Maverick Tube Corp., Beaver Falls, PA;  
Notice of Revised Determination on  
Remand

The United States Court of International Trade (USCIT), on May 6, 2003, granted the Secretary of Labor's motion for voluntary remand for further investigation of the negative determination in *Former Employees of Maverick Tube Corp. v. U.S. Secretary of Labor* (Court No. 02-00185).

The Department's initial denial of the petition for employees of Maverick Tube Corporation, Beaver Falls, Pennsylvania was issued on December 31, 2001 and

published in the **Federal Register** on January 11, 2002 (67 FR 1510). The investigation revealed that criterion (3) was not met. The Department conducted a survey of the major declining customers of Maverick Tube Corp., regarding their purchases of cold drawn tubular products for 1999, 2000 and January through March 2001. The results of the survey indicated that customer import purchases of cold drawn tubular product declined during the relevant period.

On remand, the Department conducted a survey of additional customers not supplied during the initial investigation. The survey revealed that customers increased their reliance on imported cold drawn tubular products during the relevant period.

#### Conclusion

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with cold drawn tubular products produced at Maverick Tube Corporation, Beaver Falls, Pennsylvania contributed importantly to the decline in sales or production and to the total or partial separation of workers of that firm.

In accordance with the provisions of the Trade Act, I make the following certification:

All workers of Maverick Tube Corporation, Beaver Falls, Pennsylvania who became totally or partially separated from employment on or after May 11, 2000, through two years from the issuance of this revised determination, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 19th day of June 2003.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm.

Information provided by the State shows that workers of R.A.G.S., Inc. were leased workers of Selective HR Solutions V, Inc. to produce ladies' jackets at the Lexington, North Carolina location of the subject firm. Leased workers of Selective HR Solutions V, Inc. were also employed at the subject firm's Richfield, North Carolina location of the subject firm to cut the material that was used to produce jackets at the Lexington, North Carolina location.

Information also shows that workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Selective HR Solutions V, Inc.

Accordingly, the Department is amending the certification to properly reflect these matters.

The intent of the Department's certification is to include all workers of R.A.G.S., Inc. who were adversely affected by increased imports.

The amended notice applicable to TA-W-51,487 and TA-W-51,487A are hereby issued as follows:
