Title: IRS Taxpayer Advocate Service Benchmark Survey, Focus Group and Telephone Interview.

Description: In September 2002, the Taxpayer Advocate Service (TAS) completed an extensive one-year research program that identified its target audience far more definitively. The research program showed that the actual target was much broader and included a wide mix of different life circumstances—ranging from Affluent Families and Empty Nesters at the higher end of the income scale, to the Stable Middle Class in the center, to the Surviving Spouses, Struggling Young Families, and Unmarried Poor at the

lower end of the income scale. The research also showed that Small Business Owners are an important element of the target audience, while Non-English Speaking Taxpayers are not as important as had been believed (with the latter segment being no more prevalent in the TAS target audience than in the Total Taxpayer audience). TAS is planning communications to the Underserveds, with a focus on four key segments of the Underserved audience—Surviving Spouses, Struggling Young Families, Unmarried Poor, and Small Business Owners. It is necessary to conduct a marketing research effort to guide development of new communications and track their impact, while continuing the tracking of the target audience that is a part of the overall research strategy of TAS.
