BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2003-15642]

Safety Auditor Certification; Extension of Statutory Compliance Date

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of extension of statutory compliance date.

SUMMARY: The FMCSA is required by law to ensure that all safety audits or compliance reviews of motor carriers conducted after December 31, 2002 be conducted by duly certified personnel. The Secretary of Transportation is authorized to extend this deadline until December 31, 2003 by notifying Congress that implementation of this requirement cannot be achieved by the initial deadline, and stating the reasons. By this document the FMCSA is notifying the public that on July 17, 2003 the Secretary of Transportation gave notice to Congress that he is extending the deadline to December 31, 2003. The extension is necessary because of a recent Federal court decision that set aside the FMCSA rule establishing procedures for certifying personnel to conduct safety reviews.

DATES: The Secretary of Transportation has extended the statutory deadline for

49 U.S.C. 31148(b) until December 31, 2003.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Schultz, Jr., Office of Bus & Truck Standards and Operations, (202) 366-4001, Federal Motor Carrier Safety Administration, 400 Seventh Street, SW., Room 8301, Washington, DC 20590-0001. Office hours are from 7:45 a.m. to 4:15 p.m. EST, Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

On December 9, 1999, the President signed the Motor Carrier Safety Improvement Act of 1999 (MCSIA)(Pub. L. 106-159). Section 210 of MCSIA requires that all new entrant motor carriers, both foreign and domestic, receive safety audits within 18 months of commencing operations in interstate or foreign commerce. Section 211 of MCSIA requires the Secretary of Transportation to complete a rulemaking to improve training and provide for the certification of motor carrier safety auditors to conduct safety inspection audits and reviews. The legislation also gives the Secretary oversight responsibility for these motor carrier auditors and investigators, including the authority to decertify them.

As enacted by section 211(a), 49 U.S.C. 31148(b) and (c) read as follows:

(b) **CERTIFIED INSPECTION AUDIT REQUIREMENT.**—Not later than one year after completion of the Rulemaking required by subsection (a), any safety inspection audit or review required by, or based on the authority of, this chapter or chapter 5, 313, or 315 of this title and performed after December 31, 2002, shall be conducted by—

(1) a motor carrier safety auditor certified under subsection (a); or

(2) a Federal or State employee who, on the date of the enactment of this section, was qualified to perform such an audit or review.

(c) **EXTENSION.**—If the Secretary determines that subsection (b) cannot be implemented within the 1-year period established by that subsection and notifies the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives of the determination and the reasons therefor, the Secretary may extend the deadline for compliance with subsection (b) by not more than 12 months.

On March 19, 2002, the FMCSA published an Interim Final Rule implementing section 211 (the auditor certification rule) by establishing three types of certification: (1) Certification to conduct safety audits, (2) certification to conduct compliance reviews, and (3) certification to conduct roadside inspections (67 FR 12776). This rule

was primarily designed to respond to the increase in audits necessitated by the new entrant requirements of Section 210 of MCSIA. However, publication of the rule was one of several conditions imposed in the 2002 DOT Appropriations Act (Pub. L. 107-87), which had to be met before FMCSA could begin processing applications to allow Mexico-domiciled motor carriers to operate in the United States beyond the commercial zones along the United States-Mexico border in accordance with the North American Free Trade Agreement (NAFTA). Another condition imposed by the Appropriations Act was FMCSA publication of a rule implementing section 210 of MCSIA. An Interim Final Rule establishing procedures for increasing FMCSA's safety scrutiny of new entrant motor carriers, including standards and procedures regarding the safety audits mandated by section 210, was published on May 13, 2002 (67 FR 31978) and became effective on January 1, 2003.

FMCSA hired and trained over 200 people to perform compliance reviews, safety audits, and vehicle inspections. However, most audits of new entrant motor carriers are to be undertaken by State employees under the Motor Carrier Safety Assistance Program (MCSAP).

On January 16, 2003, the U.S. Court of Appeals for the Ninth Circuit set aside the auditor certification rule and two other FMCSA rules which established application and safety monitoring procedures for Mexico-domiciled motor carriers seeking authority to operate in the United States. The Court's ruling was based on its conclusion that FMCSA failed to comply with statutory environmental impact analysis requirements in developing these regulations. *Public Citizen v. Dept. of Transportation*, 316 F.3d 1002. The Department of Transportation filed a petition for rehearing with the Ninth Circuit, but this petition was denied on April 10, 2003. Consequently, the Court's mandate setting aside the three rules took effect on April 18, 2003.

As noted above, section 210 of the MCSIA requires that all new entrant motor carriers, both foreign and domestic, receive safety audits within 18 months of commencing operations in interstate or foreign commerce. As a result of the Ninth Circuit decision in *Public Citizen*, FMCSA and its State partners will not be able to hire and train additional personnel to conduct motor carrier safety audits, reviews or inspections, thereby impairing their ability to comply with the statutory mandate regarding new entrant motor carriers. The consequent reduction of

Federal and State oversight activities will likely have an adverse impact on public safety.

For the reasons stated above, the Secretary of Transportation has determined that it is necessary to extend the compliance date established by 49 U.S.C. 31148(b) to December 31, 2003, so that FMCSA and its State partners can continue to carry out their statutory responsibilities while the Department of Transportation acts to comply with applicable environmental laws before implementing procedures for certification of safety auditors. This extension is retroactive to January 1, 2003.

On July 17, 2003, the Secretary of Transportation sent letters to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives' Committee on Transportation and Infrastructure notifying them that he had extended the deadline for complying with the requirements of 49 U.S.C. 31148(b) to December 31, 2003.

Issued on: July 22, 2003.

Annette M. Sandberg,

Acting Administrator.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describe the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on May 20, 2003 (67 FR 27626).

DATES: Comments must be submitted on or before August 25, 2003.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington,

DC 20590 (telephone: (202) 493-6292), or Ms. Debra Steward, Office of Information Technology and Productivity Improvement, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6139). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. 104-13, section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On May 20, 2003, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs that the agency was seeking OMB approval. 67 FR 14766. FRA received no comments in response to this notice.

Before OMB decides whether to approve this proposed collection of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Title: State Safety Participation Regulations and Remedial Actions.
OMB Control Number: 2130-0509.

Type of Request: Extension of a currently approved collection.

Affected Public: Businesses.

Form(s): FRA F 6180.33; FRA F 6180.61; FRA F 6180.67; FRA F 6180.96/96A; FRA F 6180.109; FRA F 6180.110; FRA F 6180.111; FRA F 6180.112.

Abstract: The collection of information is set forth under 49 CFR part 212, and requires qualified state

inspectors to provide various reports to FRA for monitoring and enforcement purposes concerning state investigative, inspection, and surveillance activities regarding railroad compliance with Federal railroad safety laws and regulations. Additionally, railroads are to report to FRA actions taken to remedy certain alleged violations of law.

Annual Estimated Burden Hours: 10,359.

Title: Certification of Glazing Materials.

OMB Control Number: 2130-0525.

Type of Request: Extension of a currently approved collection.

Affected Public: Businesses.

Form(s): N/A.

Abstract: FRA uses this information to assure that window glazing materials have been fully tested and are in compliance with Federal Railroad Safety Standards.

Annual Estimated Burden Hours: 119.

ADDRESSES: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503; Attention: FRA Desk Officer.

Comments are invited on the following: Whether the proposed collections of information are necessary for the proper performance of the functions of FRA, including whether the information will have practical utility; the accuracy of FRA's estimates of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collections of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501-3520.

Issued in Washington, DC, on July 21, 2003.

Kathy A. Weiner,

Director, Office of Information Technology and Support Systems, Federal Railroad Administration.
