

required to gain access and close up, planning time, or time necessitated by other administrative actions.

Regulatory Impact

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

For the reasons discussed above, I certify that this action (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A final evaluation has been prepared for this action and it is contained in the Rules Docket. A copy of it may be obtained from the Rules Docket at the location provided under the caption ADDRESSES.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. Section 39.13 is amended by adding the following new airworthiness directive:

2003-17-09 **Aerospatiale:** Amendment 39-13284. Docket 2002-NM-169-AD.

Applicability: Model ATR42-500 and ATR72 series airplanes, certificated in any category, on which ATR Modification 1447 has been incorporated and ATR Modification 4840 has not been incorporated.

Compliance: Required as indicated, unless accomplished previously.

To prevent chafing of a wire bundle in the area of electrical rack 90VU, which could result in an electrical short and potential loss of several functions essential for safe flight, accomplish the following:

Modification

(a) Within 500 flight hours or 6 months after the effective date of this AD, whichever occurs first: Do a detailed inspection to detect damage of the wire bundles in the area of electrical rack 90VU, ensure that the conduit around the wire bundles is in the proper position, and install a clamp between the wire bundles and the carbon shelves structure (93VU, 94VU, 95VU); in accordance with Avions de Transport Regional Service Bulletin ATR42-92-0007 (for Model ATR42-500 series airplanes) or ATR72-92-1007 (for Model ATR72 series airplanes), both dated January 25, 2002, as applicable. Repair any damaged wiring before further flight in accordance with Chapter 20-27-17 of the applicable ATR Aircraft Schematic Manual.

Note 1: For the purposes of this AD, a detailed inspection is defined as: "An intensive visual examination of a specific structural area, system, installation, or assembly to detect damage, failure, or irregularity. Available lighting is normally supplemented with a direct source of good lighting at intensity deemed appropriate by the inspector. Inspection aids such as mirror, magnifying lenses, etc., may be used. Surface cleaning and elaborate access procedures may be required."

Alternative Methods of Compliance

(b) In accordance with 14 CFR 39.19, the Manager, International Branch, ANM-116, FAA, is authorized to approve alternative methods of compliance for this AD.

Incorporation by Reference

(c) The actions shall be done in accordance with Avions de Transport Regional Service Bulletin ATR42-92-0007, dated January 25, 2002, or Avions de Transport Regional Service Bulletin ATR72-92-1007, dated January 25, 2002, as applicable; and Chapter 20-27-17, dated October 1, 1995, of Avions de Transport Regional ATR42 Aircraft Schematic Manual, or Chapter 20-27-17, dated October 1, 1995 of the Avions de Transport Regional ATR72 Aircraft Schematic Manual, as applicable. The Avions de Transport Regional ATR42 Aircraft Schematic Manual contains the following list of effective pages:

Page Number	Date shown on page
List of Effective Pages 1-9	April 2001.

(Only the title page of the Avions de Transport Regional ATR42 Aircraft Schematic Manual references the airplane model; no other page contains this information.) The Avions de Transport Regional ATR72 Aircraft Schematic Manual contains the following list of effective pages:

Page Number	Date shown on page
List of Effective Pages 1-9	April 2001.

This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be obtained

from Aerospatiale, 316 Route de Bayonne, 31060 Toulouse, Cedex 03, France. Copies may be inspected at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington; or at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC.

Note 2: The subject of this AD is addressed in French airworthiness directives 2002-090-092(B) and 2002-091-066(B), both dated February 20, 2002.

Effective Date

(d) This amendment becomes effective on October 7, 2003.

Issued in Renton, Washington, on August 15, 2003.

Kyle L. Olsen,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

RIN 2120-AA66

[Docket No. FAA 2003-15061; Airspace Docket No. ASD 03-ASW-1]

Revision of Federal Airways V-13 and V-407; Harlingen, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action revises Federal Airway 13 (V-13) northeast of the McAllen, TX, Very High Frequency Omni-directional Range/Distance Measuring Equipment (VOR/DME) by realigning the airway to intersect with V-163 south of the Corpus Christi, TX, Very High Frequency Omni-directional Range/Tactical Air Navigation (VORTAC) rather than proceeding to the Harlingen, TX, VOR/DME. Additionally, this action revises the point of origin of V-407 from the Harlingen VOR/DME to the Brownsville, TX, VORTAC and realigns V-407 north of the Harlingen VOR/DME to reflect a change of the radial of the airway. The FAA is taking this action due to the relocation of the Harlingen VOR/DME and to enhance the management of aircraft operations over the Harlingen, TX, area.

EFFECTIVE DATE: 0901 UTC, October 30, 2003.

FOR FURTHER INFORMATION CONTACT:

Steve Rohring, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence

Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Background

The FAA is relocating the Harlingen VOR/DME approximately 8 nautical miles to the southeast of its current location. As a part of that effort, on May 23, 2003, the FAA proposed to realign V-13 northeast of the McAllen VOR/DME to intersect with V-163 south of the Corpus Christi VORTAC (68 FR 28179). Additionally, the FAA proposed to revise the point of origin of V-407 from the Harlingen VOR/DME to the Brownsville VORTAC and to revise a segment of V-407 north of the Harlingen VOR/DME from the current Harlingen VOR/DME 357° radial to the new Harlingen VOR/DME 351° radial. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on this proposal to the FAA. No comments were received in response to the proposal. Except for editorial changes, this amendment is the same as that proposed in the notice.

The Rule

This amendment to 14 CFR part 71 revises V-13 and V-407 in the Harlingen, TX, area. Specifically, this action realigns V-13 northeast of the McAllen VOR/DME to intersect with V-163 south of the Corpus Christi VORTAC; revises the point of origin of V-407 from the Harlingen VOR/DME to the Brownsville VORTAC; and realigns V-407 north of the Harlingen VOR/DME to reflect the change of radial due to the relocation of the Harlingen VOR/DME. The FAA is taking this action due to the relocation of the Harlingen VOR/DME and to enhance the management of aircraft operations over the Harlingen, TX, area.

Federal airways are published in paragraph 6010(a) of FAA Order 7400.9K dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Federal airways listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not

warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS, AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9K, Airspace Designations and Reporting Points, dated August 30, 2002, and effective September 16, 2002, is amended as follows:

Paragraph 6010(a)—Domestic VOR Federal Airways.

* * * * *

V-13 [Revised]

From McAllen, TX, via INT McAllen 060° radial and Corpus Christi, TX, 178° radials; Corpus Christi; INT Corpus Christi 039° and Palacios, TX, 241° radials; Palacios; Humble, TX; Lufkin, TX; Belcher, LA; Texarkana, AR; Rich Mountain, OK; Fort Smith, AR; INT Fort Smith 006° and Razorback, AR, 190° radials; Razorback; Neosho, MO; Butler, MO; Napoleon, MO; Lamoni, IA; Des Moines, IA; Mason City, IA; Farmington, MN; INT Farmington 017° and Siren, WI, 218° radials; Siren; Duluth, MN; to Thunder Bay, ON, Canada. The airspace outside the United States is excluded.

BILLING CODE 4910–13–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Parts 4, 16, 141 and 157

[Docket No. RM03–6–000; Order No. 643]

Amendments to Conform Regulations With Order No. 630 (Critical Energy Infrastructure Information Final Rule)

July 23, 2003.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Final rule.

SUMMARY: This final rule revises the Federal Energy Regulatory Commission's regulations requiring companies to make information directly available to the public under certain circumstances. The revisions are necessary to conform these regulations to Order No. 630, which established guidelines for the handling of Critical Energy Infrastructure Information (CEII). In Order No. 630, the Commission determined that it must take steps to restrict the availability of sensitive information about the nation's energy infrastructure so as to reduce the possibility of terrorist attacks. In doing so, the Commission explained that CEII would be exempt from disclosure under the Freedom of Information Act (FOIA). The order set out a definition of CEII and established procedures for persons with a legitimate need for such information to follow in seeking access to it. Order No. 630 only covered information submitted to or prepared by the Commission. The revisions in this final rule address instances in which the Commission's rules and regulations require companies to make information available directly to the public. The revisions are necessary to ensure that protection of CEII is consistent in both contexts.

EFFECTIVE DATE: The rule will become effective October 23, 2003.
