DEPARTMENT OF THE INTERIOR

National Park Service

Availability of Draft Wild and Scenic River Eligibility Report for the Westfield River, MA

AGENCY: National Park Service, Interior.

ACTION: Publication of draft report for public comment.

SUMMARY: The National Park Service is publishing for public review and comment a draft study report on

designating additional miles to the Westfield River, Massachusetts, National Wild and Scenic River. The National Park Service has found that the Westfield River, Massachusetts (Upper East Branch and Tributaries: Drowned Land Brook; Center Brook; Windsor Jams Brook—Towns of Savoy and Windsor; Headwater Tributaries of the West Branch: Shaker Mill Brook; Depot Brook; Savery Brook; Watson Brook; Center Pond Brook—Towns of Becket and Washington; Lower Middle Branch, East Branch and Main Stem—Town of Huntington) is eligible for the national system and is recommending that this section of the river be designated.

DATES: Submit comments on or before May 27, 2003.

ADDRESSES: Copies of the draft report are available for public inspection at: National Park Service, Boston Support Office, 15 State Street, Boston, MA 02109; National Park Service, 1201 Eye Street, NW., Washington, DC 20240-0001. Hours of availability are between 8:30 a.m. and 4:30 p.m., Monday through Friday, except holidays. Additional copies for review are located in the Huntington, Savoy, Washington, and Windsor Town Halls; during normal hours of operation. Copies of the draft report may be obtained from Jamie Fosburgh, National Park Service, Boston Support Office, 15 State Street, Boston, MA, 617-223-5191. The full draft report may be viewed at <http://www.nps.gov/rivers>.

Comments should be directed to the National Park Service, Boston Support Office, attention Jamie Fosburgh at the address above.

FOR FURTHER INFORMATION CONTACT: Jamie Fosburgh, National Park Service, Boston Support Office, 15 State Street, Boston, MA, 617-223-5191.

SUPPLEMENTARY INFORMATION: On April 26, 2002, Acting Governor Jane Swift of the Commonwealth of Massachusetts petitioned the Secretary of the Interior to extend the Westfield River's Wild and Scenic designation to include additional segments of the river and its headwaters (34.8 miles) under the National Wild and Scenic Rivers Act. The sections of river under consideration includes the Upper East Branch and Tributaries: Drowned Land Brook; Center Brook; Windsor Jams Brook in the Towns of Savoy and Windsor; the Headwater Tributaries of the West Branch: Shaker Mill Brook; Depot Brook; Savery Brook; Watson Brook; Center Pond Brook in the Towns of Becket and Washington; and the Lower Middle Branch, East Branch and Main Stem in the Town of Huntington. Under section 2(a)(ii) of the National Wild and Scenic Rivers Act

(Pub. L. 90-542, as amended), the Secretary has the authority to add a river to the National System at the request of a state, provided the state has met certain prior conditions and the river meets eligibility criteria, based upon an evaluation of natural and cultural resources.

These conditions are:

(1) The river must have been designated as a component of a states wild or scenic rivers system by, or pursuant to, an act of the legislature of that state.

(2) Management of the river must be administered by an agency or political subdivision of the state, except for those lands administered by an agency of the Federal government.

(3) The river meets National Wild and Scenic River eligibility criteria, that is, that the river is free-flowing and possesses one or more outstanding resources of significance to the region or nation.

(4) There must be effective mechanisms and regulations in place—local, state or federal—to provide for the long-term protection of those resources for which the river was deemed eligible.

Upon the request of a state governor to the Secretary of the Interior, the National Park Service, acting for the Secretary, undertakes an evaluation of the state's request.

As a result of the evaluation, the National Park Service has concluded that all requirements were fully met for the designation extension for the Westfield River.

The National Park Service recommends that the following segments of the Westfield River be classified as:

Wild: Shaker Mill Brook, approximately 2.6 miles from Brooker Hill Road in Becket to its headwaters.

Scenic: Upper East Branch, 6.6 miles from the Windsor/Cummington town line to its confluence; Upper East Branch Tributaries—Drowned Land Brook, 1.5 miles; Center Brook, 2.5 miles; and Windsor Jams Brook, 1.3 miles; and Headwater Tributaries of the West Branch—Shaker Mill Brook, approximately 1.2 miles from Brooker Hill Road in Becket to its confluence; Depot Brook, 4.5 miles; Savery Brook, 2.9 miles; Watson Brook, 1.9 miles; Center Pond Brook, 1.6 miles from Center Pond to its confluence; and

Recreational: Lower Middle Branch, East Branch, and Main Stem, 3.2 miles in the Town of Huntington and the Upper East Branch, 5.0 miles from its confluence with Sykes Brook to its confluence with the West Branch.

Dated: February 6, 2003.

Fran P. Mainella,

Director, National Park Service.

INTERNATIONAL TRADE COMMISSION

[Investigation 332-452]

Steel-Consuming Industries: Competitive Conditions With Respect to Steel Safeguard Measures

AGENCY: International Trade Commission.

ACTION: Institution of investigation and scheduling of public hearing.

EFFECTIVE DATE: April 4, 2003.

SUMMARY: Following receipt of a request on March 18, 2003, from the Committee on Ways and Means (Committee), U.S. House of Representatives, the Commission instituted investigation No. 332-452, Steel-Consuming Industries: Competitive Conditions with Respect to Steel Safeguard Measures, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)).

On March 5, 2003, the Commission instituted an investigation under section 204(a) of the Trade Act of 1974 (Inv. No. TA-204-9) in order to prepare a report on the results of its monitoring of developments relating to the domestic steel industry since the President imposed tariffs and tariff-rate quotas on imports of certain steel products (68 FR 12380, March 14, 2003). In its letter, the Committee on Ways and Means requests that the Commission provide its report in this section 332 investigation and its monitoring report in the section 204(a) investigation in a single document. In a March 27, 2003 letter to the Commission, the Office of the United States Trade Representative (USTR) referenced the format requested by the Committee and informed the Commission that USTR has no objection to receiving the section 204(a)(2) report and the section 332(g) report in a single document. Accordingly, the Commission will transmit to the President and the Congress these two separate reports in the requested format.

FOR FURTHER INFORMATION CONTACT: Information specific to this investigation may be obtained from James Fetzer, Project Leader (202-708-5403; jfetzer@usitc.gov), Office of Economics; Karl Tsuji, Deputy Project Leader (202-205-3434; tsuji@usitc.gov), Office of Industries; or Catherine DeFilippo, Chief, Applied Economics Division (202-205-3253; cdefilippo@usitc.gov),

Office of Economics, U.S. International Trade Commission, Washington, DC, 20436. For information on the legal aspects of this investigation, contact William Gearhart of the Office of the General Counsel (202-205-3091; wgearhart@usitc.gov). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202) 205-1810.

Background

As requested by the Committee, the Commission will investigate the current competitive conditions facing the steel-consuming industries in the United States, with respect to tariffs and tariff-rate quotas imposed by the President on March 5, 2002, and with respect to foreign competitors not subject to such measures. As requested, the Commission will conduct its analysis along sectoral lines in order to assess the impact on differing segments of the U.S. manufacturing sector; and also examine the data as related to steel products on which the President imposed steel safeguard measures. To the extent possible, the investigation will address the effects of the safeguard measures on steel consuming industries and on industries that rely on steel imports such as the ports, including the following:

- (1) Changes in employment, wages, profitability, sales, productivity, and capital investment of steel-consuming industries;
- (2) An examination of the reported effects of the safeguard remedies on factors such as steel prices paid by consuming industries, steel shortages/availability, the ability of steel consumers to obtain required products or quality specifications, lead times and delivery times, contract abrogation, sourcing of finished parts from overseas by customers of steel consumers, and the relocation or shift of U.S. downstream production to foreign plants or facilities;
- (3) The impact of international competitive factors, such as relative differences in steel costs to foreign steel-consuming industries, on steel consumers' exports and imports of steel-containing products;
- (4) An examination of any shifts in steel-consuming patterns in the United States, *i.e.*, how much steel was purchased from domestic steel producers by U.S. steel-consuming industries before the safeguard action, and how has this sourcing changed following the implementation of the safeguard measures; and
- (5) A discussion of the likely impact on employment, profitability, capital

investment, and international competitiveness of steel-consuming industries of (i) continuation of the safeguard measures for the period September 2003-March 2005 and (ii) termination of the safeguard measures effective September 20, 2003.

In addition, as requested, the Commission will provide an analysis of the potential economy-wide effects of these safeguard measures (*e.g.*, on costs borne by steel consumers, tariff revenues entering the U.S. Treasury, income to steel producers, and the net effect on the U.S. economy) using appropriate simulation models.

The Committee asked that the Commission furnish its report by September 20, 2003, along with the Commission's section 204 steel monitoring report in a single document. The Committee also requested that the Commission make its report available to the public, consistent with procedures set forth in section 332(g) of the Tariff Act of 1930 concerning the release of confidential business information.

Public Hearing

A public hearing in connection with this investigation is scheduled to begin at 9:30 a.m. on June 19, 2003, at the U.S. International Trade Commission Building, 500 E Street SW, Washington, DC. All persons have the right to appear by counsel or in person, to present information, and to be heard. Persons wishing to appear at the public hearing should file a letter with the Secretary, United States International Trade Commission, 500 E St., SW, Washington, DC 20436, not later than the close of business (5:15 p.m.) on June 2, 2003. In addition, persons appearing should file prehearing briefs (original and 14 copies) with the Secretary by the close of business on June 4, 2003. Posthearing briefs should be filed with the Secretary by the close of business on June 27, 2003. In the event that no requests to appear at the hearing are received by the close of business on June 2, 2003, the hearing will be canceled. Any person interested in attending the hearing as an observer or non-participant may call the Secretary to the Commission (202-205-1816) after June 4, 2003 to determine whether the hearing will be held.

Written Submissions

In lieu of or in addition to appearing at the public hearing, interested persons are invited to submit written statements concerning the investigation. Written statements should be received by the close of business on June 27, 2003. Commercial or financial information which a submitter desires the
