

updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with sections 706(a) and 777(i) of the Act and 19 CFR 351.211.

Dated: October 17, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.

Low Enriched Uranium from France, Germany, the Netherlands, and the United Kingdom: Extension of Preliminary Results of Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for preliminary results of countervailing duty administrative reviews.

EFFECTIVE DATE: October 23, 2003.

FOR FURTHER INFORMATION CONTACT:

Tipten Troidl, Office of AD/CVD Enforcement VI, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-2786.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On March 25, 2003, the Department published a notice of initiation of administrative reviews of the countervailing duty orders on low enriched uranium from France,

Germany, the Netherlands, and the United Kingdom, covering the period May 14, 2001, through December 31, 2002 (*see* 68 FR 14394). The preliminary results are currently due no later than October 31, 2003.

Extension of Time Limit for Preliminary Results of Reviews

We determine that these cases are extraordinarily complicated because there are a large number of complex issues which require thorough consideration and analysis by the Department, including numerous existing programs from the original investigation and changes to certain programs found countervailing in the investigation. In order to complete our analysis, we not only require additional information, but may also possibly conduct verification of this information. Therefore, we require more time to properly analyze these issues. As a result, it is not practicable to complete the preliminary results of these reviews within the original time limits.

Therefore, the Department is extending the time limits for completion of the preliminary results until no later than January 29, 2004. This date constitutes a 90-day extension for the administrative reviews of low enriched uranium from France, Germany, the Netherlands, and the United Kingdom.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: October 17, 2003.

Holly A. Kuga,

Acting Deputy Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

Evaluation of State Coastal Management Programs and National Estuarine Research Reserves

AGENCY: Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), DOC.

ACTION: Notice of intent to evaluate and notice of availability of final evaluation findings.

SUMMARY: The NOAA Office of Ocean and Coastal Resource Management (OCRM) announces its intent to evaluate the performance of the Alabama Coastal Management Program and the Weeks Bay National Estuarine Research

Reserve, Alabama. The Coastal Zone Management Program evaluation will be conducted pursuant to section 312 of the Coastal Zone Management Act of 1972, as amended, (CZMA) and regulations at 15 CFR part 923, subpart L. The National Estuarine Research Reserve evaluation will be conducted pursuant to sections 312 and 315 of the CZMA and regulations at 15 CFR part 921, subpart E and part 923, subpart L.

The CZMA requires continuing review of the performance of states with respect to coastal program implementation. Evaluation of Coastal Zone Management Programs and National Estuarine Research Reserves requires findings concerning the extent to which a State has met the national objectives, adhered to its Coastal Management Program document or Reserve final management plan approved by the Secretary of Commerce, and adhered to the terms of financial assistance awards funded under the CZMA.

The evaluations will include a site visit, consideration of public comments, and consultations with interested Federal, State and local agencies and members of the public. Public meetings will be held as part of the site visits.

Notice is hereby given of the dates of the site visits for the listed evaluations, and the dates, local times, and locations of the public meetings during the site visits.

The Alabama Coastal Management Program evaluation site visit will be held December 8-12, 2003. One public meeting will be held during the week. The public meeting will be on Wednesday, December 10, 2003, from 6 p.m. to 7 p.m., in the Killian Room, International Trade Center, 250 North Water Street, Mobile, Alabama.

The Weeks Bay National Estuarine Research Reserve evaluation site visit will be held December 8-12, 2003. One public meeting will be held during the week. The public meeting will be on Thursday, December 11, 2003, from 5 p.m. to 6 p.m., at the Interpretive Center Auditorium, Weeks Bay National Estuarine Research Reserve, 11300 U.S. Highway 98, Fairhope, Alabama.

Copies of States' most recent performance reports, as well as OCRM's notifications and supplemental request letters to the States, are available upon request from OCRM. Written comments from interested parties regarding these Programs are encouraged and will be accepted until 15 days after the last public meeting. Please direct written comments to Ralph Cantral, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA,

1305 East-West Highway, 10th Floor, Silver Spring, Maryland 20910. When the evaluations are completed, OCRM will place a notice in the **Federal Register** announcing the availability of the Final Evaluation Findings.

Notice is hereby given of the availability of the final evaluation findings for the Delaware, Hawaii, Louisiana, Michigan, Mississippi, and Pennsylvania Coastal Management Programs (CMPs); and the Ace Basin (South Carolina), Delaware (Delaware), and Jobos Bay (Puerto Rico) National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of coastal management programs, and the operation and management of NERRs.

The states of Delaware, Hawaii, Louisiana, Michigan, Mississippi, and Pennsylvania were found to be implementing and enforcing their federally approved coastal management programs, addressing the national coastal management objectives identified in CZMA Section 303(2)(A)–(K), and adhering to the programmatic terms of their financial assistance awards. Delaware and Ace Basin NERRs were found to be adhering to programmatic requirements of the NERR System. Jobos Bay NERR was found to be not fully adhering to the programmatic requirements of the NERR System.

Copies of these final evaluation findings may be obtained upon written request from: Ralph Cantral, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, Silver Spring, Maryland 20910, or Ralph.Cantral@noaa.gov, (301) 713–3155, extension 118.

FOR FURTHER INFORMATION CONTACT: Ralph Cantral, Chief, National Policy and Evaluation Division, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, Silver Spring, Maryland 20910, (301) 713–3155, extension 118.

National Oceanic and Atmospheric Administration

Expansion of the New Hampshire Coastal Management Program Boundary; Availability of an Environmental Assessment and Proposed Finding of No Significant Impact

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of availability of draft environmental assessment and request for comments.

SUMMARY: Notice is hereby given of the availability of the Draft Environmental Assessment (EA) and proposed Finding of No Significant Impact for the National Oceanic and Atmospheric Administration's (NOAA) approval of the State of New Hampshire request to expand its coastal management program boundary. The EA was prepared pursuant to the National Environmental Policy Act (NEPA) U.S.C. 4321 *et seq.* to assess the environmental impacts associated with the approval and implementation of an expanded coastal boundary for the New Hampshire Coastal Program (NHCP) submitted to NOAA by the State of New Hampshire. Pursuant to Section 306(g) of the Coastal Zone Management Act of 1972, as amended (CZMA) and NOAA's Office of Ocean and Coastal Resource Management (OCRM) regulations (15 CFR part 923, subpart H), OCRM is required to approve any amendment, modification, or other change to a State's federally-approved coastal management program. This includes changes in a State's coastal boundary. See 15 CFR part 923, subpart D.

For the purposes of this EA, the proposed action is approval of the proposed expanded NHCP coastal boundary to include the full geographic jurisdiction of the State's 17 coastal municipalities. The NHCP's boundary revision will expand the State's coastal management boundary from its current, narrower delineation by a two-tier geographical system related to distance from coastal waste body features, to encompassing the entire jurisdiction of all coastal municipalities. The practical effect will be to increase the State's ability to review State and federal activities in a larger area of the coast for their consistency with the State's federally-approved coastal policies, and to provide CZMA funds for additional activities in the expanded coastal area.

NOAA finds that the NHCP has met the requirements for submitting an

amendment to OCRM and proposes to approve the program change. Based upon the EA, NOAA proposes to conclude that a Finding of No Significant Impact is appropriate, and therefore, an Environmental Impact Statement is unnecessary. The Council on Environmental Quality's regulations to implement NEPA requires agencies to provide public notice of the availability of environmental documents. 40 CFR section 1506.6. This notice is part of NOAA's action to comply with this requirement.

A copy of the Draft EA and proposed Finding of No Significant Impact may be found on the NOAA Web site at <http://www.ocrm.nos.noaa.gov.czm> or may be obtained upon request from: Helen Farr, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone: (301) 713–3155, x150, e-mail: helen.farr@noaa.gov.

DATES: Individuals or organizations wishing to submit comments on the Draft EA or proposed Finding of No Significant Impact should do so by November 24, 2003.

ADDRESSES: Comments should be made to: John King, Acting Chief, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone: (301) 713–3155, x188, e-mail: john.king@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Helen Farr, Coastal Programs Division (N/ORM3), Office of Ocean and Coastal Resource Management, NOS, NOAA, 1305 East-West Highway, Silver Spring, Maryland, 20910, phone: (301) 713–3155, x150, e-mail: helen.farr@noaa.gov.
