

In a complaint that was filed simultaneously with the Consent Decree, the United States sought injunctive relief and penalties against ERI and EWV pursuant to section 113(b) of the Clean Air Act, 42 U.S.C. 7413(b), for alleged Clean Air Act violations at ERI's refinery located in Vicksburg, Mississippi, and EWV's refinery located in Newell, West Virginia.

Under the settlement, ERI and EWV will implement innovative pollution control technologies to greatly reduce emissions of nitrogen oxides ("NO₂"), sulfur dioxide ("SO₂"), particulate matter ("PM"), carbon monoxide ("CO"), and benzene from refinery process units and will adopt facility-wide enhanced monitoring and fugitive emission control programs. ERI and EWV have estimated that this injunctive relief will cost the companies approximately \$8,315,000. ERI will pay a civil penalty of \$138,000, which the State of Mississippi will share, and spend more than \$80,000 on a supplemental environmental project to make modifications to and purchase equipment for the Vicksburg Volunteer Fire Department. EWV will pay a civil penalty of \$111,6000, which the State of West Virginia will share, and spend more than \$167,000 on supplemental environmental projects by upgrading controls on existing drains, replacing four conventional burners with ultra low NO_x burners, and purchasing equipment for the Newell Volunteer Fire Department. ERI also will perform additional injunctive relief by installing a new oil water separator tank for the wastewater treatment system totaling approximately \$1.5 million. The States of Mississippi and West Virginia will join in this settlement as signatories to the Consent Decree. In addition, EPA and EWV have entered into an administrative Consent Agreement and Final Order in which EWV has agreed to pay a \$155,000 civil penalty to EPA, and an Administrative Compliance Order by consent in which EWV has agreed to install certain wastewater treatment controls. The administrative orders are incorporated by reference and fully enforceable under the Consent Decree.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States, et al., v. Ergon Refining, Inc. et al.*, D.J. Ref. 90-5-2-1-06064/3.

Notice of Lodging Proposed Consent Decree

In accordance with Department Policy, 28 CFR 50.7, notice is hereby given that a proposed Consent Decree in *United States v. G & R Farms, Inc. and Robert E. Dasher* (S.D. Ga.), CV 603-115, was lodged with the United States District Court for the Southern District of Georgia, Statesboro Division, on September 25, 2003.

This proposed Consent Decree concerns a complaint filed by the United States against G & R Farms, Inc. and Robert E. Dasher, pursuant to section 309(b) and (d) of the Clean Water Act, 33 U.S.C. 1319(b) and (d), to obtain injunctive relief from and impose civil penalties against the Defendants for violating the Clean Water Act by discharging pollutants without a permit into waters of the United States. The proposed Consent Decree resolves these allegations by requiring the defendants to restore the impacted areas and to pay a civil penalty. The Consent Decree also provides for the defendants to perform a supplemental environmental project.

The Department of Justice will accept written comments relating to this proposed Consent Decree for thirty (30) days from the date of publication of this Notice. Please address comments to Pamela S. Tonglao, Trial Attorney,

United States Department of Justice, Environmental and Natural Resources Division, P.O. Box 23986, Washington, DC 20026-3986 and refer to *United States v. G & R Farms and Robert E. Dasher* (S.D. Ga) CV603-115, DJ #90-5-1-1-05552.

The proposed Consent Decree may be examined at the Clerk's Office, United States District Court for the Southern District of Georgia, Statesboro Division, 52 N. Main Street, Statesboro, GA 30458. In addition, the proposed Consent Decree may be viewed at <http://www.usdoj.gov/enrd/open.html>.

BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

Under 42 U.S.C. 9622(d)(2), 42 U.S.C. 6973(d), and 28 C.F.R. 50.7, notice is hereby given that on October 1, 2003, a proposed Consent Decree in *United States and the State of Wisconsin v. P.H. Glatfelter Company and WTM I Company*, Civil Action No. 03-C-949 (E.D. Wis.) was lodged with the United States District Court for the Eastern District of Wisconsin.

The Consent Decree concerns polychlorinated biphenyl ("PCB") contamination in the portion of the Lower Fox River and Green Bay Site designated as Operable Unit 1. Under the proposed settlement set forth in the Consent Decree, P.H. Glatfelter Company and WTM I Company (the "Defendants") would implement the cleanup remedy for Operable Unit 1 that was selected in a December 2002 Record of Decision issued jointly by the U.S. Environmental Protection Agency ("EPA") and the Wisconsin Department

of Natural Resources ("WDNR"). The Defendants would pay for that remedial action work using a specially-dedicated fund to be established by the companies. That fund would ultimately hold more than \$60 million, including \$50 million from the Defendants, an additional \$10 million available under a prior interim settlement with Appleton Paper Inc. and NCR Corporation, and all interest earned on the money placed in the fund. If that dedicated fund is not sufficient to finance the completion of the work, the Consent Decree reserves the Plaintiffs' rights to require the Defendants to perform or pay for the continuation and completion of the work. The settlement would not resolve the Defendants' potential liability for response activities or response costs relating to areas of the Site other than Operable Unit 1. The Consent Decree also would require the Defendants to pay \$3,000,000 for natural resource damages and \$1,050,000 as partial reimbursement of past costs incurred by EPA, WDNR, and the U.S. Department of the Interior. Even so, the Consent Decree would not resolve the Defendant's potential liability for payment of additional natural resources damages or for additional unreimbursed past costs incurred by the United States or the State of Wisconsin.

The United States intends to hold a public meeting regarding the Consent Decree in the affected area, in accordance with Section 7003(d) of the Resource Conservation and Recovery Act, 42 U.S.C. 6973(d). The meeting will be held at the Neenah Public Library, 240 E. Wisconsin Street in Neenah, from 7:00 p.m. to 9 p.m. on Wednesday, October 29, 2003. Representatives of the Department of Justice, EPA, and WDNR will attend the public meeting to provide information and to answer questions concerning the Consent Decree. Formal comments relating to the Consent Decree will not be accepted in oral form at the public meeting. Any such comments should be submitted in writing as described below.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States and the State of Wisconsin v. P. H. Glatfelter Company and WTM I Company*, Civil Action No. 03-C-949 (E.D. Wis.) and D.J. Ref. 90-11-2-1045/2.
