

The proposed order will expire in 20 years.

By direction of the Commission,
Commissioner Harbour not participating.

Donald S. Clark,
Secretary.

[60Day-03-114]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer at (404) 498-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c)

ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Anne O'Connor, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-E11, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project: HIV Counseling and Testing System—New—The National Center for HIV, STD, and TB Prevention (NCHSTP), Centers for Disease Control and Prevention (CDC) proposes to start collection of a standard set of core variables for monitoring the HIV counseling, testing, and referral program using a new browser-based program evaluation and monitoring system. This request is for a 3-year clearance.

CDC funds cooperative agreements for 65 HIV prevention projects (50 states, 6 cities, 7 territories, Washington, DC, and Puerto Rico) and approximately 50 community based organizations to support HIV counseling, testing, and referral programs. HIV counseling, testing, and referral services in STD clinics, Women's Health Centers, Drug Treatment Centers, and other health facilities have been described as a primary prevention strategy of the national HIV prevention program. The funded public health departments and community based organizations have increased the provision of HIV counseling, testing, and referral activities to those at increased risk for acquiring or transmitting HIV, as well as

minority communities and women of child bearing age.

CDC is responsible for monitoring and evaluating HIV prevention programs conducted under HIV Prevention cooperative agreements. HIV counseling, testing, and referral services are a vital component of HIV prevention programs. Without data to monitor and evaluate the impact of HIV counseling, testing, and referral programs, HIV prevention program priorities cannot be assessed and improved to prevent further spread of the epidemic. CDC needs minimal information from all grantees describing services provided for at-risk persons. The HIV Counseling and Testing System specify a minimal core dataset that will be used by all grantees. These data are routinely captured as part of provision of services.

Grantees will be able to use either the CDC browser-based system or their own unique electronic system to collect and submit this information. All reporting to the CDC will take place electronically. Grantees may develop their own paper forms to assist data collection. Electronic systems, e.g., Personal Digital Assistants (PDAs), may be used as appropriate to the setting. Completing the initial data submission will take approximately 2 minutes per electronic record. Approximately two (2) million records annually are expected from over 11,000 directly and indirectly funded grantee facilities. Once data are entered into the browser-based system, additional data collection efforts are not required. The total burden hours are 66,733 hours annually. There is no cost to respondents.

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
CDC Grantees	11,000	182	2/60	66,733
Total	11,000	66,733

Date: September 10, 2003.

Nancy E. Cheal,

Acting Associate Director for Policy, Planning and Evaluation, , Centers for Disease Control and Prevention.

National Institute for Occupational Safety and Health; Meeting

The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) announces the following meeting:

Name: Conceptual Discussions for Quality Assurance Standards Module for Respiratory Protective Equipment.

Date and Time: October 16, 2003; 3 pm-5 pm.

Place: The Radisson Hotel at Waterfront Place, 2 Waterfront Place, Morgantown, West Virginia.

Status: This meeting is hosted by NIOSH and will be open to the public, limited only by the space available. The meeting room will accommodate approximately 175 people. Interested parties should make hotel reservations directly with the Radisson Hotel at

Waterfront Place (304/296-1700 or 1-800-333-3333) before the cut-off date of October 2, 2003. The following special group rates have been negotiated for meeting guests: \$66.00 per night for federal guests and \$79.00 per night for non-federal guests. The NIOSH National Personal Protective Technology Laboratory (NPPTL) Public Meeting must be referenced to receive these special rates. Interested parties should confirm their attendance to this meeting by completing a registration form and forwarding it by e-mail (npptlevents@cdc.gov) or fax (304-285-4459) to the NIOSH Event Management Office. A registration form may be obtained from the NIOSH Homepage (www.cdc.gov/niosh) by selecting Conferences and then the event.

An opportunity to make presentations regarding the conceptual quality assurance standards module will be given. Requests to make such presentations at the public meeting should be made by e-mail (npptlevents@cdc.gov) to the NIOSH Event Management Office. All requests to present should include the name, address, telephone number, relevant business affiliations of the presenter, a brief summary of the presentation, and the approximate time requested for the presentation. Oral presentations should be limited to 15 minutes.

After reviewing the requests for presentations, NIOSH Event Management will notify each presenter of the approximate time that their presentation is scheduled to begin. If a participant is not present when their presentation is scheduled to begin, the remaining participants will be heard in order. At the conclusion of the meeting, an attempt will be made to allow presentations by any scheduled participants who missed their assigned times. Attendees who wish to speak but did not submit a request for the opportunity to make a presentation may be given this opportunity at the conclusion of the meeting, at the discretion of the presiding officer. Comments on the topics presented in this notice and at the meeting should be mailed to the NIOSH Docket Office, Robert A. Taft Laboratories, M/S C34, 4676 Columbia Parkway, Cincinnati, Ohio 45226, Telephone 513-533-8303, Fax 513-533-8285. Comments may also be submitted by e-mail to niocindocket@cdc.gov. E-mail attachments should be formatted as WordPerfect 6/7/8/9 or Microsoft Word. Comments should be submitted to NIOSH no later than November 16, 2003, and should reference Docket Number NIOSH-001 in the subject heading.

Purpose: NIOSH has initiated conceptual discussions for quality assurance standards for respiratory protective equipment. The concepts for the update of 42 CFR part 84 to address quality assurance provisions, establish fees, improve labels and update certain administrative provisions were presented in a public meeting held on June 25, 2003. Participants will be given an opportunity to ask questions on these topics and to present individual comments for consideration. Interested participants may obtain a copy of the quality assurance concept paper from the NPPTL web site, address: www.cdc.gov/niosh/npptl. The July 21, 2003, concept paper and the information presented at the June 25, 2003, public meeting will be used as the basis for discussion at the October 16, 2003, public meeting. Responses to the comments received since the June 25, 2003, meeting will also be discussed. NIOSH has the lead in developing standards or guidelines to test, evaluate, and approve respirators for use in occupational settings. International trade has led to changes in accepted quality assurance practice in manufacturing environments throughout the world. In attempting to keep respirator standards abreast of current manufacturing practice, NIOSH has met with the public and respirator manufacturers to receive input on the development of new respirator quality assurance standards. NIOSH hosted the most recent of these public meetings on June 25, 2003, where concepts developed up to that date were presented.

CONTACT FOR ADDITIONAL INFORMATION: NIOSH Event Management, 3610 Collins Ferry Road, PO Box 880, Morgantown, West Virginia 26507-0880, Telephone 304-285-4750, Fax 304-285-4459, E-mail npptlevents@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign Federal Register Notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: September 11, 2003.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.
