28 CFR Part 513

[BOP-1100-P]

RIN 1120-AA96

Freedom of Information Act and Privacy Act Requests: Removal of Rules

AGENCY: Bureau of Prisons, Justice.

ACTION: Proposed rule.

SUMMARY: The Bureau of Prisons (Bureau) proposes to revise its Freedom of Information Act and Privacy Act regulations. We propose to eliminate rules pertaining to inmate requests to institutions for information, as these regulations pertain to internal agency practice and procedure and do not directly relate to the Freedom of Information Act (FOIA) or the Privacy Act (PA). We also propose to remove the remainder of our regulations regarding PA and FOIA requests for information. These rules merely reiterate and paraphrase general Department of Justice FOIA/PA regulations in 28 CFR part 16 and are therefore unnecessary in Bureau regulations.

DATES: Comments due by July 14, 2003.

ADDRESSES: Rules Unit, Office of General Counsel, Bureau of Prisons, 320 First Street, NW., Washington, DC 20534.

FOR FURTHER INFORMATION CONTACT:

Sarah Qureshi, Office of General Counsel, Bureau of Prisons, phone (202) 307-2105.

SUPPLEMENTARY INFORMATION: The Bureau proposes to amend its regulations on the Freedom of Information Act and Privacy Act (28 CFR part 513, subpart D). We published current regulations on this subject in the **Federal Register** on December 9, 1996 (61 FR 64950).

We now propose to eliminate our regulations regarding PA and FOIA requests for information (28 CFR 513.30-513-36 and 513.50-68). These rules merely reiterate and paraphrase general Department of Justice FOIA/PA

regulations in 28 CFR part 16 and are not, therefore, necessary in Bureau regulations.

Further, we also propose to eliminate rules pertaining to inmate requests (28 CFR 513.40-513.44) to institutions for information, as these regulations pertain to internal agency practice and procedure and do not directly relate to the Freedom of Information Act (FOIA) or the Privacy Act (PA).

Sections 513.40-513.44 of our current regulations are under the undesignated subheading "Inmate Requests to Institutions for Information." In this proposed rule, we removed these regulations because (1) they largely relate to internal agency procedures and directions to institution staff, (2) they cover procedures which are and will remain part of current Bureau policy, and (3) by removing them, we do not remove an inmate's ability to request information from institution staff without filing a FOIA request.

You can send written comments on this proposed rule to the Rules Unit, Office of General Counsel, Bureau of Prisons, 320 First Street, NW., Washington, DC 20534.

We will consider comments we get during the comment period before we take final action. If we can, we will try to consider comments we get after the end of the comment period. In light of comments we get, we may change the proposed rule.

We do not plan to have oral hearings on this proposed rule. All the comments we get remain on file for public inspection at the above address.

By approving it, the Director certifies that it will not have a significant economic impact upon a substantial number of small entities because: This rule is about the correctional management of offenders committed to the custody of the Attorney General or the Director of the Bureau of Prisons, and its economic impact is limited to the Bureau's appropriated funds.

Unfunded Mandates Reform Act of 1995

This rule will not cause State, local and tribal governments, or the private sector, to spend \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments. We do not need to take action under the Unfunded Mandates Reform Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by § 804 of the Small Business Regulatory Enforcement Fairness Act of 1996. This rule will not result in an annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

SUPPLEMENTARY INFORMATION: The Saint Lawrence Seaway Development Corporation (SLSDC) and the St. Lawrence Seaway Management Corporation (SLSMC) of Canada, under international agreement, jointly publish and presently administer the St. Lawrence Seaway Regulations and Rules (Practices and Procedures in Canada) in their respective jurisdictions. Under agreement with the SLSMC, the SLSDC is proposing to amend the joint regulations by making requirement for stern anchors applicable to new tug and barge combinations. Some tug and barge combinations that transit the Seaway carry dangerous or hazardous cargo and are just as large, 110 meters or more in combination, as the commercial vessels to which the requirement now applies. Accordingly, the SLSDC is proposing to make the requirement that a vessel be equipped with a stern anchor also applicable to these large tug and barge combinations. This will provide increased safety through greater control. Specifically, § 401.15, "Stern anchors", would be amended by adding a new subsection to read, "Every integrated tug and barge or articulated tug and barge unit greater than 110 m in overall length which is constructed after January 1, 2003, shall be equipped with a stern anchor."

In addition, the SLSDC is proposing changes to the manning requirements for navigation underway to ensure greater safety for all vessels, which includes tugs and tug and barge combinations as well. The rule already requires adequate manning and operation of the propulsion machinery. Inadequate manning of the wheelhouse and during mooring and other essential
