

**ITC Notification**

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our determination. As our final determination is affirmative, the ITC will, within 45 days, determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing the BCBP to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

**Notification Regarding APO**

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

Dated: September 22, 2003.

**DEPARTMENT OF COMMERCE****International Trade Administration****Notice of Solicitation of Requests for Modification of Tariff Rate Quotas on the Import of Certain Worsted Wool Fabrics**

**AGENCY:** Department of Commerce, International Trade Administration.

**ACTION:** The Department of Commerce (Department) is soliciting requests for the modification of the limitations on the quantity of imports of certain worsted wool fabric under the 2004 tariff rate quotas established by the Trade and Development Act of 2000 (TDA 2000).

**SUMMARY:** The Department hereby solicits requests for the modification of the limitations on the quantity of imports of certain worsted wool fabric under the 2004 tariff rate quotas established by the TDA 2000, and amended by the Trade Act of 2002. To be considered, a request must be received or postmarked by 5:00 p.m. on October 14, 2003 and must comply with the requirement of 15 C.F.R. 340. If a request is received, the Department will solicit comments on the request in the Federal Register and provide a twenty-day comment period. Thirty days after the end of the comment period, the Department will determine whether the limitations should be modified.

**ADDRESS:** Requests must be submitted to: Industry Assessment Division, Office of Textiles and Apparel, Room 3100, United States Department of Commerce, Washington, D.C. 20230. Six copies of any such requests must be provided.

**FOR FURTHER INFORMATION CONTACT:** Sergio Botero, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4058.

**SUPPLEMENTARY INFORMATION:****BACKGROUND:**

Title V of the TDA 2000 created two tariff rate quotas (TRQs), providing for temporary reductions for three years in the import duties on limited quantities of two categories of worsted wool fabrics suitable for use in making suits, suit-type jackets, or trousers: (1) for worsted wool fabric with average fiber diameters greater than 18.5 microns (Harmonized Tariff Schedule of the United States (HTS) heading 9902.51.11); and (2) for worsted wool fabric with average fiber diameters of 18.5 microns or less (HTS heading 9902.51.12).

On August 6, 2002, President Bush signed into law the Trade Act of 2002, which includes several amendments to Title V of the TDA 2000. These include the extension of the program through 2005; the reduction of the in-quota duty rate on HTS 9902.51.12 (average fiber diameter 18.5 microns or less) from 6 percent to zero, effective for goods entered, or withdrawn from warehouse for consumption, on or after January 1, 2002; and an increase in the 2003 through 2005 TRQ levels to 3,500,000

square meters for HTS 9902.51.12 and to 4,500,000 square meters for HTS 9902.51.11. Both of these limitations may be modified by the President, not to exceed 1,000,000 square meters per year for each tariff rate quota.

The TDA 2000 requires the annual consideration of requests by U.S. manufacturers of men's or boys' worsted wool suits, suit-type jackets and trousers for modification of the limitation on the quantity of fabric that may be imported under the tariff rate quotas, and grants the President the authority to proclaim modifications to the limitations. In determining whether to modify the limitations, specified U.S. market conditions with respect to worsted wool fabric and worsted wool apparel must be considered. On January 22, 2001, the Department published regulations establishing procedures for considering requests for modification of the limitations. 15 CFR 340.

To be considered, requests must be submitted by a manufacturer of men's or boys' worsted wool suits, suit-type jackets, and trousers in the United States and must comply with the requirements of 15 CFR 340.

A request must include: (1) The name, address, telephone number, fax number, and Internal Revenue Service number of the requester; (2) The relevant worsted wool apparel product(s) manufactured by the person(s), that is, worsted wool suits, worsted wool suit-type jackets, or worsted wool trousers; (3) The modification requested, including the amount of the modification and the limitation that is the subject of the request (HTS heading 9902.51.11 and/or 9902.51.12); and (4) A statement of the basis for the request, including all relevant facts and circumstances.

A request should include the following information for each limitation that is the subject of the request, to the extent available: (1) A list of suppliers from which the requester purchased domestically produced worsted wool fabric during the period July 1, 2002 to June 30, 2003, the dates of such purchases, the quantity purchased, the quantity of imported worsted wool fabric purchased, the countries of origin of the imported worsted wool fabric purchased, the average price paid per square meter of the domestically produced worsted wool fabric purchased, and the average price paid per square meter of the imported worsted wool fabric purchased; (2) A list of domestic worsted wool fabric producers that declined, on request, to sell worsted wool fabric to the requester during the period July 1, 2002 to June 30, 2003, indicating the product requested, the

date of the order, the price quoted, and the reason for the refusal; (3) The requester's domestic production and sales for the period January 1, 2003 to June 30, 2003 and the comparable six month period in the previous year, for each of the following products: worsted wool suits, worsted wool suit-type jackets, and worsted wool trousers; (4) Evidence that the requester lost production or sales due to an inadequate supply of domestically-produced worsted wool fabric on a cost competitive basis; and (5) Other evidence of the inability of domestic producers of worsted wool fabric to supply domestically produced worsted wool fabric to the requester.

Requests must be accompanied by a statement by the person submitting the request or comments (if a natural person), or an employee, officer or agent of the legal entity submitting the request, with personal knowledge of the matters set forth therein, certifying that the information contained therein is complete and accurate, signed and sworn before a Notary Public, and acknowledging that false representations to a federal agency may result in criminal penalties under federal law.

Any business confidential information provided that is marked business confidential will be kept confidential and protected from disclosure to the full extent permitted by law. To the extent business confidential information is provided, a non-confidential submission should also be provided, in which business confidential information is summarized or, if necessary, deleted.

If a request is received, the Department will cause to be published a notice in the Federal Register summarizing the request or requests and soliciting comments from any interested person, including U.S. manufacturers of worsted wool fabric, wool yarn, wool top and wool fiber, regarding the requested modification. A twenty-day comment period will be provided. Thirty days after the end of the comment period, the Department will determine whether the limitations should be modified.
