

payment requirement have been established to maintain adequate liquidity of margin collateral and are also intended to be consistent with the redemption conditions contained in CFTC rule 1.25.⁹

Valuation

OCC will require funds to perform a net asset value computation at least once per day with the dissemination of such computation to be made available to OCC no later than 9 a.m. central time the following day. Given the diversified nature of eligible fund investments as well as the investment duration limitations, a daily computation of net asset value appears reasonable. Nevertheless, OCC will apply a 2% haircut on the current market value of fund shares. The 2% haircut was selected for consistency with the treatment of similar assets under the net capital rule.¹⁰

OCC's Security Interest

As in the case of other securities held as collateral, OCC will require that clearing members give OCC a first priority perfected security interest in deposited fund shares. Because shares in money market funds are typically not issued in certificated form, ownership is established by registration of the securities on the books of the fund or its transfer agent. OCC can ordinarily obtain a perfected security interest in fund shares registered in the name of a clearing member by execution of the fund's standard three-party agreement among OCC, the clearing member, and the fund or its transfer agent.

In addition, to preclude a situation whereby a clearing member secures its obligations to OCC with collateral managed and within the control of that clearing member or a related party, an association restriction is included in rule 604(b)(3)(iii). This restriction is consistent with OCC rules regarding the deposit of government securities, debt or equity issues, or letters of credit as margin collateral.¹¹ This standard may be waived if the issuing institution can demonstrate that an acceptable arrangement has been made for the control of underlying portfolio investments and for the processing of

OCC redemption requests by a third party.

OCC is also moving the provisions which require compliance with the Commission's rule 15c3-3 when applicable, formerly set forth in rule 604(d)(2), have been moved so that these provisions apply not only to equity and debt securities but to all securities deposited as margin under rule 604(b). A sentence has been added to these provisions to require compliance with the CFTC's customer protection regime when securities are deposited with respect to futures accounts.

OCC believes that the proposed rule change is consistent with the requirements of section 17A of the Securities Exchange Act of 1934, as amended, because it enhances the efficiency of the clearing system while still allowing OCC to safeguard securities and funds by permitting clearing members to collateralize their obligations to OCC with an additional form of highly liquid, stable value assets.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder and particularly with the requirements of section 17A(b)(3)(F).¹² Section 17A(b)(3)(F) requires that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible. The Commission believes that OCC's rule change meets this requirement because while OCC clearing members will be able to deposit money market funds as margin collateral, OCC has established procedures with respect to the deposits of money market funds as margin collateral that should ensure that OCC will be able to safeguard the securities and funds that are within its custody or control or for which it is responsible.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular section 17A of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to section 19(b)(2) of the Act, that the proposed rule change (File No. SR-OCC-2002-04) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹³

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to adopt a license fee that will apply to trading SPDRs on the Exchange. The Exchange recently determined to begin trading SPDRs. The license fees should help off-set licensing fees payable to Standard & Poor's⁸ associated with the trading of these products on the Exchange.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁹ in general, and furthers the objectives of section 6(b)(4) of the Act,¹⁰ in particular, in that it is an equitable allocation of reasonable dues, fees, and other charges among Exchange members. The Exchange believes that charging members that trade these products a licensing fee is an equitable means of recovering a portion of the licensing fees incurred by the Exchange.¹¹

⁸ See *supra* note 6.

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(4).

¹¹ With regard to the distinction between Customer PACE and Non-PACE license fees, the Exchange states that it is consistent with its current practice to not impose customer charges for equity transactions delivered through PACE, but to impose customer charges for Non-PACE executions. See, e.g., Securities Exchange Act Release Nos. 47385 (February 20, 2003), 68 FR 10295 (March 4, 2003) (SR-Phlx-2003-06); 44381 (June 1, 2001), 66 FR 31264 (June 11, 2001) (SR-Phlx-2001-57); and 43776 (December 28, 2000), 66 FR 1166 (January 5, 2001) (SR-Phlx-00-103). Also, consistent with its current practice, the Exchange charges customer transaction fees and specialist transaction fees at different rates. See, e.g., Securities Exchange Act Release Nos. 44381 (June 1, 2001), 66 FR 31264 (June 11, 2001) (SR-Phlx-2001-57); 47109 (December 30, 2002), 68 FR 841 (January 7, 2003)

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change establishes or changes a due, fee, or charge imposed by the Exchange and, therefore, has become effective upon filing pursuant to section 19(b)(3)(A)(ii) of the Act¹² and Rule 19b-4(f)(2) thereunder.¹³ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purpose of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-Phlx-2003-17 and should be submitted by April 28, 2003.
