Title: Drinking Water State Revolving Fund Program (OMB Control Number 2040-0185, EPA ICR Number 1803.04). This is a request to renew an existing approved collection that is scheduled to expire on June 30, 2003. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: The Safe Drinking Water Act (SDWA) Amendments of 1996 (Pub. L. 104-182) authorize the creation of Drinking Water State Revolving Fund (DWSRF) programs in each State and Puerto Rico to assist public water systems to finance the costs of infrastructure needed to achieve or maintain compliance with SDWA requirements and to protect public health. Section 1452 authorizes the Administrator of EPA to award capitalization grants to the States and Puerto Rico which, in turn, provide low-cost loans and other types of assistance to eligible drinking water systems (*i.e.*, local respondents).

The information collection activities will occur primarily at the program level through the Capitalization Grant Application and Agreement/State Intended Use Plan, Biennial Report, Annual Audit, and Assistance Application Review. Information from these sources may be used for input into the DWSRF National Information Management System.

In order to receive a grant, the State must prepare a Capitalization Grant Application that includes an Intended Use Plan (IUP) outlining in detail how it will use funds in the program. The Capitalization Grant Agreement is the principal instrument by which the State commits to manage its revolving fund program in conformity with the requirements of the SDWA.

The State must agree to complete and submit a Biennial Report on the uses of the capitalization grant. The Biennial Report indicates how the State has met its goals and objectives of the previous two fiscal years as stated in the grant agreement, and more specifically in the IUP. The report provides information on loan recipients, loan amounts, loan terms, project categories of eligible costs, and similar data on other forms of assistance.

A State must comply with the provisions of the Single Audit Act Amendments of 1996. Best management practices suggest and EPA recommends

that a State conduct an annual independent audit of its DWSRF program (including set-asides), which contains an opinion on the financial condition of the DWSRF program, a report on its internal controls, and a report on compliance with applicable laws and the SDWA.

Because States provide assistance to local applicants, States assist local applicants in preparing DWSRF loan applications and verify that proposed projects will comply with applicable Federal and State requirements.

EPA will use the Capitalization Grant Application/State Intended Use Plan, Biennial Report, Annual Audit, and DWSRF National Information Management System to help conduct its oversight responsibilities as mandated by the SDWA.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1,652 hours per State and 80 hours per local respondent (including Indian Tribes and Alaska Native Tribes) annually. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State and local governments and local respondents.

Estimated Number of Respondents: 1,428.

Frequency of Response: Annually and biennially.

Estimated Total Annual Hour Burden: 194,395.

Estimated Total Annual Cost: \$6,898,416, includes \$0 annualized capital or O&M costs.

Changes in the Estimates: There is an increase of 1,445 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This increase is attributed to the increase in the estimated number of respondents participating in the DWSRF program. The increase in the number of respondents reflects the stabilizing of activities in the DWSRF program. The previous ICR included lower estimates for the earlier years to compensate for the program's early start-up phase.

[OPPT-2003-0022; FRL-7309-3]

Forum on State and Tribal Toxics Action; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing the meeting of the Forum on State and Tribal Toxics Action (FOSTTA) to collaborate on environmental protection and pollution prevention issues. The Tribal Affairs Project and representatives and invited guests of the Pollution Prevention Project, components of FOSTTA, will be meeting on June 4-5, 2003. The meeting is being held to provide the members of the two projects an opportunity to interact fully and to have in depth discussions on the state-of-the-art pollution prevention approaches used to develop and operate the Mohegan Sun Facility and on other pollution prevention issues. This notice announces the location and times for the meeting and sets forth some tentative agenda topics. EPA invites all interested parties to attend the public meeting.

DATES: The two projects will meet jointly June 4-5, 2003, from 8:30 a.m. to 5 p.m. Requests to participate in the spring FOSTTA meeting, identified by docket ID number OPPT-2003-0022, must be received by EPA on or before May 29, 2003.

ADDRESSES: The meeting will be held at the Mohegan Sun, 1 Mohegan Sun Boulevard, Uncasville, CT. Requests to participate in the meeting may be submitted to Christine Eppstein, listed under **FOR FURTHER INFORMATION**

CONTACT. Follow the detailed instructions as provided in Unit III. of the **SUPPLEMENTARY INFORMATION.**

FOR FURTHER INFORMATION CONTACT: *For general information contact:* Barbara Cunningham, Director, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are interested in FOSTTA and hearing more about the perspectives of the states and tribes on EPA programs and information exchange regarding important issues related to human health and environmental exposure to toxics. Potentially affected entities may include, but are not limited to:

- States and federally recognized tribes.
- State, federal, local environmental, and public health organizations.

The listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the technical persons listed under **FOR FURTHER INFORMATION CONTACT.**

B. How Can I Get Copies of this Document and Other Related Documents?

1. *Docket.* EPA has established an official public docket for this action under docket ID number OPPT-2003-0022. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does

not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at EPA's Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. EPA's Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. EPA's Docket Center Reading Room telephone number is (202) 566-1744, and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through EPA's Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA's Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit II.1. Once in the system, select "search," then key in the appropriate docket ID number.

C. How Can I Request to Participate in this Meeting?

You may submit a request to participate in this meeting to Christine Eppstein, the technical person listed under **FOR FURTHER INFORMATION**

CONTACT. Do not submit any information in your request that is considered Confidential Business Information (CBI). Requests to participate in the meeting, identified by docket ID number OPPT-2003-0022, must be received on or before May 29, 2003.

II. Background

The Toxic Substances Control Act, 15 U.S.C. 2609 section 10(g), authorizes EPA and other federal agencies to establish and coordinate a system for exchange among federal, state, and local authorities of research and development results respecting toxic chemical substances and mixtures, including a system to facilitate and promote the development of standard data format and analysis and consistent testing procedures. Through FOSTTA, the Chemical Information and Management Project (CIMP) focuses on EPA's

chemical program and works to develop a more coordinated effort involving federal, state, and tribal agencies. The Pollution Prevention Project (P2) promotes the prevention ethic across society, helping companies incorporate P2 approaches and techniques and integrating P2 into mainstream environmental activities at both the federal level and among the states. The Tribal Affairs Project (TAP) concentrates on chemical and prevention issues that are most relevant to the tribes, including lead control and abatement, Tribal traditional/subsistence lifeways, hazard communications, and outreach. FOSTTA's vision is to reinvigorate the projects, focus on major policy-level issues, recruit more senior state and tribal leaders, increase outreach to all 50 states, some 560 federally recognized tribes, and vigorously seek ways to engage the states and tribes in ongoing substantive discussions on complex and often times controversial environmental issues that states and tribes resolve at their respective levels of government. In January 2002, the Environmental Council of the States (ECOS), in cooperation with the National Tribal Environmental Council (NTEC), was awarded the new FOSTTA cooperative agreement. ECOS, NTEC, and EPA's Office of Pollution Prevention and Toxics (OPPT) are co-sponsoring the meetings. As part of a cooperative agreement, ECOS facilitates on going efforts of the state and tribal leaders and OPPT to increase understanding and improve collaboration on toxics and pollution prevention issues and to continue a dialogue on how federal environmental programs can best be implemented among the states, tribes, and EPA.

III. The Meeting

In the interest of time and efficiency, the meetings are structured to provide maximum opportunity for state, tribal, and EPA participants to discuss items on the predetermined agenda. At the discretion of the chair, an effort will be made to accommodate participation by observers attending the proceedings. The FOSTTA representatives and EPA will collaborate on environmental protection and prevention issues. The tentative agenda items identified by the states and the tribes follow:

- Overview of the Mohegan Sun Facility and the P2 approaches used in its development and operation.
- Technology transfer discussion.
- P2Rx Pollution Prevention information currently available.
- Discussion of tribal needs and P2Rx resources or potential products.
- OPPTS tribal strategy.

[Program Announcement 03065]

Building Capacity for Population-Based Surveillance of Autism Spectrum Disorders and Other Developmental Disabilities; Notice of Availability of Funds

Application Deadline: July 18, 2003.

A. Authority and Catalog of Federal Domestic Assistance Number

This program is authorized under sections 301, 311 and 317(C) of the Public Health Service Act, (42 U.S.C. 241, 243 and 247b-4 as amended). The Catalog of Federal Domestic Assistance number is 93.283.

B. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2003 funds for a cooperative agreement program for Building Capacity for Population-Based Surveillance of Autism Spectrum Disorders (ASDs) and other Developmental Disabilities (DDs).

CDC is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2010." This announcement is related to the focus area of Maternal, Infant and Child Health.

The purpose of this program is to enhance the capacity to design and implement population-based, multiple-source surveillance for ASDs and other DDs to include children who are eight years of age.
