DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of denials.

SUMMARY: The FMCSA announces that 77 individuals were denied exemptions from the Federal vision standards applicable to interstate truck drivers and the reasons for the denials. The FMCSA has statutory authority to exempt individuals from vision standards if the exemptions granted will not compromise safety. The agency has concluded that granting these exemptions does not provide a level of safety that will equal or exceed the level of safety maintained without the exemptions for these commercial drivers.

FOR FURTHER INFORMATION CONTACT:

Sandra Zywockarte, Office of Bus and Truck Standards and Operations, (MC-PSD), 202-366-2987, Department of Transportation, FMCSA, 400 Seventh Street, SW., Washington, DC 20590-0001. Office hours are from 7:45 a.m. to

4:15 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31315 and 31136(e), FMCSA may grant an exemption from the Federal vision standard for a renewable 2-year period if it finds such an exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such an exemption. (49 CFR 391.41(b)(10))

Accordingly, FMCSA evaluated 77 individual exemption requests on their merits and made a determination that these applicants do not satisfy the criteria established to demonstrate that granting an exemption is likely to achieve an equal or greater level of safety that exists without the exemption. Each applicant has, prior to this notice, received a letter of final disposition on his/her individual exemption request. Those decision letters fully outlined the basis for the denial and constitute final agency action. The list published today summarizes the agency's recent denials as required under 49 U.S.C. 31315(b)(4) by periodically publishing names and reason for denials.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with part 211 of title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Cass Scenic Railroad

[Docket Number FRA-2003-15851]

The Cass Scenic Railroad (Cass) seeks a waiver of compliance from the Inspection and Maintenance Standards for Steam Locomotives, 49 CFR part 230, published November 17, 1999. As stated in section 230.3(c)(1) Petition Process, Petitions for Special Consideration were to have been filed by January 18, 2001. It was to have been accompanied by all relevant documentation for support, including a FRA Form No. 4 that was calculated in accordance with § 230.17 One thousand four hundred seventy-two service day inspection, and all records that demonstrate the number of days the locomotive has been in service.

Cass seeks this waiver for one locomotive, number (Western Maryland) 6, which had the flue tubes replaced in accordance with the requirements of 49 CFR 230.17 and was returned to service in October 1996. At that time, Cass was eligible to file a Petition for Special Consideration because their locomotive was placed into service after the September 25, 1995 cutoff date. However, Cass was not able to verify the FRA Form 4 and supporting calculations until September 18, 2001, thus missing the required January 18, 2001 filing date. The locomotive was removed from service having only used 930 service days and has remained out

of service. Therefore, Cass seeks a waiver from the January 18, 2001 filing date for their Petition for Special Consideration.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (*e.g.*, Waiver Petition Docket Number FRA-2003-15851) and must be submitted to the Docket Clerk, DOT Central Docket Management Facility, Room PL-401, Washington, DC 20590-0001. Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.-5 p.m.) at DOT Central Docket Management Facility, Room PL-401 (Plaza Level), 400 Seventh Street, SW., Washington.
