SUPPLEMENTARY INFORMATION: Section 2861 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001, as amended by section 2841 of the Bob Stump National Defense Authorization Act for Fiscal Year 2003, authorizes the conveyance of parcels of real property at Los Angeles Air Force Base in exchange for the design and construction of facilities meeting seismic and safety design standards for Los Angeles, California, to consolidate mission and support functions at the base. A draft Environmental Assessment (EA) was prepared in September 2002 in accordance with the NEPA and the CEQ regulations implementing NEPA to analyze the potential environmental consequences of the land conveyance and seismic upgrade. As a result of public comments in received on the EA in October 2002, the Air Force has entered into an agreement with the Cities of El Segundo and Hawthorne, California to revise the proposed action and to prepare a joint EIS/EIR on the project.

The proposed action would include, among other components, the construction of 560,000 square feet of administrative and special use facilities for the Air Force on Area B (located within the City of El Segundo); non-Air Force development of 975 condominium residential units on Area A (City of El Segundo annex to City of Hawthorne pending), and non-Air Force development of 333 condominium residential units on the Lawndale Annex (City of Hawthorne). No changes would occur to the Sun Valley property located in the City of Los Angeles.

Alternatives include a reduced density alternative at the conveyed, redeveloped properties; a retail-commercial alternative at the conveyed, redeveloped properties; a renovation alternative, using traditional Military Construction (MILCON) funding to implement the land conveyance and development project; and the no-action alternative, under which the Air Force will continue to operate current facilities with limited MILCON and facility alteration/repair projects.

A scoping meeting will be held to identify significant issues to be addressed in the EIS/EIR. To ensure that

a full range of issues related to this proposed action are identified and addressed, scoping comments are invited from all interested parties. A public scoping meeting is scheduled to be held, as follows:

Date: Thursday, January 30, 2003.

Time: 8 a.m.

Place: City Council Chambers, 350 Main Street, El Segundo, California.

Written comments pertaining to the proposed action will be accepted throughout the EIS/EIR planning process. However, to ensure proper consideration in preparation of the draft EIR/EIS, scoping comments should be received within 15 days of the publication of this notice. The draft EIS/EIR is planned for publication and distribution in February 2003. Copies may be obtained, upon request, from the Air Force point of contact.
