[TA-W-41,288 & NAFTA-6104]

International Truck and Engine Corp., a Subsidiary of Navistar International Corp., Springfield, Ohio; Notice of Negative Determination Regarding Application for Reconsideration

On May 9, 2003, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on May 29, 2003 (68 FR 32124).

The Department initially denied trade adjustment assistance to workers of International Truck and Engine Corporation, a subsidiary of Navistar International Corporation, Springfield, Ohio because the "contributed importantly" group eligibility requirement of section 222(3) and section 250 of the Trade Act of 1974 were not met. The TAA investigation revealed that criterion (3) was not met; the company did not import medium, heavy or severe service trucks and aggregate U.S. imports of medium, heavy, and severe service trucks decreased during the relevant period. The NAFTA-TAA petition for the same worker group was denied because criteria (3) and (4) of the group eligibility requirements in paragraph (a)(1) of section 250 of the Trade Act, as amended, were not met. The subject firm did not import medium, heavy, or severe service trucks, nor was production of medium, heavy, or severe service trucks shifted from the workers' firm to Mexico or Canada.

On reconsideration, as requested by the International Union, United Automobile, Aerospace & Agricultural Workers of America—UAW, Region 2B, and Local Unions 402 and 658, the Department considered several allegations and supporting documentation provided by the union to determine if an error had been made in the original negative determination.

The first allegation concerns a shift in production of final cab assembly from the Springfield plant to an affiliated plant in Escobedo, Mexico. To support this allegation, the union provided testimony from two employees who were aware of "knockdown cab assemblies" being shipped to Mexico for final welding.

In response to this allegation, a company official confirmed that the company has cab subassemblies shipped to Mexico from Springfield.
