

services assist FMS in determining the most efficient and effective way to deliver Government payments to the public. Disclosures of information maintained in FMS's systems of records, specifically, a payee's name and address, may be required in order for the FRB or a contractor to perform the services for which it has been retained. If disclosure to a financial agent or contractor is necessary, the financial agent or contractor to which disclosure is made will be subject to the same limitations applicable to FMS officers and employees under the Privacy Act. This means that the financial agent or contractor is required to safeguard Privacy Act information to prevent unauthorized use or disclosure of any Privacy Act records. In addition, the FRB and regulated financial institutions impose their own strict limitations concerning the protection of non-public personal information.

FMS is altering the referenced systems of records to allow disclosure of information from such systems to its fiscal or financial agents, their employees, agents or contractors, or to a private contractor as necessary to efficiently operate and manage its payment disbursement processes.

For the reasons set forth above, FMS proposes to alter its systems of records as follows:
