Brake rotors are classifiable under subheading 8708.39.5010 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

Final Results of Review

For the reasons discussed in our *Preliminary Results*, we determine that the following weighted-average margin percentages exist for the following companies during the period April 1, 2002, through September 30, 2002:

Manufacturer/producer/ exporter	Margin Percent
Xiangfen Hengtai Brake System Co., Ltd	0.00
Xianghe Xumingyuan Auto Parts Co., Ltd	0.00

Assessment Rates

The Department shall determine, and the U.S. Bureau of Customs and Border Protection ("BCBP") shall assess, antidumping duties on all appropriate entries. The Department will issue appropriate assessment instructions directly to the BCBP within 15 days of publication of the final results of this review. For assessment purposes, we do not have the actual entered value for either respondent for which we calculated a margin because it is not the importer of record for the subject merchandise. Therefore, we calculated individual importer- or customer-specific assessment rates by aggregating the dumping margins calculated for all of the U.S. sales examined and dividing that amount by the total quantity of the sales examined. To determine whether the duty assessment rates are *de minimis* (i.e., at or above 0.50 percent), in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we have calculated importer- or customer-specific *ad valorem* ratios based on export prices. We will instruct the BCBP to assess antidumping duties on all appropriate entries covered by this review if any importer or customer-specific assessment rate calculated is above *de minimis*.

Cash Deposit Requirements

Bonding will no longer be permitted to fulfill security requirements for shipments from Xiangfen Hengtai Brake

System Co., Ltd (Hengtai) or Xianghe Xumingyuan Auto Parts Co., Ltd (Xumingyuan) of brake rotors from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this new shipper review.

The following deposit rates shall be required for merchandise subject to the order entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(1) and (a)(2)(B) of the Act: (1) the cash deposit rate for Hengtai (i.e., for subject merchandise manufactured and exported by Hengtai) and Xumingyuan (i.e., for subject merchandise manufactured and exported by Xumingyuan) will be the rate indicated above; (2) the cash deposit rate for PRC exporters who received a separate rate in a prior segment of the proceeding will continue to be the rate assigned in that segment of the proceeding; (3) the cash deposit rate for the PRC NME entity and for subject merchandise exported by either Hengtai or Xumingyuan but not manufactured by them will continue to be the PRC-wide rate (i.e., 43.32 percent); and (4) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC exporter that supplied that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.3059(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance

with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214.

Dated: August 15, 2003.

Jeffrey May,

Acting Assistant Secretary for Import Administration.
