List of Subjects in 49 CFR Part 571

Imports, Incorporation by reference, Motor vehicle safety, Reporting and recordkeeping requirements, Tires.

■ In consideration of the foregoing, NHTSA amends 49 CFR Chapter V as set forth below.

PART 571—FEDERAL MOTOR VEHICLE SAFETY STANDARDS

■ 1. The authority citation for part 571 continues to read as follows:

Authority: 49 U.S.C. 322, 30111, 30115, 30166 and 30177; delegation of authority at 49 CFR 1.50.

■ 2. Section 571.225 is amended by:

■ a. Revising S2;

■ b. Amending S3 by adding, in alphabetical order, a definition for "Funeral coach";

■ c. Revising the introductory text of S4.3(b);

■ d. Revising the title of S13 and adding S13.3; and

■ e. Revising S14.3(a).

The revised and added text read as follows:

571.225 Standard No. 225; Child restraint anchorage systems.

* * * * *

S2. *Application.* This standard applies to passenger cars; to trucks and multipurpose passenger vehicles with a gross vehicle weight rating (GVWR) of 3,855 kilograms (8,500 pounds) or less; and to buses (including school buses) with a GVWR of 4,536 kg (10,000 lb) or less. This standard does not apply to walk-in van-type vehicles, vehicles manufactured to be sold exclusively to the U.S. Postal Service, shuttle buses, and funeral coaches.

S3. *Definitions.*

* * * * *

Funeral coach means a vehicle that contains only a front row of occupant seats, is designed exclusively for transporting a body and casket and that is equipped with features to secure a casket in place during operation of the vehicle.

* * * * *

S4.3 * * *

(b) Each vehicle, including a vehicle that is counted toward the percentage of a manufacturer's yearly production required to be equipped with child restraint anchorage systems, shall be equipped as described in S4.3(b)(1), (2) or (3), subject to S13.

* * * * *

S13. *Tether anchorage phase-in requirements.*

* * * * *

S13.3 Until May 1, 2001, vehicles manufactured by a final-stage manufacturer or alterer need not be equipped with the tether anchorages required by S4.3 of this standard. Vehicles manufactured by a final-stage manufacturer or alterer on or after May 1, 2001 must be equipped with the tether anchorages specified in S4.3.

* * * * *

S14.3 * * *—(a) *Final-stage manufacturers and alterers.* A final-stage manufacturer or alterer may, at its option, comply with the requirements set forth in S14.3(a)(1) and (2), instead of the requirements set forth in S14.1.1 through S14.1.2.

(1) Vehicles manufactured on or after September 1, 2000 and before September 1, 2002 are not required to be equipped with the lower anchorages specified in this standard.

(2) Vehicles manufactured on or after September 1, 2002 must be equipped with the lower anchorages specified in this standard.

* * * * *

Issued on May 1, 2003.

Jeffrey W. Runge,

Administrator.

BILLING CODE 4910-59-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 021212307 3037-02; I.D. 042903A]

Fisheries of the Exclusive Economic Zone Off Alaska; Yellowfin Sole by Vessels Using Trawl Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Modification of a closure.

SUMMARY: NMFS is reopening directed fishing for yellowfin sole by vessels using trawl gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to utilize the amount of the second seasonal apportionment of the halibut bycatch allowance specified for the trawl yellowfin sole fishery category.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), May 12, 2003, through 1200 hrs, A.l.t., May 21, 2003.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and CFR part 679.

The amount of the second seasonal apportionment of the halibut bycatch allowance specified for the trawl yellowfin sole fishery category in the BSAI was established as 195 metric tons by the final 2003 harvest specifications for groundfish in the BSAI (68 FR 9907, March 3, 2003). In accordance with § 679.21(e)(7)(v), the directed fishery for yellowfin sole by vessels using trawl gear was closed effective 1200 hrs, A.l.t., April 17, 2003 (68 FR 19465, April 21, 2003) because it was expected that the second seasonal apportionment of the trawl halibut bycatch allowance specified for the yellowfin sole fishery category would be caught.

NMFS has determined that as of April 19, 2003, the remaining amount of the second seasonal apportionment of the halibut bycatch allowance specified for the trawl yellowfin sole fishery category is 73 metric tons. Therefore, NMFS is terminating the previous closure and is re-opening directed fishing for yellowfin sole by vessels using trawl gear in the BSAI effective 1200 hrs, A.l.t., May 12, 2003.

Classification

All other closures remain in full force and effect. This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is

contrary to the public interest. This requirement is contrary to the public interest as it would delay the opening of the fishery, not allow for the full utilization of the second seasonal apportionment of the halibut bycatch allowance specified for the trawl yellowfin sole fishery category, and therefore reduce the public's ability to use and enjoy the fishery resource.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 2, 2003.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 020718172-2303-02; I.D. 043003A]

Fisheries of the Exclusive Economic Zone Off Alaska; Chiniak Gully Research Area Opening for the Groundfish Trawl Fisheries of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Inseason adjustment; request for comments.

SUMMARY: The Administrator, Alaska Region, NMFS (Regional Administrator) proposes to open the Chiniak Gully Research Area in the Gulf of Alaska (GOA) to directed fishing for groundfish using trawl gear from August 1, 2003, through September 20, 2003. NMFS' Alaska Fisheries Science Center (AFSC) will not conduct research in this area in 2003. Therefore, the closure of the Chiniak Gully Research Area is not needed. This action is intended to

relieve an unnecessary restriction on groundfish trawl fisheries and allow the optimum utilization of fishery resources, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

DATES: Comments must be received at the following address no later than 4:30 p.m., A.l.t., June 6, 2003.

ADDRESSES: Comments may be mailed to Sue Salvesson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802, Attn: Lori Durall, or delivered to room 401 of the Federal Building, 709 West 9th Street, Juneau, AK. Comments also may be sent via facsimile (fax) to 907-586-7557. Comments will not be accepted if submitted via e-mail or Internet. Courier or hand delivery of comments may be made to NMFS in the Federal Building, Room 453, Juneau, AK 99801. Copies of the environmental assessment/regulatory impact review/final regulatory flexibility analysis (EA/RIR/FRFA) for the regulatory amendment to permit an investigation of the effect of commercial fishing on Walleye pollock distribution and abundance in localized areas off the east side of Kodiak Island, may be obtained from the same address.

FOR FURTHER INFORMATION CONTACT:

Melanie Brown, Sustainable Fisheries Division, Alaska Region, 907-586-7228 or email at melanie.brown@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council (Council) and approved by the Secretary of Commerce under authority of the Magnuson-Stevens Fisheries Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

Background

In April 2001, the Council endorsed a research project proposed by the AFSC in the Chiniak Gully off Kodiak Island to determine the effect of pollock fisheries on pollock school dynamics and the likelihood of localized depletions of Steller sea lion pollock prey. The research project requires the

closure of the Chiniak Gully Research Area to trawl fishing from August 1 to no later than September 20 in the years 2001 through 2004. A detailed description of the research project is provided in the EA/RIR/FRFA. For copies of this document, please contact NMFS (see **ADDRESSES**). The trawl closure necessary for this research project was implemented by emergency interim rules in 2001 (66 FR 37167, July 17, 2001) and in 2002 (67 FR 956, January 8, 2002), and by final rule in 2003 (68 FR 204, January 2, 2003).

Pursuant to § 679.22(b)(3)(ii)(B), the Regional Administrator may rescind the trawl closure of the Chiniak Gully Research Area by publishing notification in the **Federal Register** prior to September 20. Because the AFSC will not be conducting research in the Chiniak Gully Research Area in 2003, the Regional Administrator is proposing to rescind the closure specified in § 679.22(b)(3)(ii)(A) for August 1, 2003, through September 20, 2003. The 2003 closure would unnecessarily restrict the trawl groundfish fisheries because no research will be conducted this year. Rescinding the 2003 trawl closure will allow vessels participating in groundfish trawl fisheries to harvest their total allowable catch amounts without the operational constraints imposed by the closure.

The effective date of this action would be August 1, 2003, through September 20, 2003.

Classification

This action responds to the best available information recently obtained from the AFSC. Without this inseason adjustment, NMFS could not allow directed fishing for groundfish using trawl gear in the Chiniak Gully Research Area from August 1 through September 20, unnecessarily restricting the groundfish trawl fisheries. Interested persons are invited to submit written comments on this action to the above address until June 6, 2003. This action is pursuant to § 679.22 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 2, 2003.

Bruce C. Morehead,
