[Project No. 2142]

FPL Energy Maine Hydro LLC; Notice of Authorization for Continued Project Operation

February 20, 2002.

On December 28, 1999, FPL Energy Maine Hydro LLC, licensee for the Indian Pond Project No. 2142, filed an application for a new or subsequent license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2142 is located on the Kennebec River in Somerset and Piscataquis Counties, Maine.

The license for Project No. 2142 was issued for a period ending December 31, 2001. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in Section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of Section 15 of the FPA, then, based on Section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to Section 15 of the FPA, notice is hereby given that an annual license for Project No. 2142 is issued to FPL Energy Maine Hydro LLC for a period effective January 1, 2002, through December 31, 2002, or until the issuance of a new license for the project or other disposition under

the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before January 1, 2003, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under Section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to Section 15 of the FPA, notice is hereby given that FPL Energy Maine Hydro LLC is authorized to continue operation of the Indian Pond Project No. 2142 until such time as the Commission acts on its application for subsequent license.

[Docket No. GP02-2-000]

Dale P. and/or Avril Jewett; Notice of Petition for Adjustment

February 21, 2002.

Take notice that on January 3, 2002, Dale P. and/or Avril Jewett (the Jewetts) filed a petition for adjustment under section 502(c) of the Natural Gas Policy Act of 1978 (NGPA),¹ requesting to be relieved of its obligation to pay Kansas ad valorem tax refunds to Williams Gas Pipelines Central, Inc. for the period from 1983 to 1988, as required by the Commission's September 10, 1997 order in Docket No. RP97-369-000, et al.² The Jewetts's petition is on file with the Commission and open to public inspection.

The Jewetts assert that paying the refund would constitute a burden since they are retired and are living on a fixed income. Dale Jewett was forced to retire in 1992 from Gould Oil Company Inc. and their small working interest ownership in the properties subject to the Commission's order was intended to be "in lieu" of a retirement plan. They state they receive only a very small gross revenue every few months that rarely meets the operating costs assessed by Gould.

Any person desiring to be heard or to protest said petition should on or before 15 days after the date of publication in the **Federal Register** of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.1105 and 385.1106). Protests will be considered by the Commission in determining the

appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene.
