

sites performing rapid testing for HIV antibodies. This program will offer laboratories/testing sites an opportunity for:

- (1) Assuring that the laboratories/testing sites are providing accurate tests through external quality assessment;
- (2) Improving testing quality through self-evaluation in a non-regulatory environment;

(3) Testing well characterized samples from a source outside the test kit manufacturer;

(4) Discovering potential testing problems so that laboratories/testing sites can adjust procedures to eliminate them;

(5) Comparing individual laboratory/testing site results to others at a national and international level, and consulting with CDC staff to discuss testing issues.

Participants in the MPEP HIV Rapid Testing program will be required to complete a laboratory practices questionnaire survey annually. In addition, participants will be required to submit results twice/year after testing mailed performance evaluation samples. The annual burden hours are estimated to be 175.

[Program Announcement 03053]

Expansion of HIV Voluntary Counseling and Testing, Prevention of Mother-to-Child Transmission Studies, and HIV Surveillance in the Republic of South Africa; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2003 funds for a cooperative agreement program for the expansion of HIV Voluntary Counseling and Testing (VCT), Prevention of Mother-To-Child Transmission (PMTCT) services and HIV/AIDS surveillance in the Republic of South Africa. The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to the National Department of Health (NDOH) South Africa. The South Africa NDOH is the only appropriate and qualified organization to conduct a specific set of activities supportive of the CDC GAP's technical assistance to South Africa because:

1. The South Africa NDOH is uniquely positioned, in terms of legal authority, and commitment to the development and implementation of model VCT, PMTCT services and national HIV/AIDS surveillance in South Africa.

2. The NDOH already has established mechanisms to develop and implement VCT, PMTCT services and HIV/AIDS surveillance throughout all nine provinces enabling it to become engaged immediately in the activities listed in this announcement.

3. Guidelines and standards for VCT, PMTCT testing, counseling, training, referral services and HIV/AIDS surveillance have been developed and disseminated.

4. The purpose of the announcement is to build upon the existing framework of HIV prevention activities that the NDOH itself has developed or initiated.

5. The NDOH is mandated by the South African government to coordinate and implement HIV Prevention activities. This includes increased access to VCT, PMTCT and HIV/AIDS surveillance within South Africa.

6. No other institution has the capacity, legal mandate or expertise to accomplish these tasks.

C. Funding

Approximately \$700,000 is available in FY 2003 to fund this award. It is expected that the award will begin on or before September 1, 2003 and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

This notice should be used for funding opportunities available for fiscal year 2003 for State grants for election assistance for individuals with disabilities.

Part I: Introduction

The Help America Vote Act (HAVA), signed into law by President George W. Bush on October 29, 2002, contains several provisions that will enable an applicant to establish, expand, and improve access to and participation by individuals with the full range of disabilities (e.g., blindness or visual impairment, deafness or hearing impairment, mobility-related, dexterity-related, emotional or intellectual) in the election process. The Catalog of Federal Domestic Assistance Number for this announcement is: 93.617.

Background

On February 20, 2003, in Division (N)—“Emergency Relief and Offsets,” title I Election Reform, Disabled Voters Services, the Miscellaneous Appropriations Act, 2003, Pub. L. 108-7, Congress appropriated \$13 million for States to operate the Election Assistance for Individuals with Disabilities (EAID) grant program. HAVA assigned responsibility for the EAID to the Secretary of Health and Human Services (the Secretary), who has assigned responsibility for carrying out this program to the Administration for Children and Families (ACF). Within

ACF, the Administration on Developmental Disabilities (ADD) is responsible for the administration of the EAID grant program.

Eligible Applicants

As defined by section 901 of HAVA, States (including the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, and the Virgin Islands) are eligible to apply for grants under the EAID program. Grants are not available to local units of government directly from the Federal government in FY 2003 because Division (N)—“Emergency Relief and Offsets,” title I Election Reform, Disabled Voters Services, the Miscellaneous Appropriations Act, 2003, Pub. L. 108-7, only appropriated funds for grants to States for FY 2003. Thus, while units of local government as well as States are eligible for funding under section 261 of the Help America Vote Act, the annual appropriations statute did not make funds available for grants to local governments.

Availability and Distribution of Funds

Congress appropriated \$13,000,000 for payments to States for Federal fiscal year 2003. Payment amounts to States and Territories will be based on the relative size of the voting age population (i.e., number of individuals 18 years of age or older as reported in the 2000 U.S. Census) of those States and Territories requesting payment, with the exception that no State or Territory applying for funds shall receive a payment of less than \$100,000. See Table I for the amount reserved for each State and Territory, assuming all 55 States and Territories submit applications. If fewer than 55 States and Territories submit applications, those States and Territories applying for payment will receive a proportionately higher amount than that listed on Table I.

Any payment distributed shall remain available until expended.

In order to receive a payment a State must meet all of the requirements in part II of this notice. State governments receiving funds under this announcement will need to collaborate with local chief election officials and local units of government (including Indian tribes which are involved in
