NYNEX Waiver of Access Charges

AGENCY: Federal Communications Commission.

ACTION: Notice; termination of proceeding.

SUMMARY: This document provides notice of the termination of a proceeding seeking reconsideration of a 1995 Commission order granting NYNEX a waiver of certain parts of the access charge rules. NYNEX (now Verizon) no longer charges the specific access charges at issue in this proceeding, therefore the substantive issues in this proceeding are moot.

DATES: This proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination prior to that date.

ADDRESSES: Oppositions to the proceeding termination should be mailed to the Commission's Secretary through the Commission's contractor, Natek, Inc., at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

FOR FURTHER INFORMATION CONTACT: Jennifer McKee, Wireline Competition Bureau, Pricing Policy Division, (202) 418-1530.

SUPPLEMENTARY INFORMATION: On May 4, 1995, the Commission released an order in the above-referenced proceeding granting NYNEX a waiver to deaverage the transport interconnection charge (TIC) and recover the carrier common line (CCL) charge on a per-line, rather

than a per-minute, basis. AT&T and Teleport filed petitions for reconsideration of this order on June 5, 1995. On October 16, 2003, AT&T filed a request to withdraw both its reconsideration petition and that of Teleport, which is now owned by AT&T. Based on its request to withdraw, AT&T's reconsideration petitions are dismissed without prejudice. 47 CFR 1.748. It appears that there are no pending petitions for reconsideration or applications for review in this proceeding. At this time, Verizon (formerly NYNEX) no longer charges the TIC or the CCL charge at issue in the proceeding, thus the substantive issues in this proceeding are moot. Therefore, the proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination before that date.

Parties filing oppositions to the termination of this proceeding must file an original and four copies of each filing. The filings should reference the DA number of this Public Notice, DA 03-3391. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). Tariff Notice Requirements for Non-Dominant Carriers

AGENCY: Federal Communications Commission.

ACTION: Notice; termination of proceeding.

SUMMARY: This document provides notice of the termination of a proceeding seeking review of a 1993 Common Carrier Bureau order denying petitions to reject non-dominant carrier tariff filings on one-day's notice. The Commission's decision permissively to detariff the telecommunications services of competitive local exchange carriers moots the issues in the proceeding.

DATES: This proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination prior to that date.

ADDRESSES: Oppositions to the proceeding termination should be mailed to the Commission's Secretary through the Commission's contractor, Natek, Inc., at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

FOR FURTHER INFORMATION CONTACT: Jennifer McKee, Wireline Competition Bureau, Pricing Policy Division, (202) 418-1530.

SUPPLEMENTARY INFORMATION: On October 7, 2003, SBC filed a request to withdraw an application for review filed by its predecessor, Southwestern Bell, of the Common Carrier Bureau's (now the Wireline Competition Bureau) order denying petitions to reject non-dominant carriers' tariff filings made on one-day's notice. Based on its request to withdraw, SBC's application for review is dismissed without prejudice. 47 CFR 1.748. Verizon previously withdrew its application for review of this order, therefore it appears that there are no pending applications for review or petitions for reconsideration of the Bureau's order. The Commission's subsequent decision permissively to detariff the telecommunications services of competitive local exchange carriers moots the issues in this proceeding. Therefore, the proceeding will be terminated effective December 5, 2003,

unless the Wireline Competition Bureau receives an opposition to the termination before that date.

Parties filing oppositions to the termination of this proceeding must file an original and four copies of each filing. The filings should reference the DA number of this Public Notice, DA 03-3390. Definition of Payphone Customer

AGENCY: Federal Communications Commission.

ACTION: Notice; termination of proceeding.

SUMMARY: This document provides notice of the termination of the petition

for reconsideration and joint motion to dismiss a 1993 Common Carrier Bureau order regarding the classification of payphone providers as customers pursuant to AT&T's F.C.C. Tariff No. 1. A settlement agreement between the parties and the passage of time have mooted the issues in the proceeding.

DATES: This proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination prior to that date.

ADDRESSES: Oppositions to the proceeding termination should be mailed to the Commission's Secretary through the Commission's contractor, Natek, Inc., at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002.

FOR FURTHER INFORMATION CONTACT: Jennifer McKee, Wireline Competition Bureau, Pricing Policy Division, (202) 418-1530.

SUPPLEMENTARY INFORMATION: On November 15, 1993, the Common Carrier Bureau (now the Wireline Competition Bureau) released an order in the above-referenced proceeding determining that the payphone petitioners Atlantic Telco and Tel & Tel Payphones were not customers for purposes of AT&T's Tariff No. 1. On December 15, 1993, AT&T filed a petition for reconsideration of this order. Subsequently, AT&T and the payphone petitioners entered into a settlement of the dispute underlying the petitioners' request for declaratory ruling, and on April 14, 1994, the parties filed a joint motion to vacate the Bureau's order. In the joint motion, the parties assert that their settlement agreement precludes reconsideration of the Bureau's order and ask the Commission to dismiss the proceeding. We construe the joint motion as a request to withdraw AT&T's petition for reconsideration, and therefore AT&T's petition for reconsideration is dismissed without prejudice. 47 CFR 1.748. The parties' settlement agreement and the passage of time have mooted the remaining issue in this proceeding, the parties' motion to vacate the Bureau's order. Therefore, this proceeding will be terminated effective December 5, 2003, unless the Wireline Competition Bureau receives an opposition to the termination before that date.

Parties filing oppositions to the termination of this proceeding must file an original and four copies of each filing. The filings should reference the DA number of this Public Notice, DA 03-3389. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or
