

confidential and will not be released to the public. These two data items will be included on Schedule SI and will be due 30 days after the close of the quarter.

Holding Company Data: OTS will expand the holding company data collected in Schedule HC as proposed. Clarifications will be made to the TFR instructions to address comments regarding the scope of some of the supplemental questions. For instance, OTS has narrowed which subsidiaries must be included to those determined to be significant based on consolidated assets, consolidated gross revenues, or the volume of affiliate transactions. Additionally, effective with 2004 reporting, OTS will revise Form H-b(11) to reduce duplicative reporting requirements.

Federal Home Loan Bank Dividends: As proposed, OTS will add a line in Schedule SO (Statement of Operations) for Federal Home Loan Bank dividend income. As requested by commenters, OTS will include FHLB dividends in net interest income, conforming to the presentation in the commercial bank Call Report. In Schedule SO (Statement of Operations), OTS will add a new section following Interest Income for Dividend Income on Equity Investments Not Subject to FASB Statement No. 115, which will include Federal Home Loan Bank dividend income. This new section will be included in net interest income. OTS will also revise Schedule SC (Statement of Condition) to include Federal Home Loan Bank stock under the section for equity investments not subject to FASB Statement No. 115.

Refinancing Loans: OTS will change the definition of CF360, Refinancing Loans, to include any mortgage loan that is not a purchase money mortgage.

Schedule CSS (Subsidiary Schedule): In response to comments, OTS will leave the collection frequency of Schedule CSS as annual and, additionally, will require reporting only of those subsidiaries that meet any one of the following criteria: (1) The gross revenue of the consolidated subsidiary is 5% or more of the gross revenue of the consolidated thrift; or (2) the total assets of the consolidated subsidiary are 5% or more of the consolidated thrift assets; or (3) the consolidated subsidiary is regulated by a state insurance department, the Securities and Exchange Commission, or the Commodity Futures Trading Commission; or (4) the Regional Director deems there is a supervisory reason for requiring the reporting of the subsidiary. Institutions may continue to report subsidiaries that are not required to be reported if they choose.

All Other Revisions: OTS will adopt as proposed the remaining changes to the 2004 TFR published in the **Federal Register** on January 23, 2003 (68 FR 3318).

Type of Review: Revision of a previously approved collection.

Affected Public: Savings Associations.

Estimated Number of Respondents: 925.

Estimated Frequency of Response: Variable depending on the schedule—Monthly, Quarterly, or Annually.

Estimated Burden Hours per Response: 35.42 hours average for quarterly schedules, 2.5 hours average for schedules required annually, and 0.5 hours for the monthly schedule, plus recordkeeping of an average of one hour per quarter.

Estimated Total Burden: 142,608 hours. Because some of these proposed changes will not affect all savings associations that file the TFR, the burden hours reflected above may vary from institution to institution.

VA is authorized to make payments in advance if the trainee requests an advance payment. In certain instances, VA is authorized to make a lump sum payment of a claimant's tuition and fees if the trainee requests an accelerated payment. The information collected on the form is used to determine the amount of educational benefits payable to the trainee during the period of enrollment or training. Without the information, VA would not have a basis upon which to make payment.
