

rule will not have substantial direct effects on tribal governments, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified in Executive Order 13175. Thus, Executive Order 13175 does not apply to this rule.

IX. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a

report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a “major rule” as defined by 5 U.S.C. 804(2).

RIN 1625–AA74 (Formerly 2115–AG46)

Basic Rates and Charges on Lake Erie and the Navigable Waters From Southwest Shoal to Port Huron, MI

AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule; change of effective period.

SUMMARY: The Coast Guard is extending the effective period for the temporary final rule on basic rates and charges on Lake Erie and the navigable waters from Southwest Shoal to Port Huron, MI (District Two, Area 5), to December 24, 2003. Extension of the effective period ensures that the pilotage rates in District Two, Area 5, remain at the current rate while the Coast Guard completes its pending ratemaking project.
DATES: Effective July 18, 2003, § 401.407(b), suspended at 67 FR 47466, July 19, 2002, effective July 19, 2002, until July 21, 2003, will continue to be suspended through December 24, 2003;

and § 401.407(c), temporarily added at 67 FR 47466, July 19, 2002, effective July 19, 2002, until July 21, 2003, will continue to be extended through December 24, 2003.
ADDRESSES: The Docket Management Facility maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents mentioned in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at room PL–401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://dms.dot.gov>.
FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call Tom Lawler, Project Manager, Office of Great Lakes Pilotage, Coast Guard, Commandant (G–MW–1), at 202–267–1241. If you have questions on viewing to the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, at 202–366–5149.
SUPPLEMENTARY INFORMATION:
Regulatory History
On July 19, 2002, we published a temporary final rule entitled “Basic Rates and Charges on Lake Erie and the Navigable Waters From Southeast Shoal to Port Huron, MI” in the **Federal Register** [67 FR 47464].

PART 180—[AMENDED]
■ 1. The authority citation for part 180 continues to read as follows:
Authority: 21 U.S.C. 321(q), 346(a) and 371.
■ 2. Section 180.371 is amended by alphabetically adding the following commodity to the table in paragraph (b) to read as follows:

§ 180.371 Thiophanate methyl; tolerances for residues.

Background and Purpose
On July 12, 2001, the Coast Guard published a final rule in the **Federal Register** [66 FR 36484] amending the ratemaking for the Great Lakes Pilotage. The new rates became effective August 13, 2001. Those rates were challenged in District Court by the Lake Pilots Association, representing the pilots in District Two. While preparing our defense, we discovered that we had inadvertently accounted for delay and detention hours in District Two differently from how we had in Districts One and Three. We also noticed minor errors in computing the rates in District Two. The Coast Guard has recently completed a study that addresses, among other things, the issue of how we should count hours of delay and detention when computing bridge-hours in all three Districts. Also the Coast Guard is currently in the process of adjusting the pilotage rates in all three Districts. See [USCG–2002–11288].
Discussion of Temporary Rule
We did not publish a notice of proposed rulemaking (NPRM) in order to extend this temporary final rule, and it takes effect immediately. Delay in implementing this rule would be contrary to the public interest. This rulemaking will maintain the status quo allowing litigation and associated rulemaking to be completed.
While not agreeing with the allegations contained in the complaint of the Lakes Pilots’ Association, for the

reasons stated, the Coast Guard agreed to the relief sought in the lawsuit and temporarily restored the rates that were effective in Area 5 before August 13, 2001. The Coast Guard believes that this measure was in the best interest of the public, and mitigated the effects, if any, of the Coast Guard's disparate treatment of the pilots in District Two, when accounting for hours of delay and detention. These reasons remain just as valid today as they were when the temporary final rule was first published. The Coast Guard sees no benefit to restoring the 2001 rates in Area 5. Therefore, the Coast Guard finds under 5 U.S.C. 553(b)(B) and (d)(3), respectively, that neither notice-and-comment rulemaking nor 30 days' notice of effective date is required.

After the Coast Guard took this action, the District Court issued its ruling in the Lake Pilots Association lawsuit granting partial summary judgment for each side. The Court's decision was made considering a number of factors, including the Coast Guard's action with regard to the pilotage rates in Area 5. The Lake Pilots Association has appealed the District Court decision. Maintaining the current rates in Area 5 while the appeal is pending will facilitate the appellate process.

In addition, the Coast Guard has proposed new pilotage rates for all three Districts, including Area 5 of District Two. Maintaining the current Area 5 rates while that ratemaking project is completed will enable the Coast Guard to devote its scarce resources to establishing new rates for all areas, rather than engaging in a separate rulemaking just for Area 5. We will therefore continue to devote our energy to promulgating an interim rule and/or final rule updating the pilotage rates on the Great Lakes rather than start a separate rulemaking for Area 5.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. It has been reviewed by the Office of Management and Budget under that Order. It is not "significant" under the regulatory policies and procedures of Department of Homeland Security (DHS).

We expect the economic impact of this rule to be so minimal that a full Regulatory Assessment under the regulatory policies and procedures of the DHS is unnecessary; however, a Regulatory Assessment has been

prepared and may be viewed in the docket for this project.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. This rule was not preceded by an NPRM and therefore is exempt from the requirements of the Regulatory Flexibility Act. Although this rule is exempt, we have reviewed it for potential economic impact on small entities.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This temporary final rule calls for no new collection of information under the Paperwork Reduction Act of 1995 [44 U.S.C. 3501–3520].

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions

that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, the effects of this rule are discussed elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

To help the Coast Guard establish regular and meaningful consultation and collaboration with Indian and Alaskan Native tribes, we published a notice in the **Federal Register** [66 FR 36361 (July 11, 2001)] requesting comments on how to best carry out the Order. We invite your comments on how this rule might impact tribal governments, even if that impact may not constitute a "tribal implication" under the Order.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not

likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this temporary final rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) [42 U.S.C. 4321–4370f], and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(a), of the Instruction, from further environmental documentation. An “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are available in the docket where indicated under the section of this preamble on “Public Participation and Request for Comments”. We will consider comments on this section before we make the final decision on whether this rule should be categorically excluded from further environmental review.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[CC Docket Nos. 96–45 and 97–21; FCC 03–161]

Request for Immediate Relief Filed by the State of Tennessee; Federal-State Joint Board in Universal Service; Changes to the Board of Directors of the National Exchange Carrier Association, Inc.

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission has under consideration a Request for Immediate Relief filed by the State of Tennessee (Tennessee). Tennessee seeks approval to change its service provider for Funding Year 2002 of the schools and libraries universal service support mechanism, before the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has issued a Funding Commitment Decision Letter (FCDL) to Tennessee for Funding Year 2002. For the reasons set forth below, we grant Tennessee’s Petition in part, and instruct USAC to process Tennessee’s request.

FOR FURTHER INFORMATION CONTACT: Romanda Williams, Attorney, Telecommunications Access Policy Division, Wireline Competition Bureau, (202) 418–7400, TTY: (202) 418–0484.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s Order in CC Docket Nos. 96–45 and 97–21; FCC 03–161 released on July 2, 2003. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 Twelfth Street, SW., Washington, DC, 20554.

I. Introduction

1. The Federal Communications Commission has under consideration a Request for Immediate Relief filed by the State of Tennessee (Tennessee). Tennessee seeks approval to change its service provider for Funding Year 2002 of the schools and libraries universal

service support mechanism, before the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has issued a Funding Commitment Decision Letter (FCDL) to Tennessee for Funding Year 2002. For the reasons set forth below, we grant Tennessee’s Petition in part, and instruct USAC to process Tennessee’s request in accordance with this Order.

II. Discussion

2. We conclude that it is appropriate to grant, in part, Tennessee’s request by modifying the Good Samaritan policy in this limited instance. We direct USAC to process Tennessee’s application and Good Samaritan election in accordance with the conditions set forth in this Order.

3. The Commission takes seriously all allegations of waste, fraud, and abuse. We are fully committed to maintaining the integrity of the schools and libraries support mechanism so that we adequately discharge our statutory obligation to preserve and advance universal service. At the same time, we recognize that inaction on a funding request during the pendency of a criminal investigation may have the effect of penalizing parties that are in no way implicated in potential wrongdoing. Based on the circumstances presented, we conclude that it is justified in this instance to allow Tennessee to substitute service providers for purposes of passing through payments to subcontractors.

4. In reaching this decision, we find several factors persuasive. First, we are not aware of any allegations of waste, fraud, abuse, or other wrongdoing relating to any of the subcontractors that have provided service under the Education Networks of America, Inc. (ENA) contract, or, for that matter, the award of the specific ENA contract itself. The relevant subcontractors have provided service in good faith to the schools of Tennessee, in reliance on the contractual agreement between ENA and Tennessee. Second, in granting the requested relief to Tennessee, the risk of improperly paying a potential wrongdoer is diminished because, as discussed more fully below, no funds will be paid to ENA pending further developments in the ongoing investigation. Third, we find it significant that Tennessee was not in a position to take any action to protect its ability to receive universal service discounts in Funding Year 2002. The investigation involving ENA was made public five months after the commencement of the funding year, long after the filing window for Funding Year 2002 has closed, and long after
