On July 31, 2001, Acciai Speciali Terni S.p.A. ("AST"), an Italian producer of subject merchandise, its affiliate, Acciai Speciali Terni USA, Inc. ("AST USA"), a U.S. importer of subject merchandise, and the petitioners from the original investigation requested the Department conduct an administrative review. On August 20, 2001, the Department published a notice of initiation of an administrative review of the antidumping duty order on subject merchandise, for the period July 1, 2000 through June 30, 2001. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 66 FR 43570 (August 20, 2001). The preliminary results of this administrative review are currently due no later than April 2, 2002.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Act, and section 351.213(h)(2) of the Department's regulations, the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within the statutory time limit of 245 days from the date on which the review was initiated. Due to the complexity of issues present in this administrative review, such as home market affiliated downstream sales, constructed export price versus export price, selling expenses, and complicated cost accounting issues, the Department has determined that it is not practicable to complete this review within the original time period provided in section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations. Therefore, we are extending the due date for the preliminary results by 90 days, until no later than July 1, 2002. The final results continue to be due 120 days after the publication of the preliminary results.

Description: AmeriCorps Education Award Utilization Survey.

One of the goals of the AmeriCorps program is furthering the educational opportunities of its members. The

AmeriCorps Education Award provides up to \$4,725 to help a member pay for further education or to repay student loans. Part-time members get a pro-rated portion of that amount. (42 U.S.C. 12601 *et seq.*) The Corporation's National Service Trust data showed that about half of the AmeriCorps graduates who have earned Education Awards had begun to use them. Through the proposed study, the Corporation seeks to identify reasons for non-use of Education Awards. In addition, a thorough exploration of trends in non-use and reasons for non-use will identify ways in which the Corporation can meaningfully increase the use of Education Awards, thus furthering educational opportunity. The Corporation seeks to conduct a survey of former members of the AmeriCorps*State and National, AmeriCorps*VISTA and AmeriCorps*NCCC programs. This survey will entail telephone interviews of approximately 30 minutes in length with 1,000 former AmeriCorps members. It will identify trends in and reasons for non-use of the Educational Awards.
