Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Manufacturers' Shipments, Inventories, and Orders (M3) Survey.

Form Number(s): M–3(SD).

Agency Approval Number: 0607–0008.

Type of Request: Extension of a currently approved collection.

Burden: 14,000 hours.

Number of Respondents: 3,500.

Avg Hours Per Response: 20 minutes.

Needs and Uses: The U.S. Census Bureau is requesting an extension of the currently approved collection for the Manufacturers' Shipments, Inventories, and Orders (M3) survey. This survey collects monthly data from domestic manufacturers on Form M–3 (SD), which is mailed at the end of each month. Data requested are shipments, new orders, unfilled orders, total inventory, materials and supplies, work-in-process, and finished goods. It is currently the only survey that provides broad-based monthly statistical data on the economic conditions in the domestic manufacturing sector. It is designed to measure current industrial activity and to provide an indication of future production commitments.

This survey provides an essential part of the current economic indicators needed for assessing the evolving status of the economy and formulating economic policy. The Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) has designated this survey as a principal federal economic indicator. The shipments and inventory data are essential inputs to the gross domestic product (GDP), while the orders data are direct inputs to the leading economic indicator series. The GDP and the economic indicator series would be incomplete without these data. The survey also provides valuable and timely domestic manufacturing data for economic planning and analysis to business firms, trade associations, research and consulting agencies, and the academia.

Affected Public: Business or other for-profit.

Frequency: Monthly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Sections 131 & 182.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Submission for OMB Review; Comment Request

SUPPLEMENTARY INFORMATION: The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the emergency provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration.

Title: Gulf of Mexico Shrimp Economic Data Collection.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Emergency submission.

Burden Hours: 134.

Number of Respondents: 120.

Average Hours Per Response: 52 minutes.

Needs and Uses: NOAA proposes to collect information on fishing vessel expenses and earnings on a voluntary and continuous basis in the Gulf of Mexico offshore shrimp fishery.

The information will be used to conduct socioeconomic analyses that will improve fishery management in the fishery. Used in conjunction with catch and effort data already being collected in this fishery as part of its dealer reporting program, as well as Coast Guard and fishing permit data on vessel characteristics, this data will be used to

assess how fishermen will be impacted by and respond to any regulation likely to be considered by fishery managers.

In addition, this data will be used to determine how fishing communities will be impacted by proposed fishing regulations. In the program's first year, the program will only cover vessels that primarily port in the state of Texas. The data will be collected by interviews.

Affected Public: Business or other for-profit, individuals or households.

Frequency: One-time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Administrative Review of Oil Country Tubular Goods from Mexico: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 9, 2003.

FOR FURTHER INFORMATION CONTACT:

Phyllis Hall at (202) 482-1398, or Abdelali Elouaradia at (202) 482-1374, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested, and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days and for the final determination to 180 days (or 300 days if the Department does not extend the time limit for the preliminary determination) from the date of publication of the preliminary determination.

Background

On September 25, 2002, the Department published in the **Federal Register** a notice announcing the initiation of an administrative review of the antidumping duty order on oil country tubular goods (OCTG) from Mexico. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 67 FR 60210. The period of review is August 1, 2001 through July 31, 2002. The preliminary results are currently due no later than May 5, 2003.

Extension of Time Limit for Preliminary Results of Review

The instant administrative review involves several complex issues that necessitate a greater amount of time, including discrepancies between the public version and proprietary version of U.S. Bureau of Customs and Border Protection import statistics. Therefore, it is not practicable to complete the preliminary results of this review within the original time limits mandated by section 751(a)(3)(A) of the Act. The Department is extending the time limit for completion of the preliminary results by 120 days, until not later than September 2, 2003.

This extension of the time limit is in accordance with sections 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: May 5, 2003.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration, Group III.
