TSI Graphics, Inc., Effingham, IL, and Including an Employee of TSI Graphics, Inc., Located in New Port Richey, FL; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on April 8, 2003, applicable to workers of TSI Graphics, Inc., Effingham, Illinois. The notice was published in the **Federal Register** on April 24, 2003 (68 FR 20177).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. New information shows that worker separations occurred involving an employee of the Effingham, Illinois facility of TSI Graphics, Inc., located in Port Richey, Florida. This employee was engaged in the production of textbook color work/graphics as disk-to-plate files.

Based on these findings, the Department is amending this certification to include an employee of the Effingham, Illinois facility of TSI Graphics, Inc., located in New Port Richey, Florida.

The intent of the Department's certification is to include all workers of TSI Graphics, Inc. who were adversely affected by increased imports.

The amended notice applicable to TA-W-50,834 is hereby issued as follows:

All workers of TSI Graphics, Inc., Effingham Illinois (TA-W-50,834), including an employee of TSI Graphics, Inc., Effingham, Illinois, located in New Port Richey, Florida (TA-W-50,834A), who became totally or partially separated from employment on or after February 5, 2002, through April 8, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed at Washington, DC this 24th day of June 2003.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Delphi Automotive Systems Corp., Delphi Delco Electronics Division, Body and Security Team, Oak Creek, WI; Notice of Revised Determination on Remand

The United States Court of International Trade (USCIT), on March 26, 2003, granted the Secretary of Labor's motion for voluntary remand for further investigation of the negative determination in *Former Employees of Delphi Automotive Systems Corp. v. U.S. Secretary of Labor* (Court No. 02-00565).

The Department's initial denial of the petition for employees of Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin (NAFTA-05755) was issued on April 16, 2002 and published in the **Federal Register** on May 2, 2002 (67 FR 22115). The denial was based on the fact that the workers' firm did not produce an article as required for certification under section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974.

On administrative reconsideration, the Department issued a "Notice of Negative Determination Regarding Application for Reconsideration" on June 18, 2002 for the employees of Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin. The notice was published in the **Federal Register** on July 22, 2002 (67 FR 47865 and 47866). The Department affirmed that workers were not engaged in the production of a product at the subject facility. The Department found that any shifts in plant activities were related to engineering, rather than production.

On remand, the Department contacted the company for additional information concerning plant activities and potential shifts in these activities to Mexico.

Based on additional information obtained from the company, it has become apparent that a portion of the functions performed at the subject firm

constitute a fundamental part of the production of an article. It has also been determined that this production and a meaningful portion of plant support activities were shifted to Mexico, thus leading to plant employment declines during the relevant period.

This certification is limited to the workers of the company listed on the first page of the petition as "the company division or subdivision of the subject (affected) workers": Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin. This petition does not cover the workers of Manpower Professional, an unaffiliated firm of the subject firm.

On page two of their petition the petitioners identified Manpower Professional as a "primary firm affected by NAFTA." However, Manpower Professional supplied personnel to Delphi's Oak Creek facility and therefore was not a "primary firm." Manpower Professional did not supply components, unfinished, or semifinished goods to Delphi's Oak Creek facility, nor did they assemble or finish products made by Delphi's Oak Creek facility.

Conclusion

After careful review of the additional facts obtained on remand, I conclude that there was a shift in production from the workers' firm to Mexico of articles that are like or directly competitive with those produced by the subject firm. In accordance with the provisions of the Trade Act, I make the following certification:

All workers of Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin who became totally or partially separated from employment on or after January 3, 2001, through two years from the issuance of this revised determination, are eligible to apply for NAFTA-TAA under section 250 of the Trade Act of 1974.

Signed at Washington, DC this 17th day of June 2003.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

[Docket No. ICR 1218-0209 2003]

Proposed Information Collection Request Submitted for Public Comment and Recommendations; OSHA Data Initiative (1218-0209)

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Occupational Safety and Health Administration (OSHA) is soliciting comments concerning the proposed extension of the information collection request for the OSHA Data Initiative. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before September 2, 2003. The Department of Labor is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.

ADDRESSES: Comments are to be submitted to the Docket Office, Docket No. ICR 1218-1209 2003, U.S. Department of Labor, Room N-2625, 200 Constitution Ave., NW., Washington, DC 20210, telephone (202) 693-2350. Written comments limited to 10 pages or fewer may be transmitted by facsimile to (202) 693-1648.

FOR FURTHER INFORMATION CONTACT:

Dave Schmidt, Office of Statistical Analysis, Occupational Safety and Health Administration, U.S. Department of Labor, Room N3644, 200 Constitution Avenue, NW., Washington, DC 20210, telephone (202) 693-1886. Copies of the referenced information collection request are available for inspection and copying in the Docket Office and will be mailed to persons who request copies by telephoning Dave Schmidt at (202) 693-1886 or Todd Owen at (202) 693-3222. For electronic copies of the OSHA Data Initiative information collection request, contact OSHA's Web Page on the Internet at http://www.osha-slc.gov/OCIS/Info_coll.html.

SUPPLEMENTARY INFORMATION:

I. Background

To meet many of OSHA's program needs, OSHA is proposing to continue its data initiative to collect occupational injury and illness data and information on the number of workers employed and the number of hours worked from establishments in portions of the private sector and from some state and local government agencies. OSHA will collect calendar year 2002 data from up to 109,000 employers already required to create and maintain records pursuant to 29 CFR part 1904. These data will allow OSHA to calculate occupational injury and illness rates and to focus its efforts on individual workplaces with ongoing serious safety and health problems. Successful implementation of the data collection initiative is critical to OSHA's outreach and enforcement efforts and the data requirements tied to the Government Performance and Results Act (GPRA).

II. Current Actions

This notice requests public comment on an extension of the current OMB approval of the paperwork requirements for the OSHA Data Initiative system.
