judgment, and Stipulation and Order pertaining to each Defendant individually, and a Competitive Impact Statement related thereto have been filed with the United States District Court for the Eastern District of Virginia in *United States of America v. The MathWorks, Inc. and Wind River Systems, Inc.*, Civil Action No. 02-888-A. The proposed final Judgments represent a full settlement of this matter, as they resolve all issues between the United States and each Defendant. On June 21, 2002, the United States filed a Complaint against The MathWorks, Inc. and Wind River Systems, Inc. alleging that the Defendants entered into a series of agreements that had the purpose and effect of eliminating the MATRIXx product suite from the market in violation of Section 1 of the Sherman Act, 15 U.S.C. 1. Through these agreements, The MathWorks and WindRiver agreed to shift dynamic control system design software customers from Wind River to The MathWorks. The proposed Final Judgments require both The MathWorks and Wind River to facilitate the sale of the MATRIXx products and intellectual property to a buyer acceptable to the United States and the appointment of a trustee to effect the sale. Copies of the Complaint, proposed Final Judgments and Competitive Impact Statement are available for inspection at the Department of Justice in Washington, DC, in Room 200, 325 Seventh Street, NW., at the Office of the Clerk of the United States District Court for the Eastern District of Virginia, Alexandria, Virginia, and on the Antitrust Division's Web site at <http://www.usdoj.gov/atr/cases/indx346.htm>.

2. The United States and The MathWorks stipulate that a Final Judgment in the form hereto attached may be filed and entered by the Court, upon the motion of either party or upon the Court's own motion, at any time after compliance with the requirements of the Antitrust Procedure and Penalties Act (15 U.S.C. 16), and without further notice to either party or other proceedings, provided that the United States has not withdrawn its consent, which it may do at any time before the entry of the proposed Final Judgment by serving notice thereof on The MathWorks and by filing that notice with the Court.

3. The MathWorks shall abide by and comply with the provisions of the proposed Final Judgment pending entry of the Final Judgment by the Court, or until expiration of time for all appeals of any Court ruling declining entry of the proposed Final Judgment, and shall, from the date of the signing of this Stipulation, comply with all the terms and provisions of the proposed Final Judgment as though they were in full force and effect as an order of the Court.

4. This Stipulation shall apply with equal force and effect to any amended proposed Final Judgment agreed upon in writing by both parties and submitted to the Court.
