D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person listed under **FOR FURTHER INFORMATION CONTACT.**

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document the Wireless Telecommunications Bureau (Bureau) announces it has mailed audit letters to licensees holding authorizations for certain site-specific licenses operating in three commercial radio services in the 220-222 MHz band.

DATES: Response is needed by June 13, 2003.

ADDRESSES: <http://www.wireless.fcc.gov/uls>.

FOR FURTHER INFORMATION CONTACT: Denise D. Walter, Commercial Wireless Division, at 202-418-0620.

SUPPLEMENTARY INFORMATION: This is a summary of the Federal Communications Commission's *Public Notice*, DA 03-1735, released on May 20, 2003. 1. On May 14, 2003, the Federal Communications Commission's (FCC) Wireless Telecommunications Bureau (Bureau) began its license audit of the operational status of certain site-specific licenses operating in the 220-222 MHz band in the following radio services: QT (non-nationwide 5-channel trunked systems), QD (non-nationwide data), and QO (non-nationwide other).

2. Every licensee in these radio services must respond and certify, by June 13, 2003, that its authorized station(s) has not discontinued operations for one year or more.

3. Audit letters were mailed to the licensees at their address of record. If a licensee received more than one audit letter, they must respond to each letter sent by the Commission in order to account for all of its call signs that are part of the audit. Licensees can use the *Audit Search* at <http://wireless.fcc.gov/licensing/audits/220> to determine if a particular call sign is part of the audit. If the *Audit Search* shows a letter was mailed, the licensee is required to respond to the audit even though the audit letter was not received. For instructions on how to proceed in this instance, licensees should call the Commission at 717-338-2888 or 888-CALLFCC (888-225-5322) and select option 2.

4. The process for responding to the audit was included in the audit letter. A response is mandatory and must be submitted electronically by June 13, 2003. Failure to provide a timely response may result in the Commission presuming that the station has been non-operational for one year or more, and thus the license may be presumed to have automatically cancelled. Failure

to provide a timely response may also result in a enforcement action, including monetary forfeiture, pursuant to section 503(b)(1)(B) of the Communications Act and 47 CFR 1.80(a)(2).

Federal Communications Commission.

Chief, Commercial Wireless Division, Wireless Telecommunications Bureau.
