[STB Ex Parte No. 282 (Sub-No. 20)]

Railroad Consolidation Procedures—Exemption For Temporary Trackage Rights

AGENCY: Surface Transportation Board.

ACTION: Final rule.

SUMMARY: The Surface Transportation Board (Board) amends its rules to exempt from regulation, under 49 U.S.C. 10502, as a class, authorization of temporary trackage rights proposals under 49 U.S.C. 11323 that are based on written agreements, are not filed or sought in responsive applications in rail consolidation proceedings, are limited to overhead operations, and expire on a date certain. This class exemption would permit authorization of temporary trackage rights for a limited period of time, not to exceed 1 year from the effective date of the exemption. It would also permit termination of such rights without the need to file for discontinuance authority at the end of the authorization period, as the authority would automatically terminate on the date specified. Carriers taking advantage of this class exemption are subject to the standard provisions for the protection of employees. The exemption automatically removes these transactions from regulatory oversight and simplifies and expedites the process for commencing temporary trackage rights operations. The regulations at 49 CFR Part 1180 are amended, as set forth in the Appendix, to implement this action.

DATES: This rule is effective on June 22, 2003.

FOR FURTHER INFORMATION CONTACT: Joseph H. Dettmar, (202) 565-1600. [Federal Information Relay Service (FIRS) for the hearing impaired: 1-800-877-8339.]

SUPPLEMENTARY INFORMATION: The rules adopted here were initially proposed in the **Federal Register** at 68 FR 6695, on February 10, 2003. Additional information is contained in the Board's decision. Copies of the Board's decision may be purchased from Da-2-Da Legal Copy Service by calling 202-293-7776 (assistance for the hearing impaired is available through FIRS at 1-800-877-8339) or visiting Suite 405, 1925 K Street, NW., Washington, DC 20006.

By a separate decision served on February 10, 2003, in these proceedings, the Director of the Office of Proceedings has certified that this rule would not have a significant impact on a substantial number of small entities. The Board has received no public comment disputing the certification.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.
