Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance; Presque Isle County/Roger City Airport, Roger City, MI

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the sale of the airport property. The proposal consists of one parcel totaling approximately 42.68 acres. Current use and present condition is undeveloped vacant land. The land was originally sold to the County from Bradley Reality Company, December 27, 1935. There are no impacts to the airport by allowing the airport to dispose of the property. However, an aviation easement will be imposed over this property to protect the airspace for future aeronautical development and any building constructed on this parcel will be limited to one-story. The proposed land will be used to enhance the infrastructure surrounding the airport by developing business in an area designated as a Renaissance Zone. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the disposal of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

DATES: Comments must be received on or before August 22, 2003.

SUPPLEMENTARY INFORMATION: KBUS is a private limited liability company organized under the laws of the state of Delaware by Kohlberg & Company, LLC (Kohlberg), a noncarrier. Kohlberg is a private equity firm specializing in middle market investments. KBUS,

which was specifically created to undertake this transaction, entered into an agreement with the Sellers to buy the assets, including vehicles, and business operations of the Sellers and to take over vehicle leases. KBUS is undertaking this transaction under Kohlberg Fund IV, which closed in 2001 with a total capital of \$576 million.

KBUS is a noncarrier and will remain a noncarrier after this transaction. Applicant plans to consolidate the assets and business operations of the Sellers into two entities: A leasing company and CUSA, LLC (CUSA). The leasing company will acquire the vehicles and CUSA will conduct carrier operations. CUSA has applied for twelve operating authorities from the Federal Motor Carrier Safety Administration to operate as a motor contract and common carrier of passengers in interstate commerce, in order to accommodate the twenty-four operating names under which CUSA intends to carry on business. The Federal operating authorities currently held by each of the Sellers will, upon consummation, be surrendered.

Under 49 U.S.C. 14303(b), the Board must approve and authorize a transaction found to be consistent with the public interest, taking into consideration at least: (1) The effect of the transaction on the adequacy of transportation to the public; (2) the total fixed charges that result; and (3) the interest of affected carrier employees.

Applicant has submitted information, as required by 49 CFR 1182.2, including information to demonstrate that the proposed transaction is consistent with the public interest under 49 U.S.C. 14303(b). Applicant states that the proposed transaction will not reduce competitive options, adversely impact fixed charges, or adversely impact the interests of employees of companies whose assets and businesses are being acquired. It asserts that granting the application will allow CUSA to take advantage of economies of scale and substantial benefits offered by Applicant, including interest cost savings and reduced operating costs. Additional information, including a copy of the application, may be obtained from Applicant's representative.

On the basis of the application, the Board finds that the proposed transaction is consistent with the public interest and should be authorized. If any opposing comments are timely filed, this finding will be deemed vacated and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. See 49 CFR

1182.6(c). If no opposing comments are filed by the expiration of the comment period, this decision will take effect automatically and will be the final Board action.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

This decision will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. The proposed finance transaction is approved and authorized, subject to the filing of opposing comments.

2. If timely opposing comments are filed, the findings made in this decision will be deemed vacated.

3. This decision will be effective on September 8, 2003, unless timely opposing comments are filed.

4. A copy of this notice will be served on: (1) The U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 400 7th Street, SW., Room 8214, Washington, DC 20590; (2) the U.S. Department of Justice, Antitrust Division, 10th Street & Pennsylvania Avenue, NW., Washington, DC 20530; and (3) the U.S. Department of Transportation, Office of the General Counsel, 400 7th Street, SW., Washington, DC 20590.

Decided: July 17, 2003.

By the Board, Chairman Nober.

Vernon A. Williams,
Secretary.
