Creatine Monohydrate from the People's Republic of China: Final Results of Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review.

SUMMARY: On February 28, 2003, the Department of Commerce published a notice of initiation and preliminary results of its changed circumstances review in creatine monohydrate from the People's Republic of China examining whether Suzhou Sanjian Nutrient and Health Products Co., Ltd. is the successor-in-interest of Suzhou Sanjian Fine Chemical Co. Ltd. We gave interested parties an opportunity to comment on the preliminary results of review but received no comments. The final results do not differ from the preliminary results of review, in which we found that Suzhou Sanjian Nutrient and Health Products Co., Ltd. is the successor-in-interest of Suzhou Sanjian Fine Chemical Co. Ltd.

EFFECTIVE DATE: April 18, 2003.

FOR FURTHER INFORMATION CONTACT: Blanche Ziv or Julie Santoboni, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4207 and (202) 482-4194, respectively.

SUPPLEMENTARY INFORMATION:**Background:**

On February 28, 2003, in accordance with Section 751(b) of the Act and 19 CFR 351.216 and 351.221(c)(3), the Department published its preliminary results in the **Federal Register**, preliminarily finding Suzhou Sanjian Nutrient and Health Products Co., Ltd. ("Suzhou Health Products") to be the successor-in-interest to Suzhou Sanjian Fine Chemical Co. Ltd. ("Suzhou Chemical"). (See *Creatine Monohydrate from the People's Republic of China; Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review*, 68 FR 9635 ("Preliminary Results")). We invited interested parties to comment on these findings. No comments were received.

Scope of the Review

Imports covered by this review are creatine monohydrate, which is commonly referred to as "creatine." The chemical name for creatine monohydrate is N-(aminoiminomethyl)-N-methylglycine monohydrate. The Chemical Abstracts Service ("CAS") registry number for this product is 6020-87-7. Creatine monohydrate in its pure form is a white, tasteless, odorless powder, that is a naturally occurring metabolite found in muscle tissue. Creatine monohydrate is provided for in subheading 2925.20.90 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Although the HTSUS subheading and the CAS registry number are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive.

Final Results of Review

Because we received no comments on the preliminary results, for the reasons stated in the *Preliminary Results* and based on the facts on the record, we find Suzhou Health Products to be the successor-in-interest to Suzhou Chemical for antidumping duty cash deposit purposes. In order to make this determination, we examined the management structure of Suzhou Chemical, including, but not limited to, copies of business licenses, financial statements, sales documents and organizational charts. Since the record shows that Suzhou Health Products maintained the same senior management, organizational structure, production facilities, supplier relationships and customers, among other things, we determine that Suzhou Health Products is the successor-in-interest to Suzhou Chemical.

Suzhou Health Products will be assigned the same antidumping duty cash-deposit rate (*i.e.*, a 50.32 percent antidumping duty cash-deposit rate) with respect to the subject merchandise as Suzhou Chemical, its predecessor company. This cash deposit requirement will be effective upon publication of this notice of final results of changed circumstances review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date. This cash deposit rate shall remain in effect until publication of the final results of the next administrative review in which Suzhou Health Products participates.

This determination is issued and published in accordance with sections 751(b)(1) and 777(i)(1) of the Act.

Dated: April 14, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Cut-to-Length Carbon Steel Plate from Mexico: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 25, 2002, in response to a request made by Bethlehem Steel Corporation and United States Steel Corporation ("Petitioners"), the Department of Commerce ("the Department") published in the **Federal Register** (67 FR 60210) a notice announcing the initiation of an administrative review of the antidumping duty order on cut-to-length carbon steel plate from Mexico. The review period is August 1, 2001, to July 31, 2002. This review has now been rescinded because Altos Hornos de Mexico, S.A. de C.V. did not have any shipments during the period of review ("POR").

EFFECTIVE DATE: April 18, 2003.

FOR FURTHER INFORMATION CONTACT: Michael Ferrier, Enforcement Group III, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Room 7866, Washington, DC 20230; telephone (202) 482-1394.

SUPPLEMENTARY INFORMATION:**The Applicable Statute**

Unless otherwise indicated, all citations are to the provisions of the Tariff Act of 1930, as amended (the Act). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (2002).

Scope of the Review

The merchandise under review is cut-to-length carbon steel plate. Although the Harmonized Tariff Schedule of the United States (HTSUS) subheadings are provided for convenience and customs purposes, the written description of the merchandise under review is dispositive.

These products include hot-rolled carbon steel universal mill plates (*i.e.*,

flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief, of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the HTSUS under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000. Included in this review are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling") for example, products which have been beveled or rounded at the edges. Excluded from this review is grade X-70 plate.

Background

On August 30, 2002, Petitioners requested that the Department conduct an administrative review of the sales of subject merchandise made by Altos Hornos de Mexico, S.A. de C.V. ("AHMSA") during the period August 1, 2001, to July 31, 2002. On September 25, 2002, the Department published in the **Federal Register** a notice announcing the initiation of an administrative review of the antidumping duty order on cut-to-length carbon steel plate from Mexico (see *Initiation of Antidumping and Countervailing Duty Administrative Reviews, Requests for Revocation in Part and Deferral of Administrative Reviews*, (67 FR 60210) September 25, 2002). On October 8, 2002, the Department issued an antidumping questionnaire to AHMSA. On October 17, 2002, AHMSA submitted a letter to the Department stating that neither AHMSA, nor any of its affiliated companies sold, shipped, or entered for consumption cut-to-length carbon steel plate from Mexico into the United States during the POR.

AHMSA also requested that the Department rescind the administrative review. In a letter dated October 25, 2002, petitioners requested that the Department investigate the conflict between AHMSA's claim of no entries or sales for consumption during the POR and the U.S. Census Bureau IM-145 data showing that 369 net tons of cut-to-length carbon steel plate from Mexico entered the United States during the POR. Petitioners also surmised that AHMSA is the only producer of cut-to-length carbon steel plate in Mexico. On March 25, 2003, the Department issued a supplemental questionnaire to AHMSA, inquiring whether AHMSA or any of its affiliates exported subject merchandise to the United States during the POR. On April 1, 2002, AHMSA responded to the Department's supplemental questionnaire. AHMSA stated that its only affiliated reseller, Nacional de Acero S.A. de C.V. ("NASA") did not have any exports of Mexican cut-to-length plate to the United States during the POR.

Pursuant to 19 C.F.R. 351.213(d)(3), the Department may rescind an administrative review, in whole or only with respect to a particular exporter or producer, if the Secretary concludes that, during the period of review, there were no entries, exports, or sales of subject merchandise. The Department performed a U.S. Customs Service query for entries of cut-to-length carbon steel plate from Mexico, classified under the Harmonized Tariff Schedule of the United States (HTSUS) item numbers in the "Scope Under Review" section of this **Federal Register** notice.

Additionally, the Department inquired with the U.S. Customs Service whether there were any shipments of cut-to-length carbon steel plate from Mexico. We found no entries or shipments from AHMSA or its affiliated reseller NASA during the POR of Mexican cut-to-length plate to the United States. This review has now been rescinded because AHMSA did not have any shipments during the POR. The Department will issue appropriate instructions to Customs.

This notice is issued and published in accordance with section 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: April 14, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Coastal Services Center Financial Assistance for Coastal Observing System Projects

AGENCY: National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of federal assistance.

SUMMARY: The NOAA Coastal Services Center is soliciting applications for federal assistance for the Director's Office in Coastal Observing System Support. This announcement provides guidelines which includes details for the evaluation criteria, and selection procedures. Selected recipients will enter into a grant with the Coastal Services Center.

DATES: Applications are due by 5 p.m., e.d.t., May 30, 2003. Applications received after that time will not be reviewed.

ADDRESSES: Send all proposals to NOAA Coastal Services Center, 2234 South Hobson Avenue, Charleston, South Carolina 29405-2413, Attention Geno Olmi, Room 234A.

FOR FURTHER INFORMATION CONTACT: Administrative questions should be directed to Violet Legette, 843-740-1222 or Violet.Legette@noaa.gov. Technical point of contact is Geno Olmi at 843-740-1230 or Geno.Olmi@noaa.gov.

SUPPLEMENTARY INFORMATION: The Coastal Services Center is soliciting applications for federal assistance for Coastal Observing System Projects. Recipients will enter into a grant with the Coastal Services Center.

All applicants are required to submit a NOAA Grants application package, budget narrative, curriculum Vitae for each principal investigator, and project proposal. The standard NOAA grants application package includes SF-424, SF-424A, SF-424B, CD-511, CD-512, SF-LLL and CD-346. These forms can be obtained from the NOAA grants Web site at <http://www.rdc.noaa.gov/grants/pdf/>. NOTE: CD-512 is a form that the recipient maintains. DO NOT submit this form to the Coastal Services Center. Also, SF-LLL should only be submitted as part of the grant application, if the recipient is reporting lobbying activities. If applicant is any of the following, a CD-346 is required to be submitted with
