DEPARTMENT OF HEALTH AND HUMAN SERVICES**Office of the Secretary****Findings of Scientific Misconduct**

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

Ilya Koltover, Ph.D., California Institute of Technology: Based on the report of an investigation conducted by the California Institute of Technology (CIT) (CIT Report), an admission by the

respondent, and additional analysis conducted by ORI in its oversight review, the U.S. Public Health Service (PHS) found that Ilya Koltover, Ph.D., former postdoctoral fellow at CIT, engaged in scientific misconduct in research supported by PHS Postdoctoral Fellowship F32 GM20588 entitled “Design of targeted synthetic gene delivery vehicles.”

Specifically, PHS found that Dr. Koltover plagiarized a scanning micrograph (STM) from a graduate student, falsified it as an atomic force micrograph (AFM) of a separate molecule, and falsely represented it (1) to his research group at Caltech; (2) in his grant application to the Petroleum Research Fund (PRF); and (3) to his mentor, who then included it as an AFM figure in a proposal to the National Science Foundation (NSF).

Dr. Koltover has entered into a Voluntary Exclusion Agreement in which he has voluntarily agreed for a period of three (3) years, beginning on October 3, 2003:

(1) To exclude himself from serving in any advisory capacity to PHS including but not limited to service on any PHS advisory committee, board, and/or peer review committee, or as a consultant;

(2) That any institution which submits an application for PHS support for a research project on which Dr. Koltover's participation is proposed or which uses him in any capacity on PHS supported research, or that submits a report of PHS-funded research in which he is involved, must concurrently submit a plan for supervision of his duties to the funding agency for approval. The supervisory plan must be designed to ensure the scientific integrity of his research contribution. Dr. Koltover agreed to ensure that a copy of the supervisory plan is also submitted to ORI by the institution and that he will not participate in any PHS-supported research until such a supervision plan is submitted to ORI; and

(3) That any institution employing Dr. Koltover submit, in conjunction with each application for PHS funds or report, manuscript, or abstract of PHS funded research in which he is involved, a certification that the data provided by Dr. Koltover are based on actual experiments or are otherwise legitimately derived, and that the data, procedures, and methodology are accurately reported in the application or report. Dr. Koltover must ensure that the institution sends a copy of the certification to ORI.

The match will utilize Department of Veterans Affairs (VA) records and SPAA records.

DATES: ACF will file a report of the subject matching program with the Committee on Governmental Affairs of the Senate, the Committee on Government Reform and Oversight of the House of Representatives, and the Office of Information and Regulatory Affairs with the Office of Management and Budget (OMB). The dates for the matching program will be effective as indicated below.

The law regulates the use of computer matching by federal agencies when records in a system of records are matched with other federal, state and local government records. Federal agencies which provide or receive records in computer matching programs must:

1. Negotiate written agreements with source agencies;
 2. Provide notification to applicants and beneficiaries that their records are subject to matching;
 3. Verify match findings before reducing, suspending, or terminating an individual's benefits or payments;

B. Purpose of the Match

To identify specific individuals who are receiving benefits from VA and also receiving payments pursuant to HHS and Department of Agriculture benefit programs, and to verify their continued eligibility for such benefits. C. Authority for Conducting the Match

The authority for conducting the matching program is contained in section 402 of the Social Security Act (42 U.S.C. 602).

VA's disclosure of information for use in this computer match is listed as a routine use in this system of records.

VA, as the source agency, will prepare electronic files containing the names

and other personal identifying data of eligible veterans receiving benefits. These records are matched electronically against SPAA files consisting of data regarding monthly Medicaid, Temporary Assistance to Needy Families (TANF), general assistance, and Food Stamp beneficiaries.

1. The electronic files provided by the SPAAs will contain client names and Social Security numbers (SSNs).

2. The resulting output returned to the SPAAs will contain personal identifiers, including names, SSNs, employers, current work or home addresses, etc.
