**SUPPLEMENTARY INFORMATION:****A. Background**

The rule amends the FAR to implement section 834 of the Homeland Security Act of 2002 (Pub. L. 107–296). Section 834 adds new considerations concerning the submission, receipt, evaluation, and acceptance or rejection of unsolicited proposals. The rule will require that a valid unsolicited proposal not address a previously published agency requirement. It also requires that, before initiating a comprehensive evaluation, the agency must determine that the proposal contains sufficient cost-related or price-related information for evaluation, and that it has overall scientific, technical, or socioeconomic merit.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

**B. Regulatory Flexibility Act**

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because, while we have made changes in accordance with plain language guidelines, we have not substantively changed procedures for award and administration of contracts. An Initial Regulatory Flexibility Analysis has, therefore, not been performed. We invite comments from small businesses and other interested parties. The Councils will consider comments from small entities concerning the affected FAR Part 15 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (FAR case 2002–027), in correspondence.

**C. Paperwork Reduction Act**

The Paperwork Reduction Act does not apply because the proposed changes to the FAR do not impose information collection requirements that require the

approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
