

(19 U.S.C. 2461 *et seq.*) (the "Trade Act") to authorize the President to designate sub-Saharan African countries as eligible for duty-free tariff treatment for certain products under the Generalized System of Preferences program (GSP). The AGOA also authorizes the President to designate sub-Saharan African countries as eligible for the preferential treatment the AGOA provides for certain textile and apparel articles.

The President may designate a country as a beneficiary sub-Saharan African country eligible for both the additional GSP benefits and the textile and apparel benefits of the AGOA (if the country also meets certain statutory requirements intended to prevent unlawful transshipment of such articles) if he determines that the country meets the eligibility criteria set forth in: (1) section 104 of the AGOA; and (2) section 502 of the Trade Act. To date, 38 countries have been designated as beneficiary sub-Saharan African countries. These countries, as well as the 10 currently ineligible countries, are listed below. Section 506A of the Trade Act provides that the President shall monitor, review, and report to Congress annually on the progress of each sub-Saharan African country in meeting the foregoing eligibility criteria in order to determine the current or potential eligibility of each country to be designated as a beneficiary sub-Saharan African country. The President's determinations will be included in the annual report submitted to Congress as required by Section 106 of the AGOA. Section 506A of the Trade Act and section 104 of the AGOA require that, if the President determines that an eligible sub-Saharan African country is not making continual progress in meeting the eligibility requirements, he must terminate the designation of the country as a beneficiary sub-Saharan African country.

The Subcommittee is seeking public comments in connection with the annual review of the eligibility of sub-Saharan African countries for the AGOA's benefits. The Subcommittee will consider any such comments in developing recommendations on country eligibility for the President. Comments related to the child labor criteria may also be considered by the Secretary of Labor in making the findings required under section 504 of the Trade Act.
