

near U.S. Highway 95, northwest of the Facility. The proposed natural gas transmission pipeline would be subject to an independent NEPA review as part of the Federal Energy Regulatory Commission licensing process. The Facility's new natural gas pipeline would parallel the existing Wellton-Mohawk Canal right-of-way for its full length of 12 miles.

The first phase of the Facility would interconnect at Western's Ligturta Substation. In response to Dome Valley's proposal, Western conducted a transmission system impact study and determined that upgrades and additions to the existing transmission system were needed to accommodate the Facility. Western's proposed actions would include upgrading the existing Ligturta Substation, upgrading Western's existing 12.7-mile Ligturta to Gila transmission line, adding 75 megavolt-ampere transformer capacity between the 161-kilovolt (kV) side and the 69-kV side in Western's Gila Substation near Yuma, constructing a new 18-mile transmission line between the Ligturta Substation and Arizona Public Service's North Gila Substation north of Yuma, and interconnecting this line at the North Gila Substation. The new Ligturta to North Gila transmission line would parallel the existing Wellton-Mohawk Canal for most of its length. In addition, Western would require that primary and secondary communication systems be installed to ensure reliable operation of the transmission system. Because the facility would be a major new source of generation and electricity generated by the Facility would be integrated into Western's transmission system, Western has determined that an EIS is required in accordance with DOE's NEPA Implementing Procedures, 10 CFR part 1021, Subpart D, Appendix D, class of action D6. The EIS will address the proposed action, a no-action alternative, and any action alternatives defined as a result of the EIS scoping process. Western will be the lead Federal Agency, as defined at 40 CFR 1501.5.

Portions of the transmission line upgrades and additions and a proposed natural gas pipeline for the Facility would cross lands managed by the U.S. Department of the Interior, Bureau of Land Management, Yuma Field Office (BLM). Since BLM would require rights-of-way grants for portions of the transmission line additions and new natural gas pipeline, BLM will participate as a cooperating agency in the preparation of the EIS.

The proposed Facility would be located on land currently owned by the U.S. Department of the Interior, Bureau of Reclamation (BOR). Title to this

property would be transferred by BOR to Wellton-Mohawk. The EIS will address the proposed property transfer, and the BOR will participate in the EIS review of the project as a cooperating agency.

Western, in consultation with the cooperating agencies, will carefully examine public health and safety, environmental impacts, and engineering aspects of the proposed Facility, the proposed transmission system upgrades and facilities, and the proposed natural gas pipeline. Even though only portions of the proposed Facility and its components would be addressed by Western, the BLM, or the BOR decisions, the EIS will address all components of the proposed Facility.

The EIS will be prepared in accordance with the requirements of the Council on Environmental Quality's NEPA Implementing Regulations (40 CFR parts 1500–1508) and DOE's NEPA Implementing Procedures (10 CFR part 1021). Western will invite tribal, local, and State agencies with special expertise or jurisdiction over the Project to be cooperating agencies on the EIS. Full public participation, including information prepared in both English and Spanish, and disclosure are planned for the entire EIS process. It is anticipated that the EIS process will take about 1 year and will include public information and scoping meetings; consultation and involvement with appropriate Federal, State, local, and tribal government agencies; public review and hearings on the published draft EIS; a published final EIS; a review period; and publication of a record of decision (ROD). Publication of the ROD is anticipated in 2004.

The scoping meetings will be structured as open houses, and provide interested parties an opportunity to view Facility and EIS process exhibits, and provide comments to Western and cooperating agency representatives. The meetings will be held June 3 and 4, 2003, between 6 p.m. and 9 p.m. at the Wellton Elementary School Gymnasium and the Yuma Civic and Convention Center, respectively. The meeting locations are handicapped accessible, and an interpreter for the hearing-impaired will be available to provide information for the hearing impaired. The scoping period expires on June 30, 2003.

Dated: May 8, 2003.

Michael S. Hacsakaylo,
Administrator.

BILLING CODE 6450–01–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–7500–3]

Agency Information Collection Activities: Continuing Collection; Comment Request; Land Disposal Restrictions No-Migration Variances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Land Disposal Restrictions No-Migration Variances, EPA ICR No.1353.07, OMB No. 2050–0062, expires on September 30, 2003. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before July 18, 2003.

ADDRESSES: Comments may be submitted by mail, through hand delivery/courier, or electronically. Follow the detailed instructions as provided in the **SUPPLEMENTARY INFORMATION** section.

The mailing address, referencing Docket ID No. RCRA–2003–0010, is: OSWER Docket (5305T) EPA Docket Center, U.S. Environmental Protection Agency Headquarters, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. Hand deliveries of comments should be made to the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. Comments may also be submitted electronically through the Internet to: rcra-docket@epa.gov. Comments in electronic format should also be identified by the Docket ID No. RCRA–2003–0010.

Commenters should not submit any confidential business information (CBI) electronically. An original and two copies of CBI must be submitted under separate cover to: RCRA CBI Document Control Officer, Office of Solid Waste (5303W), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

Hand deliveries must be brought to the OSWER Docket in the EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The Docket is open from 8:30 a.m. to 4:30 p.m. Monday through Friday, excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT:

David Eberly by phone at (703) 308-8645, by mail at the Office of Solid Waste (5303W), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, or by e-mail at eberly.david@epa.gov.

SUPPLEMENTARY INFORMATION:**A. How Can I Get Copies of the ICR Supporting Statement and Other Related Information?**

1. *Docket.* EPA has established an official public docket for this ICR under Docket ID No. RCRA-2003-0010. The official public docket consists of the documents specifically referenced in the ICR, any public comments received, and other information related to this ICR. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center (*see ADDRESSES* above). The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m. Monday through Friday, excluding Federal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the OSWER Docket is (202) 566-0740. Copies are \$0.15/page.

2. *Electronic Access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgrstr/>.

You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket identification number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI, and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket.

Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in A.1 above.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

B. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments in formulating a final decision.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs

further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. RCRA-2003-0010. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to rcra-docket@epa.gov, Attention Docket ID No. RCRA-2003-0010. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in **ADDRESSES**. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send an original of your comments, referencing Docket ID No. RCRA-2003-0010, to: OSWER Docket (Mailcode 5305T), EPA Docket Center, U.S. Environmental Protection Agency Headquarters, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC, Attention Docket ID

No. RCRA-2003-0010. Such deliveries are only accepted during the Docket's normal hours of operation, from 8:30 a.m. to 4:30 p.m. Monday through Friday, excluding Federal holidays.

C. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. Send or deliver information identified as CBI only to: RCRA CBI Document Control Officer, Office of Solid Waste (5303W), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington DC 20460, Attention Docket ID No. RCRA-2003-0010. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

D. What Information Is EPA Particularly Interested In?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information. In particular, for this ICR, EPA is soliciting information on the estimates for performing waste analyses as required in 40 CFR 264.13(a)(1) and 40 CFR 265.13(a)(1).

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

Affected Entities: Entities potentially affected by this action are owners and operators of hazardous waste management facilities.

Title: Land Disposal Restrictions No-Migration Variances, EPA ICR #1573.07, OMB No. 2050-0062, expires on September 30, 2003.

Abstract: To receive a variance from the hazardous waste land disposal prohibitions, owner/operators of hazardous waste storage or disposal facilities may petition the Environmental Protection Agency to allow land disposal of a specific restricted waste at a specific site. The EPA Regional Offices will review the petitions and determine if they successfully demonstrate "no migration." The applicant must demonstrate that hazardous wastes can be managed safely in a particular land disposal unit, so that "no migration" of any hazardous constituents occurs from the unit for as long as the waste remains hazardous. If EPA grants the variance, the waste is no longer prohibited from land disposal in that particular unit. If the owner/operator fails to make this demonstration, or chooses not to petition for the variance, best demonstrated available technology (BDAT) requirements of 40 CFR 268.40 must be met before the hazardous wastes are placed in a land disposal unit.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15.

Burden Statement: The Agency is estimating that no more than one respondent will prepare and submit a No-Migration variance petition during the three year period of this ICR. EPA estimates that the total annual respondent burden for all information collection activities will be approximately 3,137 hours, at an annual cost of \$187,105.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time

needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: May 8, 2003.

Robert Springer,

Director, Office of Solid Waste.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7499-7; Docket ID Numbers: OECA-2003-0019 to OECA-2003-0038]

Agency Information Collection Activities: Request for Comments on Twenty Proposed Information Collection Requests (ICRs)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following twenty continuing Information Collection Requests (ICRs) to the Office of Management and Budget (OMB). Before submitting the ICRs to OMB for review and approval, EPA is soliciting comments on specific aspects of the information collections as described at the beginning of **SUPPLEMENTARY INFORMATION**.

DATES: Comments must be submitted on or before July 18, 2003.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier service. Follow the detailed instructions as provided under **SUPPLEMENTARY INFORMATION**, section I.B.

FOR FURTHER INFORMATION CONTACT: The contact individuals for each ICR are listed under **SUPPLEMENTARY INFORMATION**, section II. C.

SUPPLEMENTARY INFORMATION:
