

DEPARTMENT OF HOMELAND SECURITY**Transportation Security Administration****Highway Watch Program: Application Notice Describing the Program and Establishing the Closing Date for Receipt of Applications Under the Highway Watch Program**

AGENCY: Transportation Security Administration, Department Homeland Security.

ACTION: Notice inviting applications of the Highway Watch Program.

SUMMARY: The existing Highway Watch Program will be expanded to include passenger carriers and first responders and to create a larger call center capable of communicating with program participants to link transportation-based Information Sharing and Analysis Centers.

DATES: The program announcement and application forms for the Highway Program are expected to be available on or about August 5, 2003. Application must be received: Transportation Security Administration, TSA Headquarters—West Building, 9th Floor, TSA-8, 601 South 12th Street, Arlington, Virginia 22202-4220; on or before 4 p.m. EST, September 8, 2003.

ADDRESSES: Program Announcement #03MLPA0001 for the Highway Watch Program will be available through the TSA Internet at <http://www.tsa.dot.gov> under Industry Partners.

FOR FURTHER INFORMATION CONTACT: Mr. Ronald Ouellet, Transportation Security Administration, Office of Maritime and Land Security, 701 12th Street, Arlington, VA 22201, (571) 227-2167, E-mail: Ronald.Ouellet@dhs.gov.

SUPPLEMENTARY INFORMATION: The purpose of the Highway Watch Program is to promote security awareness among all segments of the commercial motor carriers and transportation community. The Highway Watch Program plans to train the Nation's commercial drivers to observe and report any suspicious activities or items that may threaten the critical elements of the Nation's highway transportation system.

The Transportation Security Administration seeks a provider(s) capable of achieving one or more of the following program priorities: (1) Participants identification and recruitment; (2) training; (3) communications; and (4) information analysis and distribution. In addition to these four priorities, the provider(s) must develop and implement a data system for tracking and reporting project requirements.

Authority for this program is contained in the fiscal year 2003 Appropriations Act under Pub.L. 108-7. Total anticipated funding for Highway Watch Program is \$19,700,000. Awards under this program are subject to availability of funds.

Issued in Arlington, VA.

Mark Johnson,

Deputy Assistant Administrator, Maritime and Land Security.

BILLING CODE 4910-62-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4809-N-32]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal Property reviewed by HUD for suitability for possible use to assist the homeless.

EFFECTIVE DATE: August 8, 2003.

FOR FURTHER INFORMATION CONTACT:

Mark Johnston, Department of Housing and Urban Development, Room 7262, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988, court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: July 31, 2003.

John D. Garrity,

Director, Office of Special Needs Assistance Programs.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR**Geological Survey****Request for Public Comments on Information Collection To Be Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act**

A request extending the collection of information listed below will be submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the USGS Clearance Officer at the phone number listed below. Comments and suggestions on the requirement should be made within 60 days directly to the USGS Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192. As required by OMB regulations at CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the USGS, including whether the information will have practical utility;
2. The accuracy of the USGS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The utility, quality, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

Title: Comprehensive Test Ban Treaty. Current OMB approval number: 1028-0059.

Abstract: The information, required by the Comprehensive Test Ban Treaty (CTBT), will provide the CTBT Technical Secretariat with geographic locations of sites where chemical explosions greater than 300 tons TNT-equivalent have occurred. Respondents to the information collection request are U.S. nonfuel minerals producers.

Bureau form number: 9-4040-a.

Frequency: Annual.

Description of respondents:

Companies that have conducted in the last calendar year, or that will conduct in the next calendar year, explosions with a total charge size of 300 tons of TNT-equivalent, or greater.

Annual Responses: 3,000.

Annual burden hours: 750.

Bureau clearance officer: John E. Cordyack, Jr., 703-648-7313.

John H. DeYoung, Jr.,
Chief Scientist, Minerals Information Team.

BILLING CODE 4310-Y7-M

DEPARTMENT OF THE INTERIOR [UT080-1310-00]

Notice of Availability of the Draft Environmental Impact Statement on the Resource Development Group Uinta Basin Natural Gas Project, Uintah County, UT

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with section 202 of the National Environmental Policy Act of 1969, the Bureau of Land Management (BLM) announces the availability of the Draft Environmental Impact Statement (DEIS) for the proposed Resource Development Group Uinta Basin Natural Gas Project. The DEIS analyzes and discloses to the public direct, indirect, and cumulative environmental impacts of a proposed natural gas development on 79,800 acres in the Atchees Wash oil and gas production region. The proponent proposes to drill up to 423 gas production wells, accessed by approximately 126 miles of new roads. Three additional alternatives to the proposed action are also analyzed.

DATES: Written comments on the Resource Development Group Uinta Basin Natural Gas Project DEIS will be accepted for 45 days following the date the Environmental Protection Agency (EPA) publishes this Notice of Availability in the **Federal Register**. Future public meetings and any other public involvement activities will be announced at least 15 days in advance through public notices, media news releases, the BLM Vernal Field Office Web site at <http://www.blm.gov/utah/vernal> and/or mailings.

The BLM asks that those submitting comments on the DEIS make them as specific as possible with references to page numbers and chapters of the document. Comments that contain only opinions or preferences will not receive a formal response, but will be considered and included as part of the BLM decision-making process.

ADDRESSES: Please address questions, comments or concerns to the Vernal Field Office, Bureau of Land Management, Attn: Jean Nitschke-Sinclear 170 South, 500 East, Vernal,

UT 84078, fax them to 435-781-4410, or send e-mail comments to the attention of Jean Nitschke-Sinclear at jean_nitschke-sinclear@blm.gov. A copy of the DEIS has been sent to affected Federal, State, and local government agencies; and persons and entities who indicated to the BLM that they wished to receive a copy of the DEIS.

Copies of the Resource Development Group Uinta Basin Natural Gas Project DEIS are available at the BLM Vernal Field Office at the address above. The DEIS may also be viewed and downloaded in PDF format at the BLM Vernal Field Office Web site at <http://www.blm.gov/utah/vernal>.

FOR FURTHER INFORMATION CONTACT: Jean Nitschke-Sinclear at BLM's Vernal Field Office listed above or telephone (435-781-4400).

SUPPLEMENTARY INFORMATION: Written comments, including names and addresses of respondents, will be available for public review at the BLM Vernal Field Office during normal business hours (7:45 a.m. to 4:30 p.m.). Responses to the comments will be published as part of the Final Environmental Impact Statement (FEIS). Individuals may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses will be made available for public inspection in their entirety.

The DEIS analyzes proposed natural gas development in 79,800 acres in the Atchees Wash oil and gas production region, approximately 50 miles south of Vernal in Townships 11 and 12 South; Ranges 23 and 24 E., SLBM. The proposed project is located primarily on BLM-administered lands (69,560 acres) and includes 9,080 acres of State administered lands and 1,160 acres of private lands. Sixty-four wells and 139 miles of roads exist within the project area. The proponent anticipates drilling up to 423 additional wells at a rate of 14 to 40 a year, accessed by approximately 126 miles of new roads. The wells would be drilled on a spacing pattern based on geology and reservoir qualities. Some areas could be developed on a 40-acre pattern while others could be drilled on patterns of 160 acres or larger. The Wasatch Formation (average depth of 2,000-4,000 feet) and Mesa Verde Formation (average depth of 4,000-6,000 feet) are the primary producing horizons in this region. Unpainted steel gas gathering

lines would be laid on the surface and integrated into the existing gas pipeline gathering and transmission network. One new compressor station is anticipated.

The Notice of Intent for preparation of the Draft Environmental Impact Statement on the Resource Development Group Uinta Basin Natural Gas Project was published in the **Federal Register** on October 22, 1999. Public participation was sought through scoping, public meetings and stakeholder meetings conducted with interested agencies and organizations. Specifically, BLM conducted a public scoping and informational open house in Vernal, Utah on November 18, 1999; and stakeholders meetings on February 14-17, 2000. Through the scoping process several issues were identified and are addressed in the DEIS. The BLM has developed three alternatives in addition to the proposed action for analysis in the DEIS. The alternatives range from continuation of current management (No Action) to different combinations of environmental protection and development.

Dated: June 6, 2003.

Sally Wisely,
State Director.
