

Needs and Uses: The Census Bureau is requesting a revision of the currently approved Company Organization Survey (COS) data collection for the 2003 survey year. We will include questions on research and development activities performed by the company. We are also requesting an extension of the current expiration date to November 2004 (the existing date is November 2003) in order to complete the data collection for the 2003 COS.

The Census Bureau conducts the annual COS in order to update and maintain a central, multipurpose Business Register (BR). In particular, the COS supplies critical information on the composition, organizational structure, and operating characteristics of multi-establishment enterprises. The BR provides sampling populations and enumeration lists for the Census Bureau's economic surveys and censuses, and it serves as an integral part of the statistical foundation underlying those programs. The BR also provides establishment data that serve as the basis for the annual County Business Patterns (CBP) statistical series. The CBP reports present data on number of establishments, first quarter payroll, annual payroll, and mid-March employment summarized by industry and employment size class for the United States, the District of Columbia, Puerto Rico, counties, and county-equivalents.

COS inquiries to each of the 55,000 multi-establishment enterprises will include questions on ownership or control by a domestic parent, ownership or control by a foreign parent, and ownership of foreign affiliates. Additional COS inquiries will apply to approximately 1.2 million establishments operated by these 55,000 enterprises. These additional inquiries will list an inventory of establishments and request updates to the inventory, including additions, deletions, and changes to Federal Employer Identification number, name and address, and industrial classification. Further, the additional inquiries will collect the following basic operating data for each listed establishment: end-of-year operating status, mid-March employment, first quarter payroll, and annual payroll.

Affected Public: Business or other for-profit; not-for-profit institutions; farms; state, local or tribal government.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C. 182, 195, 224, and 225.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

SUPPLEMENTARY INFORMATION:

I. Recommencement of Appeal Proceedings

In November 2002, the Islander East Pipeline Company, L.L.C. (Islander East) filed a notice of appeal with the Department of Commerce (Department) pursuant to the Coastal Zone Management Act of 1972 (CZMA), as amended, asking that the Secretary of Commerce override the State of Connecticut's (State) objection to Islander East's proposed natural gas pipeline. The pipeline would extend from near North Haven, Connecticut, across the Long Island Sound to a terminus in Suffolk County (Long Island), New York. Connecticut's objection is based on the project's potential effects on the natural resources or land and water uses of Connecticut's coastal zone.

Appeal proceedings before the Department have been stayed since March 17, 2003. The initial stay and an extension were granted at the request of both parties to allow for settlement

negotiations. A subsequent stay was granted in order to accommodate Islander East's request that the appeal be remanded to the Connecticut Department of Environmental Protection (Connecticut) for reconsideration of its objection to the proposed natural gas pipeline project. On July 29, 2003, Connecticut reiterated its continuing objection to the proposed pipeline. Connecticut's determination requires the Department of Commerce to resume processing the Islander East appeal. 15 CFR 930.129(d). Consequently, the Department provided notice to the parties on August 8, 2003 that it was recommending processing of Islander East's appeal. Information on scheduled filings by the parties is available at the Department's Coastal Zone Management Act Appeals Web site, <http://www.ogc.doc.gov/czma.htm>.

II. Public Comments

In connection with the resumption of appeal proceedings, the public comment period has been reopened through November 20, 2003. During this period, the public may submit comments to the Department of Commerce (see address section above) on issues to be considered in the appeal. A summary of the grounds for which Islander East requested an override of the State's objection appears in the **Federal Register** at 68 FR 3513. Comments received between July 31, 2003, the close of the earlier public comment period, and before the publication of this notice, will be considered to be timely filed.

III. Other Procedural Matters

This portion of the **Federal Register** notice provides information concerning other aspects of the Islander East appeal that are affected by the resumption of proceedings. The federal agency comment period has been reopened and letters announcing this action were sent to agencies whose views had been previously solicited but not yet received, although timely comments will be accepted from all agencies. The Department will also schedule a public hearing on the appeal in the State of Connecticut. A hearing, to occur prior to the close of the public comment period, had been previously announced in the **Federal Register**. 68 FR 5620. A notice concerning the date, location and related information will be provided at least 30 days prior to the hearing.

Please visit the Department of Commerce CZMA Appeals Web site (<http://www.ogc.doc.gov/czma.htm>) for further information concerning the CZMA administrative appeal process or

to review documents from the Islander East appeal record.

Questions about the resumption of the Islander East appeal may be sent to the National Oceanic and Atmospheric Administration, U.S. Department of Commerce, via e-mail (GCOS.inquiries@noaa.gov) or made by telephone (301 713-2967, extension 186).
