SUPPLEMENTARY INFORMATION:

Background

The Debt Discharge Rules

Pursuant to section 61(a)(12), gross income includes income from the discharge of indebtedness (COD income). Section 108(a)(1), which reflects the amendments enacted in the Bankruptcy Tax Act of 1980, Public Law 96–589, section 2, 94 Stat. 3389 (1980) (1980–2 C.B. 607), however, provides that, where the discharge occurs in a title 11 case, where the taxpayer is insolvent, or where the indebtedness is "qualified farm indebtedness" or "qualified real property business indebtedness," gross income does not include any amount that otherwise would be includible in gross income by reason of that discharge (in whole or in part) of the indebtedness of the taxpayer.

Although section 108(a) excludes COD income from gross income under those circumstances, section 108(b) requires the reduction of certain tax

attributes in an amount that reflects the amount excluded from gross income, thereby generally deferring, rather than permanently eliminating, the inclusion of COD income. Section 108(b)(2) requires the reduction of the following tax attributes of the taxpayer in the following order: (A) Net operating losses; (B) general business credits; (C) minimum tax credits; (D) capital loss carryovers; (E) adjusted basis of property; (F) passive activity losses and credit carryovers; and (G) foreign tax credit carryovers. Section 108(b)(4)(A) provides that the reductions are made after the determination of the tax imposed for the taxable year of the discharge. Section 108(b)(4)(B) provides that the reductions of net operating losses and capital loss carryovers are made first in the loss for the taxable year of the discharge and then in the carryovers to such taxable year in the order of the taxable years from which each such carryover arose. If the excluded COD income exceeds the sum of the taxpayer's tax attributes, the excess is disregarded such that it does not result in income or have other tax consequences. *See* H.R. Rep. No. 96–833, at 11 (1980).

Instead of reducing tax attributes in the order set forth in section 108(b)(2), a taxpayer may elect under section 108(b)(5) to reduce first the adjusted bases of depreciable property to the extent of the excluded COD income. The amount to which the election applies is limited to the aggregate adjusted basis of the depreciable property held by the taxpayer as of the beginning of the taxable year following the taxable year in which the discharge occurs. If the adjusted bases of depreciable property are insufficient to offset the entire amount of excluded COD income, the taxpayer must then reduce any remaining tax attributes in the order set forth in section 108(b)(2). Congress intended the election under section 108(b)(5) to allow debtors, including debtors in bankruptcy, to account for a debt discharge amount in a manner most favorable to their tax situations. *See* S. Rep. No. 96–1035, at 10 (1980); H.R. Rep. No. 96–833, at 9 (1980).

Section 1017(a) provides that when any portion of COD income excluded from gross income under section 108(a) is to be applied to reduce basis, then such portion shall be applied to reduce the basis of any property held by the taxpayer at the beginning of the taxable year following the taxable year in which the discharge occurs. Section 1017(b)(1) provides that the amount of reduction under section 1017(a), and the particular properties the bases of which
