Foreign-Trade Zones Board

[Docket 11-2003]

Foreign-Trade Zone 75—Phoenix, AZ; Application for Subzone, American Italian Pasta Company, Distribution of Dry Pasta Products, Tolleson, AZ

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Phoenix, Arizona, grantee of FTZ 75, requesting special-purpose subzone status for the dry pasta products warehousing/distribution facility of the American Italian Pasta Company (AIPC), in Tolleson, Arizona. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 4, 2003.

The AIPC facility (288,000 sq. ft./1 bldg. on 22.7 acres) is located at 495 South 99th Avenue, Tolleson (Maricopa County), Arizona. It was expanded in 2002 and is expected to become fully operational during the first quarter of 2003. The facility (54 employees initially, with plans to increase to some 200) is used for warehousing, inspection, packaging and distribution

of dry pasta products received by all AIPC facilities located in the U.S. and Italy. About 1 percent of production is currently exported. The plant will also be used to manufacture dry pasta for U.S. and export markets, but manufacturing authority is not being requested at this time. Certain dry pasta imports from Italy are subject to anti-dumping/countervailing (AD/CVD) duties.

Zone procedures would exempt AIPC from Customs duty payments (including AD/CVD) on foreign products that are reexported. On domestic sales, the company would be able to defer payments until merchandise is shipped from the plant. FTZ status may also make a site eligible for benefits provided under state/local programs. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St., NW., Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is May 12, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to May 27, 2003).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade-Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 2901 N. Central Ave., Suite 970, Phoenix, AZ 85012.

Notice of Amended Final Results of Antidumping Duty Administrative Review: Bulk Aspirin from the People's Republic of China

AGENCY: Import Administration,

Department of Commerce.

ACTION: Notice of amended final results
of antidumping duty administrative
review.

EFFECTIVE DATE: March 13, 2003.

Avenue, NW., Washington DC 20230;

Scope of Review

The product covered by this review is
bulk acetylsalicylic acid, commonly
referred to as bulk aspirin, whether or
not in pharmaceutical or compound
form, not put up in dosage form (tablet,
capsule, powders or similar form for
direct human consumption). Bulk
aspirin may be imported in two forms,
as pure ortho-acetylsalicylic acid or as
mixed ortho-acetylsalicylic acid. Pure
ortho-acetylsalicylic acid can be either
in crystal form or granulated into a fine
powder (pharmaceutical form). This
product has the chemical formula
 $C_9H_8O_4$. It is defined by the official
monograph of the United States
Pharmacopoeia ("USP") 23. It is
classified under the Harmonized Tariff
Schedule of the United States
("HTSUS") subheading 2918.22.1000.

Mixed ortho-acetylsalicylic acid
consists of ortho-acetylsalicylic acid
combined with other inactive
substances such as starch, lactose,
cellulose, or coloring materials and/or
other active substances. The presence of
other active substances must be in
concentrations less than that specified
for particular nonprescription drug
combinations of bulk aspirin and active
substances as published in the
Handbook of Nonprescription Drugs,
eighth edition, American
Pharmaceutical Association. This
product is classified under HTSUS
subheading 3003.90.0000. Although the
HTSUS subheadings are provided for
convenience and customs purposes, the
written description of the merchandise
under investigation is dispositive.

Amended Final Results

On February 4, 2003, the Department
of Commerce ("the Department")
determined that bulk aspirin from the
People's Republic of China ("PRC") is
not being sold in the United States at
less than normal value, as provided in
section 751(a) of the Tariff Act of 1930,
as amended ("the Act"). See *Bulk
Aspirin from the People's Republic of
China; Final Results of Antidumping
Duty Administrative Review* ("Final
Results"), 68 FR 6710 (February 10,
2003). On February 7 and 10, 2003,
Shandong Xinhua Pharmaceutical Co.,
Ltd. ("Shandong") and Rhodia, Inc.
("petitioner"), respectively, filed timely
ministerial error allegations pursuant to
19 CFR 351.224(c)(2). On February 12,
2003 the petitioner filed a reply to
Shandong's allegation and on February
18, 2003, Shandong filed a response to
the petitioner's February 12, 2003
submission. The other respondent in
this review, Jilin Henghe
Pharmaceutical Company Ltd. ("Jilin"),
did not file a ministerial error
allegation.

The petitioner contends that the
Department incorrectly rounded one of
the surrogate values for caustic soda,
incorrectly deducted taxes from the
domestic price of acetic acid sold on the
Mumbai Dyes Market and assigned the
incorrect surrogate labor value for
packing labor in Jilin's normal value
calculations. The petitioner also alleges
that the Department overstated the
excise and sales taxes for all domestic
values because the deduction of taxes

from the *International Chemical Weekly*
("ICW") domestic prices was based on
the gross price, when instead it should
have been based on the before-tax price.
Furthermore the petitioner asserts that
the Department did not calculate a
portion of the normal value build up
associated with one of the inputs.
Neither Shandong nor Jilin responded to
petitioner's comments.

Shandong contends that the
Department incorrectly used a single
surrogate value for virgin acetic acid to
value all the acetic acid inputs in its
calculation of the cost of acetic
anhydride production, when instead it
should have valued the virgin and
recovered acetic acid separately. The
petitioner contends that the Department
correctly applied the surrogate value of
virgin acetic acid to the full quantity of
acetic acid used in the production
process and that Shandong ignores the
distinction between "recovered" acetic
acid and "recycled" or "reused" acetic
acid. In its response to the petitioner's
comments, Shandong argues that
recovered, recycled and reused acetic
acid are identical and should have the
same value.

In accordance with section 735(e) of
the Act, we have determined that
certain ministerial errors were made in
our final results margin calculations.
Specifically we find that the incorrect
calculation of certain taxes from the
ICW domestic prices and the incorrect
surrogate value of Jilin's packing labor
constitute clerical errors. For a detailed
discussion of all of the ministerial error
allegations and the Department's
analysis, see Memorandum to Susan
Kuhbach, "Antidumping Duty
Administrative Review of Bulk Aspirin
from the People's Republic of China;
Allegations of Ministerial Errors" dated
March 5, 2003, which is on file in the
Central Records Unit, room B-099 of the
main Department building.

In accordance with 19 CFR
351.224(e), we are amending the final
results of the antidumping duty
administrative review of bulk aspirin
from the PRC to correct these ministerial
errors. However, the amended weighted-
average margins are identical to the
weighted-average margins in the final
results (see *Final Results*). The
weighted-average dumping margins for
Jilin and Shandong are listed below:

Producer/manufacturer/exporter	Original weighted-average margin percentage	Amended results weighted-aver- age margin percentage
Jilin Henghe Pharmaceutical Company Ltd.	0.04 (<i>de minimis</i>)	0.04 (<i>de minimis</i>)
Shandong Xinhua Pharmaceutical Co., Ltd.	0.00	0.00
