I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend its pilot program for the Liquidity Provider Fee and Rebate ("Program") through December 31, 2003. The pilot was originally proposed in SR-CSE-2002-16,⁶ and is set to expire on September 30, 2003.⁷ The CSE proposes no substantive changes to the Program, other than extending its operation through December 31, 2003. The text of the proposed rule change is available at the CSE and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On October 22, 2002, CSE filed SR-CSE-2002-16,⁸ which proposed to establish a pilot transaction credit for liquidity providers that is paid by liquidity takers on each intra-CSE execution⁹ in Nasdaq securities. Under the pilot, the Exchange amended CSE Rule 11.10A(g)(1) by adding subparagraph (B) to charge the liquidity taker, *i.e.*, the party executing against a previously displayed quote/order, \$0.004 per share. The Exchange then

passes on to the liquidity provider, *i.e.*, the party providing the displayed quote/order, \$0.003 per share with the Exchange retaining \$0.001 per share. With this rule filing, CSE is extending the Program through December 31, 2003.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with section 6(b) of the Act¹⁰ in general, and furthers the objectives of section 6(b)(5)¹¹ in particular, in that it is designed to promote just and equitable principles of trade and to remove impediments to and perfect the mechanism of a free and open market and a national market system and, generally, in that it protects investors and the public interest. The CSE believes that the proposed rule change is also consistent with section 6(b)(4) of the Act,¹² in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among CSE members by crediting members on a pro rata basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

The CSE does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received in connection with the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and
- (iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6)¹⁴ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public

interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has requested that the Commission waive the 5-day pre-filing notice requirement and the 30-day operative delay. The Commission believes that such waivers are consistent with the protection of investors and the public interest, for they will allow the pilot to continue without interruption. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁵

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to file number SR-CSE-2003-13 and should be submitted by October 30, 2003.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹⁶

Margaret H. McFarland,
Deputy Secretary.
