

from the service lists all parties that do not submit a substantive response to the notice of initiation.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties (defined in 19 CFR 351.102) wishing to participate in these sunset reviews must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that all parties wishing to participate in the sunset reviews must file substantive responses not later than 30 days after the date of publication in the **Federal Register** of the notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for foreign and domestic parties. Also, note that the Department's information requirements are distinct from the International Trade Commission's information requirements. Please consult the Department's regulations for information regarding the Department's conduct of sunset reviews.¹ Please consult the Department's regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and

countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: February 22, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Notice of Final Results of Antidumping Duty New Shipper Review: Structural Steel Beams From Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results in the antidumping duty new shipper review of structural steel beams from Japan.

SUMMARY: On December 6, 2001, the Department of Commerce ("Department") published the preliminary results of the new shipper review of the antidumping duty order on structural steel beams from Japan. This review covers one producer/exporter. The period of review ("POR") is February 11, 2000 through November 30, 2000.

No comments were submitted by the parties and we have made no changes in the programming. Therefore, the final results do not differ from the preliminary results. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of the Review."

EFFECTIVE DATE: March 1, 2002.

FOR FURTHER INFORMATION CONTACT: Juanita H. Chen or James C. Doyle, Enforcement Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230; telephone: 202–482–0409, or 202–482–0159, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless

otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 CFR part 351 (2001).

Background

On December 6, 2001, the Department published the preliminary results of the new shipper review of the antidumping duty order on structural steel beams from Japan. *See Notice of Preliminary Results of Antidumping Duty New Shipper Review: Structural Steel Beams from Japan*, 66 FR 63365 (December 6, 2001). This review covers one producer/exporter, Yamato Kogyo Co., Ltd. The POR is February 11, 2000 through November 30, 2000. We invited parties to comment on our preliminary results of review. The Department received no comments from any party on the preliminary results of review. The Department has conducted this new shipper review in accordance with section 751 of the Act.

Scope of Review

For purposes of this review, the products covered are doubly-symmetric shapes, whether hot or cold-rolled, drawn, extruded, formed or finished, having at least one dimension of at least 80 mm (3.2 inches or more), whether of carbon or alloy (other than stainless) steel, and whether or not drilled, punched, notched, painted, coated, or clad. These products ("Structural Steel Beams") include, but are not limited to, wide-flange beams ("W" shapes), bearing piles ("HP" shapes), standard beams ("S" or "I" shapes), and M-shapes.

All products that meet the physical and metallurgical descriptions provided above are within the scope of this review unless otherwise excluded. The following products, are outside and/or specifically excluded from the scope of this review:

- Structural steel beams greater than 400 pounds per linear foot or with a web or section height (also known as depth) over 40 inches.

The merchandise subject to this review is classified in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheadings: 7216.32.0000, 7216.33.0030, 7216.33.0060, 7216.33.0090, 7216.50.0000, 7216.61.0000, 7216.69.0000, 7216.91.0000, 7216.99.0000, 7228.70.3040, 7228.70.6000. Although the HTSUS subheadings are provided for convenience and U.S. Customs Service ("Customs") purposes, the written description of the merchandise under review is dispositive.

¹ A number of parties commented that these interim-final regulations provided insufficient time for rebuttals to substantive responses to a notice of initiation, 19 CFR 351.218(d)(4)). As provided in 19 CFR 351.302(b), the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

Analysis of Comments Received

No parties submitted comments on the preliminary results of review. Accordingly, there is no concurrent issues and decision memorandum or analysis memorandum issued with these final results of review.

Changes Since the Preliminary Results

We have made no changes in programming since the preliminary results of review.

Final Results of Review

We determine that the following percentage weighted-average margin exists for the period February 11, 2000 through November 30, 2000:

STRUCTURAL STEEL BEAMS

Producer/manufacturer/exporter	Weighted-average margin (percent)
Yamato Kogyo Co., Ltd	0.00

Assessment

The Department shall determine, and U.S. Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates. We calculated importer-specific duty assessment rates on a unit value per metric ton basis by summing the dumping margins on U.S. sales, and then dividing this sum by the total metric tons of all U.S. sales examined. Based on our determination in this review, we will instruct Customs not to assess antidumping duties on the merchandise subject to review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of new shipper review for all shipments of structural steel beams from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) For the reviewed company listed above, no cash deposit rate will be required; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit

rate for all other manufacturers or exporters will continue to be the "all others" rate of 31.98 percent established in the LTFV investigation. See *Notice of Final Determination of Sales at Less Than Fair Value: Structural Steel Beams from Japan*, 65 FR 24182 (April 25, 2000); *Structural Steel Beams from Japan: Notice of Antidumping Duty Order*, 65 FR 37960 (June 19, 2000).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: February 14, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Announcement of U.S. Conformity Assessment Body Training Workshop

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of workshop.

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to attend a two-day Conformity Assessment Body

(CAB) training workshop on the European Union (EU) Radio and Telecommunications Terminal Equipment (R&TTE) Directive and related issues. NIST, as the Designating Authority under the Sectoral Annex for Telecommunication Equipment of the US-EU Mutual Recognition Agreement (MRA), is sponsoring this workshop in order to provide training and educational outreach for U.S. CABs. Personnel from the European Commission and an EU Notified Body (NB) will conduct this workshop. The workshop is aimed at providing information for current and potential CABs, assessors, manufacturers, and other interested parties on compliance with the EU R&TTE Directive. There is a fee to attend the Workshop. All attendees must register no later than March 27, 2002. Attendance will be limited to the first 80 registered participants.

DATES: The U.S. CAB Training Workshop will be held April 10-11, 2002. All sessions will be held from 8:30 a.m. to 5:30 p.m.

ADDRESSES: U.S. CAB Training Workshop sessions will be held at the Hyatt Regency Crystal City at Reagan National Airport, 2799 Jefferson Davis Highway, Arlington, Virginia 22202.

FOR REGISTRATION INFORMATION CONTACT: Kim Snouffer at (301) 975-2776, kimberly.snouffer@nist.gov. You may register for the workshop electronically at <http://www.nist.gov/conferences>. If you do not wish to register electronically, you can print out the electronic form and fax it to (301) 948-2067. Please pre-register by no later than March 27, 2002. You may also mail a copy of the electronic form, by March 27, 2002, to: NIST Office of the Comptroller, 100 Bureau Drive, Stop 3732, Gaithersburg, MD 20899-3732.

FOR TECHNICAL INFORMATION CONTACT: Mary Jo DiBernardo at 301 975-5503 or maryjo.dibernardo@nist.gov.

SUPPLEMENTARY INFORMATION: NIST, as the Designating Authority under the Sectoral Annex for Telecommunication Equipment of the US-EU MRA, is sponsoring this workshop in order to provide training and educational outreach for U.S. CABs. The workshop is aimed at providing information to current and potential CABs, assessors, manufacturers, and other interested parties on requirements of the EU R&TTE Directive. The first half-day will be devoted to an introduction to the R&TTE Directive and its requirements. This will be followed by a 1½ day session focusing on issues relating to operating aspects, common problems,
